Late Work

Assignments for the course must be submitted or posted by the established due dates. The discussion board will be locked and the class has moved on. The policy for late submission of individual assignments to the drop box is outlined further in the syllabus. Keep in mind that late postings and late submission of assignments inconveniences yourself and others. I understand emergencies arise. Communicating with me is key!

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of

communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

My expectation is that you will be present for class on the first day. Attendance is verified when you check into D2L assignments at least twice a week. Excessive absences (not signing into D2L, noncompliance with assignments, and lack of participation on the discussion board) are indicators of non-compliance with the course and may lead to an administrative drop from the course.

An instructor who has an attendance policy must keep records on a daily basis. The instructor must give the student a verbal or written warning prior to being dropped from the class. Instructor's records will stand as evidence of absences. A student with excessive absences may be dropped from a course by the instructor. Any individual faculty member or college has the authority to establish an attendance policy, providing the policy is in accordance with the General University Policies.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. *Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.* Computers are available on campus in various areas of the buildings as well as the Academic Success Center. Your computer being down is not an excuse for missing a deadline!! There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Drop box Submission for Assignments

Your individual drop box is connected to your individual gradebook. Your gradebook is activated when there is an assignment in the drop box for me to grade or view. Your work must be submitted to the drop box and NOT in an email to me. If there is nothing in the drop box there is nothing for me to grade. Although this is your individual drop box your name should be on all work that you author and submit to your drop box. When I print your work and no name is on the document it causes confusion, delays, and problems.

Assignments are due to the drop box before the indicated deadline. Sorry, assignments submitted one minute after the assignment deadline are time-clocked as late and points are deducted.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the [Schedule of Classes](#) each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes has prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses. Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. Personal Theory of Leadership Project

Leadership is a critical concept in various fields, including business, politics, education, and social organizations. Understanding the different theories of leadership can provide insights into the qualities, behaviors, and approaches that effective leaders exhibit. In this assignment, you will delve into various theories of leadership and analyze their implications for real-world leadership practices.

Each part should be at least 500 words and in APA format, with appropriate

citations when referencing sourced material. Use specific evidence or references to course materials to support your reflections. A template is provided for your reference and to assist with formatting.

Part 1: Theoretical Overview

- Research and provide a concise overview of at least three prominent theories of leadership. These could include Trait Theory, Behavioral Theory, Transformational Leadership, Situational Leadership, Servant Leadership, or any other relevant theories.
- For each theory, explain its key principles, underlying assumptions, and the type of leadership style it emphasizes.

Part 2: Comparative Analysis

- Choose two theories of leadership from your overview and compare and contrast them. Analyze their strengths and weaknesses and discuss the situations in which each theory might be most effective.
- Provide real-life examples or case studies to illustrate how leaders have applied these theories to achieve their goals. Highlight any challenges they faced and how their leadership style contributed to addressing those challenges.

Part 3: Application and Reflection

- Imagine you are a leader in a real or hypothetical organization. Based on your understanding of the theories, discuss which leadership theory aligns most with your personal leadership style and explain why.

Part 4: Contemporary Leadership Challenges

- Identify two current or emerging challenges that leaders face in today's rapidly changing world. These challenges could include issues related to remote work, diversity and inclusion, ethical decision-making, or navigating technological disruptions.
- Apply the principles of one or more leadership theories to propose strategies for addressing each challenge. Discuss how these theories can help leaders adapt and respond effectively.

Part 5: Recommendations for Change

- Synthesize the document and put it together with parts I-IV
- Write an introduction and conclusion.
