Course Description

This course will introduce students to the American political system with a brief survey of the political dynamics of the state of Texas. By the conclusion of this course, students will have a basic understanding of the key structural features of American politics—such as Congress, the presidency, the federal courts, civil liberties and rights, foreign policy, and public policy—and Texas politics—such as Texas legislature, the governor and the executive branch, Texas courts, public finance and public policy. To do that, we will look at historical evolution of the American political system and see how Texas state politics have developed in conjunction with the federal government. This course also provides students with opportunities to practice various analytical skills in a range of real-world cases. Classes will include lecture, debates, and presentations, which will help students stay up to date on current issues.

Course Objectives

By the completion of this course, students are expected to have achieved the following learning outcomes. They will be able to:

- identify the key structural features of the federal government including the legislative branch, the executive branch, and the Judicial branch.
- identify the key structural features of the three main branches of government in Texas
- explain the origins and evolution of the civil liberties in the Bill of Rights as they apply to the federal government and the states.
- describe how different groups have fought for and won protection of their civil rights.
- explain the important roles and structure of county government in Texas.
- Describe the key steps and concepts in the policy-making process and the major issues that have shaped major policies in Texas.

NOTE: The syllabus provides a general plan for the course, and changes may be necessary throughout the semester. Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor. Any changes made to this syllabus will be announced in class and posted on D2L.

Course Requirements

Completing ALL the readings and regular attendance (online) will be required of all students. Active participation in discussions is critical for students to succeed in this course.

Midterm exam	30	Online format
Current event essays (2)	10 (5 x 2)	At least 500 words each

- 1. Exams (Midterm: 30 points / Final: 30 points):** Each exam will consist of multiple-choice questions and some short answer questions. Questions will test your understanding of the key concepts of American and Texas politics that will be covered in class. For both exams, I will utilize the Respondus Lockdown Browser and Respondus Monitor. A study guide will be provided before the exams.
- 2. Current event essays (10 points):** Students will choose 2 topical political issues over the semester and write a short analysis paper on them (at least 500 words each). The topic may be any political/social issues in which you are interested or about which you have a strong opinion. A good paper must be critical and go beyond a summary of the issue. Originality will be important for your grade (similarity rate above 5% will be penalized). This assignment should be submitted electronically via D2L.
- 3. Movie reflections papers (10 points):** During the semester, we will watch 2 movies on American politics. You will be expected to respond to each of the movies in a short reflection paper (500 words). Again, your response must be critical and go beyond a summary or a description of those movies. Originality will be critical for your grade (similarity rate above 5% will be penalized). All papers should be submitted electronically via D2L.
- 4. Engagement with the course (20 points):** This is a fully online course; however, your attendance and participation are still vital to learning the material presented in this course. Lecture slides and assignments will be posted on D2L based on the course schedule below. Regular logins to D2L to participate online discussions will be required. I will closely monitor your participation and consider your original postings as your attendance and your replies to other postings as your class participation. In each week, the online discussion boards will become unable to write at 11:00 pm on Sunday. Unexcused absences will significantly lower your final grade.

Your final grade will be based on the quality of assignments listed above. It will be determined using the following percentage scale:

A = 100 – 90 B = 89 – 80 C = 79 – 70 D = 69 – 60 F < 60

Desire-to-Learn (D2L)

This course has been planned as a fully online course. I will use D2L for posting syllabus, course communication, course schedule, attendance, and gradebook, as well as for course materials and testing. Therefore, each student is expected to be familiar with this platform. You should regularly check D2L and the email hosted via D2L for important course information. If you experience any difficulties, please contact the IT technicians immediately and let me know your problems. DO NOT WAIT UNTIL THE LAST MINUTE TO TAKE EXAMS.

For your midterm and final exams, I will utilize the Respondus Lockdown Browser and Respondus Monitor. In order to install these programs, you will need the following:

- **A desktop computer or laptop** other than a Chromebook. Chromebooks are NOT compatible with the Respondus Lockdown Browser and Monitor. Mobile phones and similar devices are not compatible with the required programs.
- **A working webcam on the computing device** used for the exam.
- **Microsoft Office or a compatible program** for written assignments. Access to Microsoft Office 365 is available through the Office 365 for Students on the Microsoft website.
