Grading/Assessment

****ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

Online Discussion Posts and Comments: (16 points) Students are required to answer questions or complete assignments regularly related to the weekly reading. Every week students will be required to answer

questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person's thread. **You will be required to post at least three academic paragraphs made up of 5 sentences each in each week's discussion board post (at least 200 words). You are also required to reply to at least one other student's discussion board post (at least 150 words).**

It is expected that you reflect on your peer's discussion post and that you make a thoughtful response that responds to the post they have written.

***You should not be copying and pasting each week's post, and doing so will result in a grade of ZERO. Each original post should include at least three academic paragraphs. An academic paragraph consists of a paragraph with at least five sentences in it. *The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week. Follow directions to get full points each week. Late work will not be accepted for discussion question responses; this includes your initial discussion question posts and your responses to classmates.**

Midterm Exam (20 points): Students will complete their mid-term exam covering Chapters 1 through 6 on D2L Brightspace. Students may attempt the exam twice with their highest grade being kept. Students will have 120 minutes to take the exam. Students will only be able to access the exam while it is open. There is NO late work for exams. Exams feature multiple choice, and true/false questions.

Final Exam (20 points): Students will complete their final exam covering Chapters 7 through 12 on D2L Brightspace. Students may attempt the exam twice with their highest grade being kept. Students will have 120 minutes to take the exam. Students will only be able to access the exam while it is open. **There is NO late work for exams. Exams feature multiple choice, and true/false questions.**

Adolescent Recovery Toolkit (22 points): Students will design a practical recovery toolkit for adolescents overcoming substance use challenges. The purpose is to combine creativity with practical application and to highlight the importance of accessible resources. Students will research recovery tools, strategies, and resources for teens. They will create a physical or digital toolkit that includes coping skills worksheets, a list of support groups and hotlines, mindfulness or relaxation activities, and inspirational quotes or stories of hope. Students will deliver their toolkit presentation through a

combination of audio and video. Students can submit their assignment through D2L and/or share it through google drive with

Professional Consultation and Supervision Simulation (22 points): In small groups, students will create a podcast episode discussing key topics in adolescent substance abuse. The purpose is to encourage collaboration, creativity, and communication skills while exploring the subject in depth. They will choose a specific topic, such as peer pressure, family dynamics, media influence, or recovery stories. Students will research evidence-based information and interview a licensed mental health professional with adolescent substance abuse experience (LCDC, LPC, LCSW, etc.). Students will record a 10-to-15-minute podcast and submit a written summary of key points and resources mentioned in the podcast. Students will submit their podcast, written summary, and peer evaluations through D2L and/or share it through google drive with Daniel.Gonzalez@msutexas.edu.
