Online Assignments and Comments: (135 pts.)

Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person's thread. ***The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week, aside from the last week.** Follow directions to get full points each week. Theoretical Orientation Baseline Questions (100 pts) (links in the content tab)

Students will answer the baseline questions (link below) to identify and organize their thoughts about human functioning. This will help students become more aware of their beliefs regarding different questions that counseling theories aim to answer. Students will then complete a theoretical orientation assessment (link below). After completing the assessment, students will write a reflection (no longer than five pages, APA format, abstract not required) about the exercises (answering questions and completing the assessment) and what they experienced while or learned from completing them.

Some prompts to guide your thoughts in preparation for writing your reflection:

1. Do the assessment results seem to align with what you wrote as answers to the baseline questions?
2. What parts of your baseline question answers seem to align/agree with the assessment results (the theory or theories with which you matched)?
3. What do students think about the results of the assessment? Does your personality/way of thinking seem to align with the theory or theories with which you matched?
4. What baseline questions and assessment prompts were easy and/or difficult to answer?

Submit your reflection to Tk20 and D2L. **3.A.5, 3.A.11, 3.B.2, *3.E.1, 3.E.8, 3.E.21 (Appendix B)**

Theoretical Orientation Paper: (100 pts.)

The purpose of this assignment is for students to demonstrate greater understanding and extended research into one theory with which they most identify. Additionally, students will expand upon personal experiences and/or beliefs that influence their affinity for the theory.

In the first part of the paper, provide a general overview of the theory and highlight important concepts that are unique or foundational to the theory. Your goal here is to review distinguishing concepts; you do not have to present everything about the theory. Also, review what is considered healthy functioning and unhealthy functioning. Students will address how spiritual beliefs on the client's and counselor's worldviews may impact the counseling theory. Finally, discuss the personality change process...how does the counseling process work to help individuals move from unhealthy functioning to healthy functioning according to this theory?

In the second part of the paper, you will reflect upon your personal experiences and beliefs that inform/influence your affinity for this theory. When you look back on the "movie" of your life up to this point, what specific experiences in your life demonstrate major concepts of this theory. You may choose to write about specific concepts, personality structure/function (how the psyche is conceptualized), and/or role of the environment (familial and/or extrafamilial factors). Please include a particular experience in your life that showcases how the personality change process was or could have been used. Your job is to clearly connect the concepts of the theory using the terminology/language of the theory to your specific life experience(s).

This paper must be written in APA format. The paper should be no more than 7-10 pages (excluding title page and references). I do not require an abstract. There should be a minimum of 3 references that are from the founding theorists or individuals who have written prolifically about the theory. (See Appendix C) **3.A.5, *3.A.11, 3.B.2, *3.E.1, 3.E.3, 3.E.6, 3.E.8, 3.E.21, 3.H.2, 5.C.1, 5.C.5** Please turn in the assignment to the Tk20 link and D2L

Final Video Reflection Assignment: Wrapping Up the Semester (25 pts): (See Appendix D). KPI *3.A.11, 3.B.11, 3.C.4, *3.E.1, *3.E.15, 5.C.5

This is your space to reflect, celebrate growth, and share what's still on your mind as we close out the course. Think of it as a casual, professional check-in—no fancy editing required! The video should be 15-20 minutes long. Each student will write a one-page summary of the information covered in the video to be turned into Tk20.

Prompt: What to Cover in Your Video (video should be an MP4)

- **Most Valuable Learning:** What topic, theory, or activity made the biggest impact on you and why?
- **A brief overview:** An overview of your theory, theorist, tenets, and techniques including spiritual and multicultural considerations
- **Personal Growth:** How has your thinking evolved about people, change, or yourself as a counselor?
- **Lingering Questions:** What do you still wonder or want to explore more as you continue your training?
- **Looking Ahead:** How do you plan to carry this learning forward (in clinical courses, future classes, or personal development)?

Tips for Success

Be authentic! Speak as if you're talking to a peer or supervisor.

You can use notes, but don't read a script word-for-word.

Make sure your video is well-lit, and your audio is clear.

Submit the video to D2L and the one-page overview to Tk20

Final Exam (40 pts.):

***Before you begin, please feel free to take 10-30 minutes utilizing mindfulness techniques to create a positive and safe space to take your exam. (See examples on Appendix E.)**

Students will take a 20-question exam worth 40 points (40%) of their grade. Students may take the exam twice; the highest grade will be kept (See Appendix E). 3.C.4, *3.E.1, 3.E.3, *3.E.15, 3.H.2

Late Work

All papers and assignments must be turned in on the day they are due. ***No exceptions.** If you have an emergency, please let me know as soon as possible. Any late papers will be lowered ***10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth many points, and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly.
