

## Course Syllabus

ENSC 1114: Foundations of Environmental Science  
Kimbell School of Geoscience  
McCoy College of Science, Mathematics, & Engineering  
Fall 2022 Section 101, MWF 2-2:50, Room BO-127

### Instructor Contact Information

Instructor: Dr. Kashif Mahmud  
Office: 307H Bolin Hall  
Office hours: MWF 2:50-4:30PM  
Office phone: (940) 397-4475  
E-mail: [Kashif.mahmud@msutexas.edu](mailto:Kashif.mahmud@msutexas.edu)

This syllabus may change during the semester due to changes in course structure. Check D2L often for updates!

### Textbook & Instructional Materials

Contemporary Environmental Issues, Michael C. Slattery. Kendall-Hunt, 6<sup>th</sup> Ed.

### Office Hours:

I can meet with students 1-on-1 at my (and the student's) discretion. For 1-to-1 meetings, we can adhere to the original office hours given above or schedule a meeting time via email. If you do not wish to meet in person. You are welcome to call my office during my office hour times. We can also use Zoom to set up virtual meetings.

### Communication:

**Email** – I will use your **D2L** email account to communicate with you. It is your responsibility to check your D2L email. When you email me you need to make sure that you are very clear in describing the question/issue. Always start by stating your name and what class you are in. Use formal language and give it a proofread. If I can't understand your writing, I can't respond in a meaningful way. Vague emails will not receive a response.

**D2L** – I recommend that you download the '**Brightspace Pulse**' app on your phones so that you can be alerted anytime I post anything on D2L. If you do not download this app, you can just log into D2L often to see any news updates and new material. I will alert you about new lecture material, assignments, quizzes, and tests via D2L news items.

### Course Objectives

To learn about the natural and human components of environmental science; to understand that scientific observations make possible the protection and management of Earth's environment. Students will be able to

- Explain environmental change in terms of continuous natural processes as well as growing human impacts

- Observe and report on the environment scientifically, using established methods and protocols to ensure accuracy
- Relate changes in environmental variables in one part of the Earth System to impacts on other systems
- Recognize real, discrete environmental issues and identify sustainable solutions
- Reflect on how your analysis of, assumptions about, and perspectives on environmental issues have changed over the period of this course, and how the activities in this course have facilitated this change

**Lecture Attendance:** Attendance is required; be on time and do not leave early. **Students with 4 or more unexcused absences may be dropped from the course.**

**Lecture Material (In-person & D2L):** Lectures will be delivered in-person during the lecture time (MWF 2-2:50PM). I will also upload the lecture slides to D2L.

**Lecture Exams and Quizzes (D2L):** Exams will be administered via D2L during the lecture time. These exams will be proctored electronically through browser monitoring.

**Labs (In-person & D2L):** Lab will meet in-person. Depending on the class size for each lab period, the lab class may be split so that half the class will meet for the 1<sup>st</sup> hour of lab and the other half will meet for the 2<sup>nd</sup> hour of lab. Given this shortened lab time, it is **very important** that you study the lab document before lab each week. You will be assigned online quizzes via D2L that will be due prior to each lab to test your knowledge of the lab material.

### **Course Assessment and Grading**

- **Three** exams will be given this semester. Each exam will cover only the new material presented since the previous exam. The 1<sup>st</sup> and 2<sup>nd</sup> exams will be given during a lecture period and will be comprised of multiple choice and true/false questions that may include interpretation of diagrams and graphs. A 3<sup>rd</sup> exam will be given during last week. This exam will be comprised of multiple choice, true/false, and essay questions. **(10% each; 30% total)**
- **Two** individual writing projects will comprise **(20% + 10% = 30% total)**
  1. A Journal based on newsletters, blogs, and online readings about the environment, and self-assessment of your new perspectives. **Total 5 news journal entries required, and one final self-assessment (20%). Late submissions will not be accepted.**
  2. Another individual writing project providing commentary on a scientific article from 'The Conversation' **(10%)**. You must have an article selected by **10/12**. This can be turned in at any time with a deadline of **11/16**. **Late submissions will not be accepted.**

- Group assignment will include an activity that will be presented in class (PowerPoint presentation). The presentation will cover an environmental “event” and its impact on the environment, such as impacts on human, animal, agricultural, economic, and other systems (**PowerPoint presentation, 15%**). *If you miss the day that your group does the presentation, you will do one on your own and present it during my office hours.*
- The laboratory grade will be based on quizzes, lab documents, a lab midterm test, and a lab final test. (**25%**). You will be responsible for keeping track of your lab grades.

Table 1. Overall percentage value for course exams and assignments

<b>Assignments</b>	<b>Percent</b>
Exam 1	10
Exam 2	10
News Journal Assignment	20
Conversation Writing Assignment	10
Project presentation	15
Exam 3	10
Laboratory	25
Total	100

### Grading Standards

This class uses the following numerical equivalents for grades:

A = 100-90% | B = 89-80% | C = 79-70% | D = 69-60% | F = 59-0%.

### Extra Credit:

There will be no extra credit offered for this course. If you are struggling, try harder. If you are still struggling, come see me.

### Late Work and Excused Absences:

Make-up exams will only be given for university-excused absences. **In order to take a make-up exam, notification of a university-excused absence must be provided before or within one class period of the scheduled exam.**

If you are feeling ill for any reason, please refrain from attending lecture or lab in-person. You must inform your professor and TA as soon as you feel ill (and decide not to attend) before the class you miss. Please make use of the campus health center or your own physician. A doctor’s note will be required for excused absences.

All students should refer to the MSU Student Handbook for university policies related to student responsibilities, rights, and activities.

## **Desire-to-Learn (D2L)**

**Extensive use of the MSU D2L program is a part of this course.** Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

## **Student Handbook**

Refer to: [Student Handbook](#)

### Academic Misconduct Policy & Procedures:

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct. Cheating, collusion, and plagiarism on course assignments will result, at a minimum, in a grade of '0' for that assignment. Depending on the magnitude of the offense, a course grade of 'F' or withdrawal from the course may be imposed.

### Change of Schedule:

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.

### Important Dates:

Last day for term schedule changes: 08/25

Deadline to file for graduation: 10/03

Last Day to drop with a grade of "W:" 10/24

Refer to: [Drops, Withdrawals & Void](#)

### Refund and Repayment Policy:

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exists in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

### Services for Students With Disabilities:

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors

to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

College Policies:

Campus Carry Rules/Policies

Refer to: [Campus Carry Rules and Policies](#)

Smoking/Tobacco Policy:

College policy strictly prohibits the use of tobacco products in any building owned or operated by WATC. Adult students may smoke only in the outside designated-smoking areas at each location.

Alcohol and Drug Policy:

To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.

Grade Appeal Process:

Update as needed. Students who wish to appeal a grade should consult the Midwestern State University [Undergraduate Catalog](#)

## ENSC 1114 Lecture Schedule

Week	Dates	Lecture Topics (general)/Assignments/Projects/Exams	Text Chapter(s)
1	<u>8/22</u> , <u>8/24</u> , <u>8/26</u>	Course Introduction; Physical Sciences of the Environment: Chemistry & Physics Primer	N/A
2	<u>8/29</u> , <u>8/31</u> , <u>9/02</u>	Geoscience; Atmospheric Science	N/A
3	<u>9/05</u> , <u>9/07</u> , <u>9/09</u>	<b>No Class 9/05 – Labor Day</b> Ecology	N/A
4	<u>9/12</u> , <u>9/14</u> , <u>9/16</u>	<b>Exam 1 – TBD</b> Environmental Ethics and Sustainability	N/A 1
5	<u>9/19</u> , <u>9/21</u> , <u>9/23</u>	Human Population <b>Turn in first 2 news journals by 9/21</b>	2, 11
6	<u>9/26</u> , <u>9/28</u> , <u>9/30</u>	Energy Consumption – Electricity and Transportation	3
7	<u>10/03</u> , <u>10/05</u> , <u>10/07</u>	Energy Consumption – Electricity and Transportation	3
8	<u>10/10</u> , <u>10/12</u> , <u>10/14</u>	Air Pollution and Atmospheric Deposition <b>Conversation Writing Assignment - Article selected by 10/12</b>	4, 5
9	<u>10/17</u> , <u>10/19</u> , <u>10/21</u>	<b>Exam 2 – TBD</b> Climate Change	6
