A collegial, scholarly, and mature approach to topics, assignments, and class discussions is expected. Assignments are submitted timely and at the quality and quantity expected of a graduating senior. Your work should always be proofed, critically reflective, insightful, and thoughtful when you post to class discussions and submit your assignments to the D2L dropbox. In this course, you will be expected to critically think, effectively communicate, integrate, and apply previous learning experiences to your professional, academic, and personal goals.

The objective of the course should permeate throughout the semester and be consistently demonstrated in all work submitted.

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work, not the individual to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct. [Student Handbook.](#)

Campus Safety

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [Safety/Emergency Procedures.](#) Students are encouraged to watch the video entitled "Run. Hide. Fight." which may be electronically accessed via the University police department's webpage: ["Run. Hide. Fight."](#)

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes has prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses. For more information, visit [Campus Carry.](#)

Late Work

As a senior graduating from this university, I have an expectation you have organized your schedules to accommodate the work that needs to be accomplished in your classes. Assignments must be submitted, posted, or completed by the established due dates and times.

In rare instances late work will be accepted. I understand emergencies arise. Communicating with me is key! In those rare instances where late work is accepted, an automatic 20% deduction on the assignment will occur.

Attendance

Successful completion of this class is a graduation requirement. My expectation is that you will be present for class on the first day. Attendance is verified when you check into D2L assignments at least twice a week. Excessive absences (not signing into D2L, noncompliance with assignments, and lack of participation on the discussion board) are indicators of non-compliance with the course and may lead to an administrative drop from the course.

Online Computer Requirements

Taking an online class requires a computer with internet access to complete and upload assignments. It is your responsibility to have access to a working computer for this class. *Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for me to allow extra time to submit assignments, tests, or discussion postings.* **Your computer being down is not an excuse for missing a deadline!!** There are many places to access your class! Our online classes can be accessed from any computer in the world connected to the internet. Contact me immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. For help, log into D2L and be sure to submit a problems report.

Syllabus Disclaimer

Changes in the course syllabus, assignments, and due dates may be made periodically. What is posted in the syllabus is for your immediate information. Changes, corrections, updates to the assignments, due dates, and grading points will be posted in D2L in the respective assignment area, posted in the "NEWS" area of your D2L course homepage, and emailed to you through D2L. Please check often! I will make every effort to inform you of changes or inconsistencies between what is in the syllabus and what may be posted at D2L. Assignment instructions in D2L take precedence over the syllabus. Use D2L instructions as your guide to completing your assignments. You **MUST** remain connected to your D2L course! This is where I will make immediate and primary changes.

Please make sure that you capture the dates for the assignments. I have provided ample time to complete assignments and in between assignment due dates. Please keep up with your assignment dates and submit your work on time! I rarely accept excuses for late and non-submitted assignments.

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168 (940) 397- 4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

Drop box Submission for Assignments

Your individual drop box is connected to your individual gradebook. Your gradebook is activated when there is an assignment in the drop box for me to grade or view. Your work must be submitted to the drop box and NOT in an email to me. If there is nothing in the drop box there is nothing for me to grade. Although this is your individual drop box your name should be on all work that you author and submit to your drop box.

Class Discussion

The purpose of our class discussions is to establish a sense of community, view diverse perspectives relevant to the discussion topic, and remain organized and focused with the weekly course material. Although discussion topics will be available for viewing throughout the semester you are only able to post to the discussion thread during the week the thread is open. The requirement for discussion posting is a main post and two response posts. **Please consider others as you submit your main posting. It is appreciated if you submit the main posting a day or two before the deadline. This allows others the chance to read, review, and respond in a timely manner enabling all work to be completed on time.**

Grading is based upon assignments being completed on time, meeting the minimum word count, degree to which they meet the requirements of the assignment, and the quality of the content. Review the Discussion Rubric for more details.

A minimum posting level of no less than 300 words for the main discussion/post is required. Both response posts must be no less than 100 words, each. **YES**, we do count the number of words. Posts should be of meaningful substance which reflects contemplation for, and implication of, the material in a mature, collegiate, and insightful manner. If there is supportive information to your post you may provide us an attachment for review, but do not post your original post or response as an attachment.
