Education and Professional Experience

Education

Doctor of Health Sciences Major: Fundamentals of Education	2023	A.T. Still University
Master of Science in Radiologic Sciences Major: Radiologist Assistant	2008	Midwestern State University
Post-Baccalaureate Certificate Major: Radiologist Assistant	2006	Midwestern State University
Bachelor of Science in Radiologic Sciences Major: Radiologic Sciences	2006	Midwestern State University
Associate of Applied Sciences Major: Radiography	1998	Midland College

Professional Certifications

Certifications

American Registry of Radiologic Technologists (Number 326139)	
Computed Tomography	2018-Present
Registered Radiologist Assistant	2006- Present
Cardiovascular Interventional Radiology	2002- Present
Radiography	1998-Present

Licenses

Texas Medical Board- Medical Radiologist Assistant (Number MRA02000002)

Professional Experience

Midwestern State University, Wichita Falls, TX	
Associate Professor	2016- present
Assistant Professor (tenured 2014)	2009-2016
Adjunct Faculty	2009
Texas Health Resources Presbyterian Dallas, Dallas, TX	
Interventional Radiologic Technologist	2006-2011
Coding Specialist	2006-2009
CT Technologist	2006-2009
Midland Memorial Hospital, Midland, TX	
Interventional Radiologic Technologist	2002-2006
Cardiac Cath Lab Technologist	2002-2004

Radiologic Technologist	1998-2002
Medical Center Hospital, Odessa, TX	
Radiologic Technologist PRN	2003-2004

Refresher Modules

Commissioned by the American Society of Radiologic Technologists to develop Radiologist Assistant refresher modules for Continuing Qualification Requirements (CQR) on the American Registry of Radiologic Technologists website.

Twenty-five modules were completed including:

Modified Barium Swallow	Liver Biopsy	diaphragmatic
Esophagus	Thyroid Biopsy	Motion
Upper GI	Arthrogram	Thoracentesis
Small Bowel Follow-through	Lumbar puncture for diagnostic evaluation	Retrograde urethrogram
Enteroclysis	Lumbar puncture with contrast	Cystogram/ VCUG
NG/NJ tube placement	Myelogram	Antegrade urography
Contrast Enema	Paracentesis	Loopography
T-tube cholangiogram	Fluoroscopy for	Tube exchange
Defecography		Hysterosalpingogram
		Sentinel Node Injection

Accreditation

American Registry of Radiologic Technologists Radiologist Assistant Educational Program Recognition (2024). This project aimed to be recognized and/or have recognition extended by ARRT. Radiologist assistant (RA) programs must meet recognition criteria that include accreditation, clinical education, and preceptorship requirements. Initial recognition may be granted for up to three years, and renewal is granted for up to five years. I was primarily responsible for the Midwestern State University's reaffirmation application for the program. The ARRT Board evaluated the RA program and voted to award recognition for five years, the maximum duration that may be granted.

American Registry of Radiologic Technologists Radiologist Assistant Educational Program Recognition (2018). This project aimed to be recognized and/or have recognition extended by ARRT. Radiologist assistant (RA) programs must meet recognition criteria that include accreditation, clinical education, and preceptorship requirements. I was primarily responsible for the Midwestern State University's reaffirmation application for the program. The ARRT Board evaluated the RA program and voted to award recognition for five years, the maximum duration that may be granted.

Past Projects

Radiologist Assistant Peer-Review Practices and Perceptions Study. This study aimed to understand the current peer-review processes for Radiologist Assistants and gather their perceptions of peer review and those processes. As principal investigator, I developed the proposal, survey instruments, and study information for IRB approval. Once approved, the American Registry of Radiologic Technologists sent the survey link to participants. The manuscript was submitted to Radiologic Technology and has been published in November/December 2024.

Radiologist Assistant Compensation and Practice Study. This project gathered data on the radiologist assistant's salary and practice environment. It was performed with the Society of Radiology Physician Extenders (SRPE). As principal investigator, I developed the 2018 and 2023 survey instruments, gathered data, analyzed the data and wrote the executive summary of findings. The SRPE published the findings in July 2023.

Radiologist Assistant Quality Measures Project. This project aimed to establish a data collection tool for radiologist assistants (RAs) to document selected quality measures in the clinical environment. The first step in the project was to assess the practice of RAs. The American Society of Radiologic Technologists and I formulated a survey, distributed in May 2015, to assess the practice of RAs and their willingness to participate in quality measures reporting. From the survey results, the top five quality measures that RAs stated were important will be used to begin a database of RA measurement reporting.

Patient Satisfaction with Radiologist Assistants Project. While patients' satisfaction with other mid-level providers have been thoroughly examined, patient satisfaction with the RA has yet to be explored. This study was conducted to determine the level of satisfaction with the care provided by RAs in the United States and to see how the RA compared to other mid-level providers. I developed survey instruments distributed by RAs nationwide, who distributed them to their patients. The results showed RAs were comparable to other mid-level providers. The manuscript was accepted for publication in Radiologic Technology in 2014.

Supervision of Research/ Creative Endeavor

- 2025** Mentor for a graduate student's poster presentations and competition at the Society of Radiology Physician Extenders Annual Conference, Las Vegas, Nevada (National)(Professional), resulting in one competition winner.
- 2024** Mentor for four graduate student's poster presentations and competition at the Society of Radiology Physician Extenders Annual Conference, Las Vegas, Nevada (National)(Professional) resulting in one competition winner.
- 2021** Mentor for three graduate student's research projects resulting in one for revision for publication submission.
- 2019** Mentor for three graduate student's poster presentations at the Midwestern State University Celebration of Scholarship (Local)(University).

- 2019** Mentor for three student's Poster Presentations and Competition at the Society of Radiology Physician Extenders Annual Conference, Las Vegas, Nevada (National)(Professional) resulting in one competition winner.
- 2017** Mentor for two graduate student's poster presentations at the Midwestern State University Celebration of Scholarship resulting in graduate champion and honorable mention (Local) (University)
- 2017** Mentor for two graduate student's poster presentations and competition at Society of Radiology Physician Extenders Annual Conference, Las Vegas Nevada (National)(Professional) resulting in one competition winner.
