Course Description

Drawing I focuses on a variety of subjects in both wet and dry media with emphasis on black and white visual organization and expression. This is a foundation level studio course, introducing basic approaches to drawing and a variety of media, methods, and subject matter. This course will include lectures, demonstrations, slide presentations, studio and outside of class drawing, sketching, reading, discussions, critiques, and writing, although the primary activity will be drawing from observation.

Course Objectives

Upon the successful completion of this course, students will have gained a basic understanding and appreciation from the drawing discipline and its applications. Students will have obtained an understanding of vocabulary terms applicable to drawing and the arts and the means to apply them through discussion and critique. Students will also have further developed their drawing skills and increased their knowledge and understanding of drawing through a variety of approaches, materials, and techniques.

Requirements and Expectations

Drawings and Critiques: Nearly all drawings in this course are to be completed from observation – no photographs, computers, or other two-dimensional resources may be used unless stated within project guidelines. Students are required to complete all assigned work, studio and homework, according to the guidelines laid out for each project. It is absolutely essential that students participate in all critiques and have all work complete and present for each critique.

Sketchbooks: Students are expected to maintain a sketchbook specific to this class. There will be required work to be completed within the sketchbook, but mainly, students are expected to work independently in their sketchbooks (thumbnail sketches, studies, gestures, more complete drawings, notes, planning out projects, etc.) Please do not tear pages out of your sketchbook – undesired ends and failures are necessary in all processes, and they should be preserved the same as desirable outcomes and successes.

Homework Environment: Students should create a studio environment in which to execute homework. In an ideal studio, a student should be able to work at various distances, heights, and angles from the subject; move away from the drawing to view it at a distance; control lighting; work at various sizes, and create a desired environment – loud or quiet, bright or dark, etc. It is also advisable to work at an easel or pin drawings onto the wall – make sure whatever surface you use to draw upon, it is smooth, having no texture. If a space such as this is unavailable, students are always welcome to use the drawing studios. (They should refer to the posted class schedules to know the class times they need to work around.) Working outside of class is an essential factor in successful completion of this course.

Work Ethic: Personal motivation and discipline are keys to a student's success in this course. These qualities are demonstrated to me by actions - such as preparation for each class, thoughtful inquiry, involvement in projects, discussions, and critiques, and the successful resolution of various problems and challenges presented throughout the course. Students should expect to spend at least six hours per week on homework in addition to studio/class time. Further, all work should be stored and transported in a manner that preserves it for critiques and portfolio reviews. Late work will be lower in grade.

Evaluation

Student work will be reviewed by means of formal critique evaluations and portfolio reviews. Students will be evaluated according to predetermined requirements for all drawings.

Projects = 60% of Grade (6 projects)

Weekly Class Drawings/Discussions - 20% (14 participation grades)

Quizzes = 20% (3 quizzes)

Final Grade Summary:

A = 90 – 100% B = 80 – 89 % C = 70 – 79% D = 60 – 69% F = 59 % OR LESS

Please save all work in an organized, chronological manner.

No Final Exam will be given; your final grade will be calculated from the entirety of work produced.

Late work will be counted against; one letter grade for each class period after it is due. Ex: An A grade is lowered to B after one period late, after two periods late the A is lowered to C, etc.

Please speak with the instructor about special circumstances.

Students should never miss a class critique. Apart from late grades on projects, this counts against overall participation.

Plagiarism is unacceptable and will result in a 0 for the project. No exceptions. Any student found guilty of academic dishonesty is subject to disciplinary action as per the student handbook.

Attendance, Absence, and Late Policy

Students enrolled in the Juanita and Ralph Harvey School of Visual Arts must comply with the following department-wide Attendance, Absence, and Lateness Policy:

- Students arriving 10 minutes after class begins will be considered late, and will be counted absent.
- Three late arrivals count as a single absence.
- Students may be absent from class 3 times without penalty and without providing any documentation regarding the absence.
- If a student incurs a 4th absence, his or her final course evaluation will be reduced by a full letter grade.
- If a student is absent 5 times, whatever the reason, he or she will receive a failing grade (F) for the course, dropped from class roll, and be asked to stop attending class
- Students are required to remain in class for the entire class session. Students will earn an absence if they leave before the professor has dismissed class.
- Excused absences must be brought before me prior to the absence, or if later, the student must have supporting documentation (academic, medical, or family emergency) in the case of excessive absences.

Weather Closure Policy

In case of impending weather or related cases, check MSU Alerts and msutexas.edu for updates. Note that some instances may impact a full day closure while others may delay or close for only a portion of the day. Class will take place if university is open. Use wise judgement in special cases as safety is a priority, such as driving outside city limits. Class updates will continue to be posted on D2L.

Conduct Statement

Behavior that interferes with either the instructor's ability to conduct the class or the ability of other students to benefit from the instruction will result in the instructor's removing the disruptive student(s) from the class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to and including F. In addition, and depending on the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MSU policies.

Student Honor Creed

“As an MSU Student, I pledge not to lie, cheat, steal, or help anyone else do so.”

As students at MSU, we recognize that any great society must be composed of empowered, responsible citizens. We also recognize universities play an important role in helping mold these

responsible citizens. We believe students themselves play an important part in developing responsible citizenship by maintaining a community where integrity and honorable character are the norm, not the exception.

Thus, We, the Students of Midwestern State University, resolve to uphold the honor of the University by affirming our commitment to complete academic honesty. We resolve not only to be honest but also to hold our peers accountable for complete honesty in all university matters. We consider it dishonest to ask for, give, or receive help in examinations or quizzes, to use any unauthorized material in examinations, or to present, as one's own, work or ideas which are not entirely one's own. We recognize that any instructor has the right to expect that all student work is honest, original work. We accept and acknowledge that responsibility for lying, cheating, stealing, plagiarism, and other forms of academic dishonesty fundamentally rests within each individual student.

We expect of ourselves academic integrity, personal professionalism, and ethical character. We appreciate steps taken by University officials to protect the honor of the University against any who would disgrace the MSU student body by violating the spirit of this creed.

Written and adopted by the 2002-2003 MSU Student Senate.

AI Generated Text or Imagery

All artwork and text will be constructed without the use of AI. This is to maintain academic integratory as well as respecting a strong ethical foundation regarding unique works and original authorship in the arts. That being said, conversation about this topic is encouraged for those interested as it pertains to class material and greater topics of plagiarism, ethical copies, appropriation, and sourced inspiration.
