Submitted Work

Correct spelling and use of appropriate grammatical skills are expected on each written assignment or project. Most of the assignments/projects will be typed and utilize an appropriate style (*Times New Roman, 12 point font, double spaced*). Assignments that are handwritten need to be eligible, neat and clean.

Unacceptable work will be returned, un-graded, or lead to reduction in grade. In addition, plagiarized or copied word will receive a grade of ZERO with no make-up allowed.

Extra Credit

No extra credit assignments will be given or accepted

Late Work

Work must be turned in when it is due for full credit. Late work will only be accepted in emergency situations that have been cleared with Mrs. Beth. This means only illness or family emergency.

Late work is discouraged as a rule. In the event that an assignment is submitted late, here is the grading scale for such:

10 point reduction for every day the assignment is late

This reduction does not begin at 100 points. It begins with the grade assessed for the quality of work submitted, then points removed for each day the submission is late.

Incomplete assignments are not accepted. I do not give partial credit.

An assignment is considered incomplete if it has multiple parts as expressed in the instructions and is submitted with even one part missing/incomplete. It will be returned with a zero and must be resubmitted with all components before a grade will be assessed. At that time, it is considered late and will fall under that policy as well and suffer grade reduction.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

Students are expected to attend all meetings of the classes in which they are enrolled. Although in general students are graded on intellectual effort and performance rather than attendance, absences may lower the student's grade where class attendance and class participation are deemed essential by the faculty member. In those classes where attendance is considered as part of the grade, the instructor should so inform students of the specifics in writing at the beginning of the semester in a syllabus or separate attendance policy statement. An instructor who has an attendance policy must keep records on a daily basis. The instructor must give the student a verbal or written warning prior to being dropped from the class. Instructor's records will stand as evidence of absences. A

student with excessive absences may be dropped from a course by the instructor. Any individual faculty member or college has the authority to establish an attendance policy, providing the policy is in accordance with the General University Policies.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. ***Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.*** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. **Your computer being down is not an excuse for missing a deadline!!** There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).
