Homework

Homework assignments will be given after the completion of each chapter. All questions are solvable based on the lectures. Students are required to submit the assignments before the due date. **Homework is always due at the beginning of class.**

On the homework review day, the instructor may ask each student to volunteer and explain how to solve problems on behalf of their colleagues. This is to develop the problem-solving and presentation skills as well as to practically review how much the students are understanding the materials. A bonus point will be earned accordingly.

Homework assignments will be completed through Pearson. **No late submission is accepted.**

Bonus Quizzes

Quizzes will be conducted online via Learning Catalytics (one of the modules in MyLab Economics) during the regular class time. The pop quiz questions are only set for the in-class exercise. The points earned from bonus quizzes will be simply added to the total of 1000 points. **No make-up quiz is given.**

Exams

The exams must be taken as scheduled. All exams are online and will be monitored through RESPONDUS LOCKDOWN BROWSER, which will require students to have access to a video webcam. Respondus Monitor for Pearson MyLab works with Windows and macOS. The LockDown Browser **Chromebook extension is not supported.**

There are no make-up exams in this course and students missing an exam without a valid excuse will receive an exam grade of zero for the specific exam. A valid excuse is defined as an authorized absence (see Midwestern State University Undergraduate Catalog for the definition) or such event deemed acceptable by the instructor. ***No make-up exams are given for the unexcused missed exams.***

IF ANY INSTANCE OF CHEATING IS DETECTED IN THE EXAM, ALL SUBSEQUENT EXAMS WILL BE CONDUCTED IN PERSON.

Mid-Term Exam

There are three mid-term exams. On the exam day, the students will have access to complete the exam through Pearson from 9:30 a.m. to 11:59 p.m. The students have 1 hour and 20 minutes to complete the exam at one sitting within this certain time limit. The exams can be multiple-choice, true/false, fill-in-the-blank, draw a graph, and/or solving problems. The exam dates are noted in the Tentative Course Schedule in this syllabus. However, the instructor can change the exam dates if necessary. Any changes in those dates will be announced in advance and posted prominently on D2L as well as being announced in class.

Final Exam

Final exam is a comprehensive exam, which can be multiple-choice, true/false, fill-in-the-blank, draw a graph, and/or solving problems. The students have two hours to complete the exam at one sitting within this certain time limit.

Presentation and Report

The details will be provided during the semester.

Late Work

If students miss an exam or assignment without prior approval from the instructor, ***a make-up exam or late submission of work is not allowed.*** However, for those who have missed homework submission and got a zero grade, I may give you a grace period at the end of the semester, but only 50% of the points will be counted. This will be announced accordingly right before the final exam. ***Please do not email the instructor about this make-up work before then.*** Most importantly, this opportunity will be given solely based on your instructor's decision. If the instructor thinks this grace period is not a well-deserved opportunity for this class, the opportunity will not be given.

Attendance

Students are expected to attend all meetings of the classes given the university attendance policy. Attendance for distance learners will be checked using Zoom and D2L login records on the class day.

This class allows students for up to two unexcused absences. In these cases, you do not have to notify the instructor about your absences.

For an excused absence, the document justifying the absence must be submitted to the instructor beforehand or within one week of the absence. Instructor's records will stand as evidence of absences. A student with excessive absences may be dropped from a course by the instructor.

As a matter of courtesy, do not leave lecture early without prior approval.

Use of cell phones, laptops, iPad, or other electronic devices is also not allowed in this class. ***I may consider your tendency of class participation in favor of a better grade if you only miss a higher score by a narrow margin.*** If you have any concerns or excuses during the semester, please let your instructor know.

Online Computer Requirements

****Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.*** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. ****Your computer being down is not an excuse for missing a deadline!!*** There are many places to access your class. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services.
