Syllabus Changes or Updates

This syllabus is subject to change based on a variety of factors that may impact the hybrid course design.

Projects Required

There will be a weekly online discussion based on assigned readings. Additionally, there are inventories, a leader interview, a dialectic leadership journal, a final personal career plan assignment, and a Professional Growth Plan project that is divided into various parts. Please see descriptions of each within the course.

Attendance/Participation

Regular online participation is required. Please attend to discussions in a timely manner. Professional dialogue opportunities are part of this class; participation will be considered part of the grade.

Late Work

Work should be turned in on time. Any issues that impact your timeliness should be discussed with the instructor.

Artificial Intelligence

Advances in Artificial Intelligence (AI) have now provided generative and creative applications such as Chat GPT, Google Bard, Google Sparrow, and others. Certainly, these tools can be quite useful in the learning process; however, the content they generate do not represent the effort and learning of the student. Submitting AI generated work in place of the original and genuine work of the student will be considered a form of academic misconduct.

Quality Requirements

"Turning in" all assignments is not enough to ensure an "A" in the course. Quality of work turned in on time is the most important criterion for receiving an "A."

Expectations for Written Work

- Correct grammar, punctuation, and spelling are expected on all written assignments (although web discussions are not held to the high standard of a research project or other written assignment).

- Written assignments should be done in Microsoft Word and turned in as an attachment in Dropbox on D2L.
- Discussions should be completed within the D2L discussion space and *NOT* uploaded as an attachment.
- Due dates should be honored in order to receive the highest grade.
- When referring to the ideas of others, works should be cited using the APA format.

Adhering to Professional Ethics

When using professional sources in your writing, please cite sources you have used or ideas you have adapted when completing assignments. Use of copyrighted materials must adhere to legal and ethical guidelines. If part of an assignment is submitted for credit in more than one course, both professors must pre-approve this dual credit and the dual use should be referenced clearly on both assignments.

Online Posts and Mutual Respect

Remember that there are other human beings reading your postings, so treat everyone with respect. Don't post anything you wouldn't be willing to communicate face to face. Distance conveys a degree of anonymity. It is for this reason that we must be cognizant of our postings online. You are provided with Netiquette guidelines and Rules for Discussion Posts. Please observe them.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings. Computers are available on campus in various areas of the buildings as well as the Academic Success Center. Your computer being down is not an excuse for missing a deadline!! There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes has prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses. For more information, visit [Campus Carry](#).

Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. State and federal law require University employees to report sex discrimination and sexual misconduct to the University's Office of Title IX. As a faculty member, I am required to report to the Title IX Coordinator any allegations, personally observed behavior, or other direct or indirect knowledge of conduct that reasonably may constitute sex discrimination or sexual misconduct, which includes sexual assault, sexual harassment, dating
