Grading/Assessment Assessments

Learner Philosophy Statement

During this semester you will be required to write a Learner Philosophy Statement. By writing the statement, you will briefly explore your thoughts and ideas concerning learning and how it "happens" in schools. It will also reflect the results of a brief survey you will take that will assess what learning styles that you are associated with relative to the answers you provide to the questions.

Letter to the Editor

This assignment will involve crafting an editorial as if you were sending it to newspaper or other periodical publication about an issue of education about which you wish to make a point or see a change. It will be graded on a series of qualifications.

Critical Thinking Skills – Students will obtain and analyze international educational data for the United States and a country of the student's choice. Students will evaluate their comparative data analysis and identify an area of strength and an area of opportunity within the United States' educational system. Students will articulate their position with supporting evidence in the form of a letter to the editor. Assessment will be evaluated with elements of AACU Critical Thinking Skills and Social Responsibility rubrics.

Communication Skills - Students will observe virtual classrooms around the world; Students will submit reports on topics related to areas of discussion outlined in the content objectives of the course. Students may provide positive or negative examples, supporting either one with evidence, of social equity issues, learner centered versus teacher centered instruction, conditions of curriculum/assessment issues related to state mandates or other topics identified as content or skill. Assessment will be evaluated with elements of AACU Written Communication rubric.

Personal Responsibility - Students will explain the importance of ethical behavior and score at least 80% on an in class ethics assessment.

Social Responsibility – In conjunction with the assessment for Critical Thinking Skills, students will articulate their comparative data analysis evaluations in the form of a letter to the editor. Assessment will be evaluated with elements of AACU Critical Thinking Skills and Social Responsibility rubrics.

Reading Checks/Quizzes

For every chapter, you will complete a reading check (writing assignment) or quiz. The reading quiz should be complete alone and with no book. The quiz or check must be completed before class the day it is due.

Class Participation

Each student brings a unique perspective and life experience to the learning environment and is expected to actively and thoughtfully participate by making pertinent contributions. All students are expected to read assignments and be prepared to discuss them. Note that you are provided with focus questions that are designed to structure your reading of the assigned texts. Moreover, additional readings may be assigned by the course instructor.

In addition to having thought through the answers to such questions before the start of class, you should be able to summarize the main argument(s) and/or central concepts for each excerpt or text that is assigned. Please come to class with questions or issues from the reading that you found central or worthy of further exploration. Students may also be asked to do activities and exercises related to the assigned readings or to lead discussions on a topic or reading. You will have many opportunities to participate in class and on D2L, and such is a very important part of this course.

Because classroom participation is vital to your learning, 5 points will be deducted from your participation grade for each missed class after the first absence.

Dispositions

- Students will promote learner-centered instruction as preferable to teacher-centered instruction.
- Each student will “sell” the desirability of equity in the classroom.
- Students will become salespersons for choices and differentiation assignments in the classroom.
- When presented with current issues, students will encourage an analysis of both sides of the issue.

Attitude – Demonstrate the following dispositions that are essential for learning:

- Curiosity (ask questions, look for additional answers, probe, reflect)
- Flexibility (take alternate points of view, be open-minded)
- Organization (plan ahead – literally, GET A PLANNER!)
- Patience (take time to reason, be persistent in efforts)

- Risk-taking (try things beyond your current repertoire)
- Passion (invest in ideas, processes, products, and most of all – other people)

Submitted Work

Correct spelling and use of appropriate grammatical skills are expected on each written assignment or project. Most of the assignments/projects will be typed and utilize an appropriate style (*Times New Roman, 12 point font, double spaced*). Assignments that are handwritten need to be eligible, neat and clean. **Unacceptable work will be returned, un-graded, or lead to reduction in grade.** In addition, plagiarized or copied word will receive a grade of ZERO with no make-up allowed.

Quizzes

You will be taking chapter quizzes that will be worth 50 points each. These are the Chapter Quizzes. Each quiz has 20 questions worth 2.5 points each and is TIMED (30 minutes for each quiz).

For each of the quizzes you will have *TWO attempts* and the highest grade will be recorded. BUT the quizzes (for the two attempts) are ONLY AVAILABLE till the DUE DATE specified.

Extra Credit

No extra credit assignments will be given or accepted

Late Work

Work must be turned in when it is due for full credit. Late work will only be accepted in emergency situations that have been cleared with Mrs. Beth. This means only illness or family emergency.

Late work is discouraged as a rule. In the event that an assignment is submitted late, here is the grading scale for such:

10 point reduction for every day the assignment is late

This reduction does not begin at 100 points. It begins with the grade assessed for the quality of work submitted, then points removed for each day the submission is late.

Incomplete assignments are not accepted. I do not give partial credit.

An assignment is considered incomplete if it has multiple parts as expressed in the instructions and is submitted with even one part missing/incomplete. It will be returned with a zero and must be resubmitted with all components before a grade will be assessed. At that time, it is considered late and will fall under that policy as well and suffer grade reduction.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

Students are expected to attend all meetings of the classes in which they are enrolled. Although in general students are graded on intellectual effort and

performance rather than attendance, absences may lower the student's grade where class attendance and class participation are deemed essential by the faculty member. In those classes where attendance is considered as part of the grade, the instructor should so inform students of the specifics in writing at the beginning of the semester in a syllabus or separate attendance policy statement. An instructor who has an attendance policy must keep records on a daily basis. The instructor must give the student a verbal or written warning prior to being dropped from the class. Instructor's records will stand as evidence of absences. A student with excessive absences may be dropped from a course by the instructor. Any individual faculty member or college has the authority to establish an attendance policy, providing the policy is in accordance with the General University Policies.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. ***Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.*** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. **Your computer being down is not an excuse for missing a deadline!!** There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the [Schedule of Classes](#) each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exists in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140.
