Attendance & Participation

- Your attendance is reflected through participation score (15%). In-class assignments cannot be made up for credit if you are absent.
- If you have legitimate reasons for not being able to attend class, please inform me prior to these absences so that arrangements, if warranted, can be made.
- It is possible to miss up to 1 class without having your grade adversely affected. I will drop your lowest participation grade when calculate your overall participation grade.
- 3 tardies equal one absence. If you are late or leave early and are not present for at least 30 minutes of class, you will be marked absent.
- I also reserve the right to mark you as absent if you are not actively “present” in class, which may be indicated not actively participating in class activities or discussion or zoning out of class by zoning into your phone or other devices.

Technology

Students in this course will need a working and reliable computer and internet access that will allow the use of D2L course site tools, Google Drive, and any online resources provided. No special software is required but students will need access to MS Office products.

Assignment Submission

- Peer review: Please bring all drafts of your assignments BEFORE coming to class. They can be typed or in your laptop. Peer review cannot be made up if you are absent.
- Assignment submission: It is the responsibility of the student to have and maintain access to D2L, to properly submit all work through this platform, and to contact the instructor immediately if they have issues with paper submission.
- All assignments should be submitted on time, and in the correct format. In-class assignments cannot be made up for credit if you are absent. Please email your instructor if you are having any difficulty completing an assignment before it becomes late and affects your grade.

Professionalism

Members of this class are expected to treat one another with courtesy, professionalism, and respect. Repeated unprofessional, rude, or inappropriate behavior can result in points being deducted from a student's final grade for the course per instance of such behavior.

Accommodations

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact the Disability Support Services in Room 168 of the Clark Student Center, 940-397-4140.

Writing Center & Tutoring

[Tutoring and Academic Support Programs](#) (TASP) provides free drop-in tutoring for MSU students. Located on the first floor of Moffett Library, writing tutors are available Monday through Thursday from 11:00am to 6:00pm and Sunday 2:00pm to 9:00pm. You don't need an appointment to use these services. Writing tutors will not edit your papers for you, but they provide support and feedback at all stages of writing, from brainstorming to drafting, revising to proofreading.

Academic Dishonesty

All students are expected to adhere to the Midwestern State University Student Honor Creed when completing any work for this course. When using the content or ideas of others, both published and unpublished sources, students must use accepted documentation conventions (e.g., APA or MLA). See the MSU Student Handbook (attached to course website) to read the Student Honor Creed and the university's policy on academic dishonesty.

- All work submitted to D2L will be scanned by the Turnitin® program, which flags text that has been quoted from other sources and/or generated by AI tools such as ChatGPT.
- AI/ChatGPT: In this course, you are welcome and encouraged to use artificial intelligence platforms such as ChatGPT ***ONLY for pre-writing tasks and brainstorming**. That said, you should not be using AI to produce your assignments or otherwise perform the “brain-work” that you are expected to be able to do (or learn to do) on your own. Doing so will result in a grade of zero for the assignment. If this happens twice, you will receive a grade of "F" for the course.
- When using the ideas of other published and unpublished sources, students must use accepted documentation conventions (i.e., MLA or APA). If you submit an assignment in which quoted content is not placed in "quotation marks" and/or you have not cited the correct source, you will receive a grade of zero for that assignment. If this occurs twice in the course, you will receive a grade of “F” for the course. There are no exceptions to this policy.

Campus Carry Statement

Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked in accordance with state law. For more information please refer to the MSU Texas website.

You may meet this requirement by passing the Writing Proficiency Exam, two Writing Intensive Courses, or English 2113.
