## Grading System & Policies

### Portfolio Grading System

This course uses a portfolio grading system, which emphasizes the writing process and aims to foster a supportive environment and relieve some writing anxiety. You'll get feedback which you can use to improve throughout the process. For each portfolio unit, you will receive a list of expectations and criteria for components. If you receive an "Unsatisfactory" mark on any component, you may revise to meet expectations and improve your grade. You can also earn credit for ungraded activities by including them in your Learning Log, which you'll submit with each unit.

### Submission Format and Process

Formal assignments are to be typed and formatted with all sources documented according to MLA style guidelines. Formal papers will be uploaded to the D2L Assignment folder. By enrolling in this class, students expressly grant MSU a "limited right" in all intellectual property created for the purpose of this course. The "limited right" includes but is not limited to the right to reproduce the student's work in order to verify originality and authenticity, and for educational purposes.

*Note:* You may not submit a paper for a grade in this class that has been (or will be) submitted for a grade in another course, unless you obtain both instructors' explicit written permission in advance.

## Revision

You may revise and resubmit any coursework within 2 weeks of receiving feedback and prior to finals week for additional feedback and a new assessment. Grade revisions are negotiated on a case-by-case basis, and all should be preceded by a revision plan with the help of the instructor.

## Mid-Term Progress Report

At mid-term, I'll share a progress report with advisors, support staff, and you. These do not appear on transcripts or affect GPAs. Students earning Cs or below should visit with me and TASP.

## Late Assignment Policy

Late assignments, defined as work not submitted to the designated site within 2 hours after the deadline, may still be accepted for credit if you consult with me within two business days of the deadline, at the discretion of the instructor. If you anticipate you may have difficulty meeting a deadline, request an extension at least 24 hours in advance. If you have difficulty submitting or are unsure if your submission was successful, email me with your work attached and explain the issue.

## Academic Misconduct Policy & Procedures

Plagiarism is the use of another's thoughts, words, ideas, or lines of argument (including text written by a generation system or artificial intelligence tool) in your own work without appropriate documentation (a parenthetical citation at the end and a listing on the Works Cited page)—whether you use that material in a quote, paraphrase, or summary. At the very least, plagiarism will result in an F on the assignment; at worst, the consequence will be an F in the course. Offenders will be reported to the Chair of the Department of English, Humanities, and Philosophy and the Dean of Students. Students have the right to appeal an alleged incident of Academic Dishonesty. Additional guidelines on procedures in these matters may be found in [the Student Handbook](#), under Academic Dishonesty Procedure or through [the Office of Student Rights and Responsibilities](#).

## Academic Integrity Advice

To avoid penalties or accusations of academic dishonesty, I suggest the following:

- **Ask for help:** As the instructor of this course, I am responsible for teaching you about correct and ethical citation and attribution, and I'm available to assist you. Contact me several days before the assignment is due with a link to the source so that I have time to review the article and meet to discuss your concerns.
- **Don't use AI:** Generally speaking, you are not allowed to use artificial intelligence (AI) engines, software, or artwork generating programs to produce content submitted for grading in this class. I will provide more information about specific assignments that incorporate AI when the time is appropriate in the course. Use of generative AI on tasks for which it is not permitted constitutes academic dishonesty.
- **Provide instructor access to all sources used in assignments:** All sources cited in an assignment should be available to your instructor. Save sources in a Google Folder, and share that Google Folder by pasting the URL into the comment box of your D2L submission. A link to an abstract or online database with a paywall won't work: I need to be able to read the entire article, as do you.
- **Accurately cite sources:** When using the ideas of other published and/or unpublished sources, students must use accepted documentation conventions (MLA). All quoted content must be placed in "quotation marks," and for quoted, paraphrased, or summarized content, the correct source must be cited in the body and in a list of references.

## GenAI Policy Details

This course aims to teach ethical research and writing practices, with a focus on the writing process. The use of generative AI is inappropriate for this course. All work submitted for this course is subject to be scanned by plagiarism and AI checkers. If you use AI or other sources without accurate and consistent attributions, you will not receive credit for the assignment, but you will have the opportunity to rewrite the assignment with guidance about proper attribution and citation (on the first occurrence). If this occurs twice in the course, you will receive a grade of "F" for the course.

If you choose to use a generative AI tool for this class, you must include a full transcript of your session(s) with each submission, every prompt you entered and every AI output you received.

- If you turn in an essay that is clearly just AI output pasted into MLA format, you will receive a 0.
- Partial AI use is strongly discouraged in this course. However, I recognize the temptations of new technology, so here is how consequences will work:
  - If your submission appears to be partially AI-generated, or if an originality checker indicates that your response is >30% AI-generated, I will investigate further. If your response and other evidence cannot demonstrate that the work you submitted is more than 70% original, you won't receive credit for the assignment.
  - If you submit work that contains some AI content (<30% AI-generated) but you have been transparent and included the transcript and attributions, there will not be penalties.

This policy is designed to create learning potential, a space for honoring you and your authentic creativity, critical thinking, and written expression. Note that there is no uniform policy on AI use at MSU. Make efforts to understand the policy for each course you take.

## Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into D2L through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

## Course Policies

### Attendance Policy

Punctual, engaged attendance is crucial to your success in this class and in college. More than two weeks' worth of **unresolved** absences (MWF: 6 classes) will be grounds for the instructor to drop you from the course. Any absences are likely to affect your performance in the course, and it's your responsibility to be present and prepared for class to maximize your learning. If you must miss class for any reason, you may resolve absences by communicating with your instructor. If you must miss multiple sessions for any reason, alert the Dean of Students office so they can verify for instructors.

**\*Unresolved Absence:** Absences about which you did not communicate to the instructor prior to or within two days of its occurrence.

**\*Resolved Absence:** Absences about which you email your instructor prior to or within two business days. Emails must explain what actions you will take to stay on track in the course.

### Class Communication - Email & GroupMe

Before asking questions via GroupMe or email, check D2L and our course syllabus and schedule. If the answers you seek are not provided, use GroupMe for questions and conversation about class activities, deadlines, and any issues that others in the class may know. This will allow quicker responses and provide helpful reminders for your classmates.

Email is the best way to contact me about your own performance or attendance. Allow 2 business days for email responses. All emails you send for academic purposes should be revised and edited,

hillary.coenen@msutexas.edu

including a greeting, body paragraph(s), and closing, to meet professional expectations for emails. For all correspondence with your instructors, indicate your full name, course and section number.

## eBook Access

Your textbooks for this class are provided through English 1143 and are part of MSU Texas' Courseware Access and Affordability Program. Students are charged for course materials on their Business Office account. If you wish to opt-out of the Program and purchase the required course materials on your own, you must do so using the opt-out instructions, which will be sent to your my.msutexas.edu email on the second day of class. Contact [jenny.denning@msutexas.edu](mailto:jenny.denning@msutexas.edu) (MSU Bookstore) if you have questions about opting out.

## Recording Classes

Recording classes is prohibited without the professor's explicit permission. Such recordings, when permitted, are for personal use only and may not be uploaded to the internet or otherwise shared, transmitted, or published without the professor's prior consent and the consent of recorded parties. When it is feasible and appropriate, students may record classes to accommodate disabilities under the Americans With Disabilities Act, with prior approval of Disability Support Services and the instructor's informed consent. Such recordings may not be uploaded to the internet or otherwise shared, transmitted, or published.

## University Closure Practices

In the event of university closure for inclement weather conditions or emergency situations, students will be notified through official campus channels (MSU Alert, MSU Safety app, Postmaster emails, and website headers). When any schedule changes occur, I will provide schedule updates and assignment expectations using D2L News announcements, GroupMe, and university emails, and I will also update the Live Class Schedule to reflect changes. For this course, unless a change is posted to the course D2L News, assignments due to be uploaded or posted to D2L during the closure will remain due as scheduled. Students who are unable to complete assignments due during a closure (for example, due to a power outage) will not be penalized, but will be expected to notify the professor of their situation.

## Learning with Generosity

As a community, we have diverse bodies, experiences, and needs. Our differences are strengths and we should strive to learn from them. To learn in a safe environment, we must ardently reject language and behaviors that denigrate others based on identity. In this learning space, hate speech, harassment, discrimination, & violence are not tolerated. This course does encourage discussion of difficult topics. We work through discomfort and create a brave space for learning by showing respect for others and considering diverse perspectives. There is a lot we don't know about each other, and our word choice in discussing social & political issues matters! Ignorance is not an excuse for cruelty or dismissiveness, but we all make mistakes as we learn, so we should be willing to forgive & learn from these situations.

## CARE for Class Community

Together, we'll decide what it means to show that we CARE about our own education and that of our classmates. CARE stands for Communicative, Accountable, Respectful, and Engaged.

Together we will describe specific behaviors and practices that correspond with those characteristics:

| Principles           | Students will... | Professor will... |
|----------------------|------------------|-------------------|
| <i>Communicative</i> |                  |                   |
| <i>Accountable</i>   |                  |                   |
| <i>Respectful</i>    |                  |                   |
| <i>Engaged</i>       |                  |                   |
