Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. *Assignments are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, reports, or discussion postings.* Computers are available on campus in various areas of the buildings as well as the Academic Success Center. Your computer being down is not an excuse for missing a deadline!! There are many places to access your class! Our online classes can be accessed from any computer in the world which is connected to the internet. Utilizing just the course app on your mobile device may not provide the full functionality that using a computer does. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Communication Policies

Before students email me, make sure to follow the “Three then Me” rule. The “Three then Me” rule says that you search for your answer regarding the course in at least three other places before sending an email. For example, if students have a question about an assignment, they should consult the course syllabus, the grading scale or rubric, the assignment description on Desire 2 Learn or ask check the Flip Question & Answer topic card. Remember, check three sources before emailing the professor. It is very likely students will find the answer and not need to email the professor. If a student does not find the answer and needs clarification, feel free to email the professor.

During the week, I will typically respond to your emails with 36-60 hours. Any emails received over the weekend will receive a response no later than Tuesday by noon.

Student Email Usage

You are required to use your MSUTexas email address for all correspondence during this course. Check that your MSUTexas email address is the one listed in your Web World Personal Information. Using your MSUTexas address ensures your privacy. If you have a different email account, you can forward your MSUTexas email to that account, but I will only send and respond to emails sent from a MSUTexas address. Please make sure to include your name on

any email that you send. You are required to check your MSUTexas email a minimum of two (2) days per week.

Conceptual Framework Overview

The outcomes for graduates of professional programs are based upon knowledge, skills, and dispositions in the following elements:

- **Learning Environment – Graduates of West College of Education (GWCOE) create challenging, supportive, and learner-centered environments in diverse settings**
- **Individual Development - GWCOE demonstrate knowledge of individual differences in growth and development**
- **Diverse Learners - GWCOE recognize the value and challenges of individual differences:**
- **Reflection - GWCOE engage in individual and group reflection to improve practice.**
- **Collaboration, Ethics, Relationships - GWCOE develop positive relationships, use collaborative processes, and behave ethically.**
- **Communication - GWCOE communicate effectively both verbally and nonverbally through listening, speaking, reading, and writing.**
- **Professional Development - GWCOE actively engage in continuous learning and professional development.**
- **Strategies and Methods - GWCOE use a variety of instructional strategies aligned with content to actively engage diverse learners.**
- **Content Knowledge - GWCOE demonstrate mastery of the content area(s) and remain current in their teaching fields.**
- **Planning Process - GWCOE demonstrate effective planning as part of the instructional cycle.**
- **Assessment - GWCOE demonstrate formative and summative techniques to plan, modify, and evaluate instruction.**

Objectives

Students will:

1. Gain knowledge and skills necessary for managing/leading sport-related programs.
2. Develop and/or strengthen professional contacts within the field of Sport Administration.

Course Assignments:

Practicum Site Supervisor Meeting/Task Assignments & schedule.

Completely fill out forms provided with practicum experience site and supervisor information, work schedule, and goals. Students will meet with their individual site supervisor to set responsibilities and tasks to be done throughout the semester. Responsibilities and tasks *must* be administrative or managerial. Tasks may include, but are not limited to, budget management, feasibility study, risk assessment & development of risk management plan, marketing and promotions of events, scheduling of facilities and/or staff, supervision of facilities and staff, training/working with staff/volunteers, evaluation of overall program (SWOT). An outline of what the student is expected to do on the job is to be turned into the instructor by June 8th on D2L.

Professional Resume' (25 points)

Each student must submit their individual professional resume' by the due date. After the professor has reviewed the students resume' it will be returned so the student can make the necessary adjustments, additions and/or changes before re-submitting it for a final grade. The resume is your ticket to the job you want after you finish your degree. It is how you will get your foot in the door for an interview & it needs to be the best it possibly can for your benefit.

Professional Interview (30 points)

Each student will research and develop 7 - 10 professionally appropriate interview questions that will then be used to interview someone within the organization/facility you are doing your practicum. The intent is for you to utilize your present network to assist in

expanding your professional contacts within your preferred career field. More information will be provided with assignment.

Flip Grids (10 pts each)

Students are to use Flip Grid for specific individual assignments as well as a supplement to the risk management and marketing outcome assignments. There will be specific instructions when required to use with or for submissions.

Administrative Aspects (Learning Outcomes (points))

Each Student will complete the following assignments/outcomes as assigned. Inclusive in this project are the following segments:

- 1) **Demographic Analysis (40):** Each student will review and report on demographics desired for an event to be presented at or by their facility/site. Demographic information must include a minimum of five (5) categories (i.e. gender, age, education level, marital status and ethnicity). Information will be submitted in a written report with appropriate graphs and tables.
- 2) **Budgeting (on-site evaluated) :** Students should request to be in charge of a specific event/program and the budget used for the event from both a proposed and actual viewpoint.
- 3) **Marketing (20):** Students will develop a marketing piece that may be used for their facility/organization. It may be traditional or electronic media. If electronic the instructor will need the information necessary to be able to evaluate the work. FlipGrid component included with assignment.
- 4) **Equipment, Facility and Officials Management (on-site evaluated):** Students have the opportunity to find out what equipment is used, how is it purchased, maintained and checked? Are there different venues used to do your job at the acceptable level? Are they on site or do you have to travel to them. If involved with game/event management how are officials secured and paid. How far out do arrangements need to be made for officials and what are the qualifications needed? What are legal and ethical aspects related to the management of these areas?
- 5) **Programming (on-site evaluated):** Students should request to be in charge of a specific event/program to allow them to showcase ability to develop, implement and manage some type of activity, clinic, or event. Providing them an opportunity to grasp more fully the specific responsibilities required and how to work with others in the organization for success.
- 6) **Communications & Professional Development (on-site evaluated)**
Communication: Students are to utilize and hone their personal and professional communication skills via interpersonal, virtual or web based and written communication platforms. Being able to identify one's strengths and weaknesses with clients, staff, supervisors and volunteers is key to continual growth in this area of leadership.
Professional Development: Students should be proactive in working with their supervisor to take opportunities to network and work with other professionals

within their area/field of choice. The student will develop and submit a report as to the value of the opportunities and experiences gained for professional growth during the semester with a reflection.

- 7) **Practicum Experience Presentation (75 pts):** Students will present electronically a 12-15-minute overview of their experience. This presentation should be prepared and done as though the student is presenting to a committee of their whole department faculty. This is also a reflection of the students' hands-on experience toward earning their Master of Education degree at MSU through this course. Included should be information and experiences you felt were beneficial both personally and professionally. Include also what aspects you would keep, modify, add, or remove if you were the faculty member facilitating the course. Student must send the presentation (or link) to the professor by the due date. Student must be professionally dressed and include visual as well as audio/verbal information during their actual presentation.
- 8) **Supervisor Task Assignment (20 Pts):** Students are to work assigned tasks from their supervisor related to organization policies, volunteer or board development or community engagement/outreach. Students are to develop a document explaining their responsibilities, roles and what they learned from the process. Included with the submission(s) should be examples of work reported back to your supervisor or presented to a group of individuals within the organization.

Site Supervisor Evaluation(s) (50 points)

Supervisors will fill out two evaluation (mid-term & final) of the graduate student during the course of the experience. Supervisors are encouraged to complete the mid-term evaluation with the student. The final evaluation may be done with or without communicating with the student. See the dates for when they are due. The evaluations are to be sent directly to Dr. Shawver via e-mail.

Please forward the evaluation document to your supervisor early enough for them to complete and return to sandra.shawver@msutexas.edu by the due date.

Student Time sheets & Journals (50 points [10 pts each])

Make sure your **time sheets** are signed by you *or* your supervisor and turned in **every two weeks** (timesheet found in Introduction Module of the course. Identify on your time sheet if your work was virtual or on-site. To accompany their timesheets, students should keep a weekly journal describing his/her practicum experience. The journal should be detailed and include information such as your responsibilities, duties, tasks, and projects you work on each week, as well as positive experiences and/or challenges that you have faced in the position. Journals should be submitted to the appropriate drop box **every two weeks** with your time sheets.

Electronic Portfolio (50 points)

Students are to submit an electronic Practicum portfolio inclusive of 1) general information (introduction of self, and identifying career goals, personal philosophy regarding career choice, resume' {inclusive of professional references with full contact information}). 2) Leadership skills & Experience (focus on three to four that are most relevant to your career path). 3) Student

selected materials (anything that showcases you as a professional, critical materials of significance to a prospective employer).

Faculty site visits

Within the course of the semester the university faculty responsible for this course will physically visit as many students as possible a minimum of once per semester. For those out of the region/state/country the faculty supervisor will visit via electronic means at least once per semester.

Practicum Experience Contact Hours (60 points)

Students are expected to complete a minimum number of 170 contact hours during the semester. Breakdown for contact hours is:

Total Hour	Point Value
170 +	60 points
165 - 169	55 points
160 - 164	50 points
155 - 159	45 points
150 - 154	40 points
145 - 149	35 points
140 - 144	30 points
< 140 hours	0 points

Final Grading Procedures

A = 91%	419 - 460
B = 80%	368 - 418
C = 70%	322 - 367
F	0 - 321

Assignment Deadlines

All assignments will be due via D2L within an appropriate timeframe of the listed due date & time. If a student has not been able to complete the outcome by the due date, they are responsible for letting the instructor know the reason for the delay of submission. All required assignment must be submitted prior to the end of the last week of classes. All assignments, unless otherwise noted must be typed in 11 or 12 point font and submitted as a Microsoft Word document. All discussion posts and reports or papers **must be developed using APA 7th edition formatting.** ****PDF and other types of formatted documents submitted will not be graded unless specifically requested by the professor within the assignment instructions.****

Other Class Policies

During this course you will be expected to deal with your subject area, your instructors, your peers, and your colleagues as a professional. This includes dressing appropriately for your on-sight work, presentations, and/or field trips (only business casual dress accepted.)

Plagiarism Statement

“By enrolling in this course, the student expressly grants MSU a ‘limited right’ in all intellectual property created by the student for the purpose of this course. The ‘limited right’ shall include but

shall not be limited to the right to reproduce the student's work product in order to verify originality, authenticity, and educational purposes." from Student Handbook.

Academic Dishonesty

Any student found to have committed an act of academic dishonesty (cheating, plagiarism, theft of another's work, misrepresentation of their own work, etc.) per the MSU Student Honor Creed (found in the student handbook) will be dismissed permanently from class and receive a final grade of "F" for the course.
