COURSE DESCRIPTION

Course content includes the theoretical and procedural aspects of effective group work, including group dynamics and the stages of group process. To gain experience in methods and practice, students participate as group members and as facilitators.

COURSE RATIONALE

Group counseling is generally considered an effective, efficient modality of treatment and is preferred to individual counseling in many settings. While there is some overlap in the skill sets between individual and group modalities, there are also some pronounced differences. This course allows students to explore the group experience as both a leader and participant while exposing them to the fundamentals of effective group counseling and applicability for client populations.

COURSE EXPECTATIONS

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's (2014) *Code of Ethics*. The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

Online Etiquette:

It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association's (2014) *Code of Ethics*, and treat all members of the class with respect.

Inclusivity:

It is my intent to present material and activities that are respectful of different backgrounds. My intent is that students from all perspectives and backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the differences that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of inclusion in this course are encouraged and appreciated.

Confidentiality:

Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

Academic Dishonesty:

Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or

knowledge of the instructor.

- Usage of Artificial Intelligence (AI) software, this does not include editing tools of Word or Grammarly i.e., spell check or rewriting suggestions for clarity.

Statement of Disability:

Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes.

If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

Attendance:

Class attendance is crucial to successful completion of this course since much of the training cannot be learned in textbooks. Therefore, GRADUATE STUDENTS are expected to be on time and to attend *every* session online and all required face to face classes. Tardiness, leaving early, and absences are considered evidence of lack of dependability, and are taken seriously.

Late Work:

All papers and assignments must be turned in the day they are due. ***No exceptions.** If you have an emergency, please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered **10%*. Please observe that your assignments are worth a considerable number of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly.

EVALUATION AND ASSIGNMENTS

**** ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

Online Assignments and Comments: (16 pts.) Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person’s thread. The assignments and weekly discussions are due by ***Friday** at 11:59 pm. Follow directions to get full points each week. Late work will not be accepted. (See **Appendix A**) (3.F.1, 3.F.2, 3.F.3, 3.F.4, 3.F.5, 3.F.7, 3.F.8, 3.F.9, 3.F.10)

Group Observation Reflection Paper: (10 pts.) Students will have two options for this assignment. **Option One:** Students may observe an in-person or zoom group (not put on by other students). This group could be an Addition group (AA, NA, Al-ANON, etc.), Domestic Violence or Abuse group, Grief group, Anger Management group, Parenting group, Communication group, etc. **Option Two:** Students may watch a movie that features a counseling group. For example, 28 days (on Netflix), Girl Interrupted, Anger Management, Manic, One Flew Over the Cuckoo’s Nest, Fight Club, etc. **Remember, this is an academic paper. Please use sources, in-text citations, and list those sources on your APA reference page. When referencing your group whether in-person/zoom, or movie you must include a correct in-text citation for the group organization for in-person/zoom or for the movie. This source must also be listed on your reference page.** There are no minimum page numbers as long as you address everything on the outline guide, and paper template. Please see grading rubric to determine how detailed you need to be within each section (See **Appendix B**) (3.F.1, 3.F.2, 3.F.3, 3.F.4, 3.F.5, 3.F.7, 3.F.8, 3.F.9, 3.F.10)

10 Clock Hours of Direct Experience Paper: (20 pts.) Students will need to acquire 10 hours of direct group experience. This can be done by being a participant in other student’s zoom groups, sitting in on in-person/zoom groups including AA, NA, Al-ANON, Domestic Violence or Abuse, Grief, Anger Management, or Parenting groups. You must write a paper with an APA

7 Cover page for this assignment. Students will **NOT** have to utilize a reference page for this assignment. Please use the given outline, and template. **Students will write an academic paragraph (at least five sentences) for each clock hour.** Students will simply write when they observed the group (date), name of the group, what the topic of the group was, how the group took place (in-person, zoom, etc.) and at least one thing that they learned during the group. Remember to write at least five sentences. (See Appendix C). **3.F.10**

Record and Conduct a Group (30 pts): Students will record themselves conducting a 20-minute counseling group. Students may use zoom, or other recording devices. Groups must have at least three participants (not including the leader). Once recording, students must first discuss confidentiality before beginning the group. Students will then conduct a short icebreaker to build rapport with the group. Students will then choose a topic to instruct the group about. For example: self-compassion, stress management, compassion fatigue and burn out, a certain counseling theory, a counseling technique, etc. As long as the topic is in the realm of clinical mental health it is acceptable. Participants can be fellow students, family, or friends. Students are not to make up fake personalities for these groups, they are to be authentically themselves. Remember not to choose any topics that would be too emotionally heavy as students are not qualified to counsel each other. Students must maintain a professional demeanor when leading their groups. Students will be sure to summarize their group when wrapping up. Please utilize the outline given, and the grading rubric to determine how detailed one must be. (See Appendix D) **KPI: TK 20 (3.F.4, 3.F.8, 3.F.9). I would suggest making an outline to follow while you lead, see Appendix D.**

Final Exam (24 pts.): There will be a final examination and it will cover each and every chapter in the textbook. Before you take the exam, please take a moment to utilize breathing exercises and mindfulness located within Appendix E to better prepare you to take the exam. (See Appendix E) **(3.F.1, 3.F.2, 3.F.3, 3.F.4, 3.F.5, 3.F.7, 3.F.8, 3.F.9)**

DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on student review and retention please refer to the handbook.

Classroom Behaviors:

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.
