Course Overview

Course Dates: August 25, 2026 – December 10, 2026

Meeting Time: Tuesday & Thursday, 12:30 PM – 2:00 PM

Location: Dillard College of Business, Room 131

Credit Hours: 3

Course Description:

Marketing Strategy revisits and integrates the major marketing themes discussed in the core marketing curriculum to provide students with a polished and complete view of the entire marketing function in companies of all types.

The objective is not merely to review and repeat prior material but to expand upon and apply foundational marketing concepts and tools in a comprehensive and integrated manner to solve real business problems.

The goal is to develop your ability to analyze, interpret, and apply marketing in a variety of situations and to see the world as marketing professionals see it. In doing so, students should gain a new appreciation for the marketing field and new insights into the execution of marketing strategy in the real world.

Course Description (from MSU catalog):

The utilization of qualitative and quantitative models to analyze various marketing functional areas as well as oral and written cases in solving strategic and managerial marketing problems.

Prerequisites: Junior standing or above or consent of the chair, BUAD 3033 and MKTG 3723

Dillard College of Business General Learning Goals

The following Dillard College of Business BBA General Learning Goals are addressed in MKTG 4753 – Marketing Strategy:

- **GLG 1: Problem Solving and Decision Making**
Students will demonstrate problem-solving and decision-making abilities through the critical analysis, evaluation, and interpretation of business information. In this course, students analyze internal and external business environments, evaluate customers and competitors, identify strategic marketing problems and opportunities, and develop evidence-based marketing recommendations. These skills are reinforced through case studies and the Strategic Marketing Plan.
- **GLG 2a: Communication – Speaking**
Students will demonstrate competency in speaking for common business scenarios. Students develop oral communication skills through class discussions, group activities, and the formal presentation of their Strategic Marketing Plan. The final presentation requires students to clearly communicate and support their strategic recommendations in a professional business setting.
- **GLG 2b: Communication – Writing**
Students will demonstrate competency in writing for common business scenarios. Students complete written case analyses and multiple Strategic Marketing Plan deliverables throughout the semester. These assignments require students to organize business information, explain their analyses, and communicate strategic recommendations clearly and professionally.

Course Objectives:

Students who complete this course will be able to:

- ☐ **Evaluate Marketing's Role:** Evaluate and understand the role of marketing in establishing a customer-centric approach that enhances overall business performance by communicating and delivering customer value.
- ☐ **Analyze Competitive Environment:** Examine external and internal factors that influence the firm's strategic decisions, such as market trends, consumer behavior, and competitive actions.
- ☐ **Create Strategic Goals:** Establish strategic objectives that align with the firm's mission and vision, incorporating metrics to evaluate success and guide decision-making.
- ☐ **Apply STP Process:** Apply segmentation, targeting, and positioning (STP) to establish competitive positioning to meet the needs of customers more effectively.

- ❑ **Develop Marketing Plan:** Develop a comprehensive marketing plan, including market research, marketing mix, budget, and financial analysis for implementation.
- ❑ **Monitor and Evaluate Marketing Performance:** Use the insights gained to adjust and refine your strategies, ensuring continuous improvement and alignment with business objectives.

Disclaimer: Requests for additional points, the creation of new assignments, or the re-grading of past assignments past their due date made via email or in person will not be approved or entertained.

Assignment Descriptions

Exams (300 points or 30%)

There will be three (3) in-class examinations. The in-class exams are 30% of your final grade. The exams may include a combination of true/false, multiple choice, and short essay questions. All exams are expected to be taken on the day scheduled.

The points for each exam are distributed based on the number of chapters covered:

- Exam 1: 150 points (6 chapters)
- Exam 2: 100 points (5 chapters)
- Exam 3: 50 points (3 chapters)

Makeup Exam Policy

I generally do not administer makeup exams without proper explanation or documentation. If you miss an exam due to an emergency, you will be asked to provide documentary proof (e.g., medical records, police or fire department reports, insurance claims, court orders, outage notices, or evacuation orders). *The instructor reserves the right to determine when and in what form a makeup exam will be given.*

For this course, an **emergency** is a serious, unexpected, and often dangerous situation requiring immediate action, such as a medical emergency, a family crisis, or other significant unforeseen events that prevent you from attending the exam.

Emergencies **do not include** things that can be prescheduled, such as routine medical appointments, travel plans, or social events. Students must contact the professor immediately or at least one week in advance to reschedule exams for non-emergency-related events. Makeup exams for these events will only be held **before the scheduled** exam date, not after.

Ch Quizzes (150 points or 15%)

Students are required to complete 15 Ch quizzes out of the 19 available. Each quiz covers content from the corresponding Ch and must be submitted prior to the start of class on the due date. This ensures students are prepared to engage with the material during class discussions.

Case Study Assignments (100 points or 10%)

Five readings will be assigned during the semester. The readings will be articles from the professional business press and will help you better understand the concepts we discuss in class. **The paper is due at the beginning of the class** on the date the paper is discussed in class. The grades earned on the write-ups will be averaged for 10% (100 points or 50 points each) of the total course grade.

Format: For each reading, prepare a one-page paper (Times New Roman or Arial 12 font, single space) with at least 3 to 5 key takeaways and a summary paragraph explaining how this article relates to today's topic.

See the Harvard Business Publishing Course Pack for access to these assignments (Link available in Course Material Section).

Group Project – Strategic Marketing Plan & Presentation (400 points or 40%)

A marketing plan project is a group project in which you assess an entity's current environment and develop a marketing plan for the entity. The project will be presented in class, and a document will be submitted at the end of the semester. More details will be provided during the semester.

Multiple peer evaluations will be conducted after major project deliverables are due.

Consistently poor evaluations will result in a letter grade deduction for the individual on

all past, current, and future assignments related to the group project. Under extreme circumstances, students may be removed from the group and must submit the remaining group project individually, including the presentation and the final paper.

I strongly suggest that each team sits down and discusses group expectations for contribution and effort as you begin to work together and that you address any conflicts that arise immediately. I will happily serve as a mediator in this process if needed. **Do not wait until the end of the semester and rely solely on the peer evaluations to resolve a problem.**

Note that all project deliverables at all stages must be turned in at the beginning of class the day they are due. Note that if you are late to class, the assignment is also late. No late assignments will be accepted - no excuses.

Attendance and Participation (50 points or 5%)

There are 29 scheduled class meetings in the Fall 2026 semester after excluding the Thanksgiving holiday. After excluding exam dates and other specific events, eligible class days will be monitored for participation and attendance. Students will have two eligible class days in which attendance and participation will not be graded; the two lowest eligible attendance/participation days will be dropped at the end of the semester.

Attendance will be taken daily, and class participation will be monitored, with points awarded accordingly. Each day is worth 2 points: 1 point for attendance and 1 point for participation.

What Counts as Participation?

Participation involves active engagement in class activities and discussions. This includes, but is not limited to:

- Asking relevant questions
- Responding to questions posed by the instructor or classmates
- Contributing to group discussions and activities
- Presenting ideas or perspectives during class
- Providing thoughtful insights related to the course material
- Engaging in any in-class assignments or exercises

Students are encouraged to contribute regularly to enhance their learning experience and that of their peers. **Quality of participation is valued over quantity**, so thoughtful and relevant contributions will be highly regarded.

Extra credit

If any opportunities for extra credit become available, I will inform the class via a D2L News posting. All extra credit opportunities will be made available to everyone enrolled in the course;

Extra credit assignments will meet the same standards and expectations as regular assignments. Requests for the creation, re-grading, or a request for an extension will not be considered.

Instructor's General Class Policies

Rules of Engagement

To foster a positive learning environment, all students are expected to engage respectfully and professionally. Disruptive or disrespectful behaviors will not be tolerated; violations will result in a reminder and may ultimately lead to removal from the class.

Guidelines:

- *Professional Communication*: Emails must be professional and well-written. Messages that are unprofessional (e.g., incorrect address, “text talk”) may not receive a response.
- *Respect and Inclusion*: Treat classmates and the instructor with courtesy at all times, even when opinions differ. Discriminatory or derogatory language based on race, gender, identity, religion, age, disability, or any other protected status will not be tolerated.

Late Work

No late submission will be accepted/graded. Students who experience an emergency should contact the instructor for late submission permission. Valid documentation is required. Personal illness, urgent family business, work-related issues, and other emergencies are the only basis for not submitting an assignment when it is due. Students are required to contact the instructor about these situations ASAP.

Make Up Work/Tests

All course activities must be submitted before or on set due dates and times. If the student is unable to abide by the due dates and times, it is her/his responsibility to contact the instructor immediately. Valid documentation is needed for the acceptance of late assignments. The student will receive a score of zero (0) for all late assignments, exams, and projects.

Note: The due dates and times for activities are posted in Central Time.

Course Incomplete

A student is expected to complete a course of study during a semester. In an emergency, the instructor may assign a grade of “incomplete” with complete documentation for the situation. A student needs to complete the course within 30 days of the beginning of the next long semester or the incomplete grade will become an F.

AI Policy

Students are allowed to use advanced automated tools (artificial intelligence or machine learning tools such as ChatGPT or Dall-E 2) on assignments in this course if that use is properly documented and credited. For example, text generated using ChatGPT-3 should include a citation such as: “Chat-GPT-3. (YYYY, Month DD of query). “Text of your query.” Generated using OpenAI. <https://chat.openai.com/>” material generated using other tools should follow a similar citation convention.

Inclement Weather Policy

If the university cancels classes due to inclement weather, all in-person sessions will transition to asynchronous learning. Lectures will be recorded and uploaded to D2L for students to review. Most assignments will still be due as stated on the syllabus unless the instructor decides to make changes, in which case updates will be communicated via D2L announcements and email.

Office hours for in-person classes will be canceled during inclement weather. Students are encouraged to email questions or concerns, and virtual meetings may be arranged if necessary.

Policies & Procedures

[Student Handbook](#)

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work, not the individual to whom credit is given).

Additional guidelines on procedures in these matters may be found in the [Office of Student Conduct](#).

Moffett Library

Moffett Library provides resources and services to support student's studies and assignments, including books, peer-reviewed journals, databases, and multimedia materials accessible both on campus and remotely. The library offers media equipment checkout, reservable study rooms, and research assistance from librarians to help students effectively find, evaluate, and use information. Get started on this [Moffett Library webpage](#) to explore these resources and learn how to best utilize the library.

Attendance

Students are expected to attend all meetings of the classes in which they are enrolled. Although in general students are graded on intellectual effort and performance rather than attendance, absences may lower the student's grade where class attendance and class participation are deemed essential by the faculty member. In those classes where attendance is considered as part of the grade, the instructor should so inform students of the specifics in writing at the beginning of the semester in a syllabus or separate attendance policy statement. An instructor who has an attendance policy must keep records daily. The instructor must give the student a verbal or written warning before being dropped from the class. Instructor's records will stand as evidence of absences. A student with excessive absences may be dropped from a course by the instructor. Any individual faculty member or college has the authority to establish an attendance policy, providing the policy is in accordance with the General University Policies.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.

Important [Academic Calendar](#) Dates

Change of Schedule and Late Registration: August 24–27, 2026

Deadline for December graduates to file for graduation: September 21, 2026

Last Day to drop with a grade of "W:" November 23, 2026

Refer to: [Drops, Withdrawals & Void](#)

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees, and room/board charges that were paid to MSU for the semester. However, if the student received financial aid (federal/state/institutional grants, loans, and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make an application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to Disability Support Services.

Smoking/Tobacco Policy

College policy strictly prohibits the use of tobacco products in any building owned or operated by WATC. Adult students may smoke only in the outside designated smoking areas at each location.

Alcohol and Drug Policy

To comply with the Drug-Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibit the unlawful possession, use, or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state, and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.

Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License-to-carry permit, and openly carrying handguns is not allowed on college campuses. For more information, visit Campus Carry.

Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by the MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [MSUReady – Active Shooter](#). Students are encouraged to watch the video entitled “Run. Hide. Fight.” which may be electronically accessed via the University police department’s webpage: [“Run. Hide. Fight.”](#)

Grade Appeal Process

Update as needed. Students who wish to appeal a grade should consult the Midwestern State University [MSU Catalog](#)
