Discussion Posts

Discussions: The discussions in this course give the student an opportunity to examine certain topics in the course. Discussions do not require on-campus attendance to complete. All discussions will be completed in DISCUSSIONS area in D2L.

The discussions will require some reflection before you respond. Students may offer personal experiences and/or opinions in some instances and facts in others. **The minimum word count must be 200 words** on each discussion. I do expect to see evidence that you have put some thought into these assignments. A quick way to earn a grade of zero is a low word count and also by simply rewording what someone else has written already. Therefore, you must write more than a few sentences.

Submission of all discussions must occur by particular due dates noted in the Proposed Class Schedule of Activities. Non-completion of any or all of the discussion will result in a grade of zero. This is a subjective evaluation made by the professor to determine the quality of the student's work. Simply writing something will not result in receiving full credit. Your professor is the final judge on the grade.

Please use citations in your discussion post when referring to someone else's work to be sure not to plagiarize.

Extra Credit

There is no extra credit available in this course.

Late Work

All papers and assignments must be turned in the day they are due. No exceptions. If you have an emergency please let me know in advance, and/or email me your assignment the same day it is due. Emergency documentation is required for me to consider accepting late weekly assignments. Any late papers will be lowered five (5) points for each day it is late. Please observe that your assignments are worth a considerable amount of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly. The semester is only 5 weeks long. You must be ready to work, and work hard, to do well in this class.
