### Course Description

This course is an undergraduate seminar on the art and architecture of Mesoamerica. It provides a general introduction to the peoples, cultures, art, and architecture of the region. Using a chronological format, the course examines the major developments from the Olmec period to the rise and fall of the Mexica. It may include an overview of the conquest of Central Mexico in 1521 and its legacy of this enduring contest for power.

### Course Prerequisites

ART 3413 Survey 1 and ART 3423 Survey 2 or permission of the instructor.

### Course Objectives

This course presents the student with a broad introduction to the art and cultures of Mesoamerica. Students will gain an understanding of Mesoamerica, its temporal range, geographic regions, civilizations, and common features. Students will be introduced to Mesoamerican cosmologies, worldview, and spiritual practices. Students will become familiar with the geography of Mesoamerica and today's contemporary equivalents. Students will gain an appreciation for the diverse peoples of Mesoamerica, and the Mexican Indigenous communities, art traditions, and spiritual practices that survive today. Students will gain an understanding of how the variety of cultural and spiritual beliefs, practices, and traditions from the Indigenous Américas continue as referents in the visual representations of contemporary Chicanx and Latinx artists. The development of transferable and life-long learning skills will be emphasized. The ability to read, think, and analyze critically will be modeled and practiced throughout the course. The course places a particular emphasis on research and critical analysis of texts as well as images. Students will develop the ability to read texts critically and closely. Student-directed learning is at the heart of this course. A final key objective of the course is to immerse students in the art historical scholarship of Mesoamerican Art and have them recognize the major contributors (authors and subject areas) that comprise the field.

### Policies

I expect students to familiarize themselves with and adhere to the policies regarding attendance, engagement and contribution, expected workload, academic honesty, written work and oral presentations, classroom environment, disabilities, and library study hours (if required) described in this syllabus.

### Course Definition

A seminar course differs from a lecture/lab course by its very structure and definition. A seminar is a highly participatory, discussion-based course where all members of the teaching-learning community contribute to the shared work of the class. Students define and pursue individual research questions and projects that arise from personal areas of passion or interest. These areas of interest can be pre-existing or sparked by contact with course materials, themes, and content.

### Office Hours

Tuesdays and Thursdays, 11:00-12:30 p.m., Wednesdays, 3:00-5:00 p.m., and by appointment.  
Please contact me via email to set up an office visit during the posted hours.

For questions regarding how to post to Dropbox, contact this email.

[how to post to DropBox in D2L](#)

### **Here is a video that provides step-by-step directions:**

[Directions for Uploading Documents to D2L](#)

This syllabus is subject to change!

### **Expected Workload**

The generally accepted ratio of outside-of-class study and preparation for college-level coursework is two to three times the amount of in-class contact with your professor. We spend three hours together each week, therefore, you should expect to spend about six hours each week preparing for this course *outside* of class meetings.

### **One Drive**

I highly recommend that students use OneDrive as a digital backup.

For students to access OneDrive, they should first go here: [how to access One Drive](#) to sign up for an Office 365 account. Students should create their account using their @my.msutexas.edu email address, which will entitle them to the Office 365 products offered to them as a student. Once they have created their account, they can log into "Office.com" for access to available Office 365 products (including OneDrive with 1TB of storage space). OneDrive is also accessible directly via <https://www.onedrive.com>. Working in OneDrive is very similar to Google Drive. Students can drag and drop files to and from their drive, as well as share folders between each other. Microsoft has a very good tutorial for the use of OneDrive available here: [how to use One Drive](#) (also see links on the left side of the page).

### **E-mail Communication**

I require you to check your MSU email daily. I make an effort to respond to your emails within 24 hours and expect you to reply to the group emails for the first several class sessions with a timely response indicating that you have read the email, such as "received."

### **New (2024) MSU Texas Policy Regarding Email Communication**

Beginning January 1, 2024, the university-assigned (my.msutexas.edu) email address will be required to receive all official communication from Midwestern State University.

Because of the increasing reliance and acceptance of electronic communication, email is considered an official means for communication with MSU Texas.

MSU Texas provides students with an email account upon admittance to the institution. This account is free of charge and remains available while students are enrolled or active within their degree program.

The university-assigned student email account is Midwestern State University's official means of email communication with all students. Students are responsible for all official information sent to their university-assigned email account. Students are expected to check their email regularly and are responsible for all information sent to them via their university-assigned email address.

Students may access their university-assigned email using any of the following procedures:

Portal: Use of the [myMSUTexas portal](#) provides students with many resources and applications, including access to their university-issued email.

Portal app: The myMSUTexas app is available for free in the [Google Play Store](#) & the [Apple App Store](#).

Direct: Login directly via [Google mail](#).

## **MSU Inclement Weather Policy (Established January 2024)**

The Provost has published a document outlining MSU policies regarding campus closures due to inclement weather. Here are the pertinent points for this course (in quotes):

1. "Face-to-face Classes: Indicate in a syllabus statement whether the course will shift to fully online in inclement weather. A shift to online is not required, but is permitted as long as you describe your inclement weather practices in class and in your syllabus."
2. "Graded Assessments: If assessment deadlines coincide with the closure dates, Academic Affairs recommends delaying the deadline until after the campus reopens. A syllabus statement should state if deadlines will stand during closure."

You will find course expectations for campus closures here. Deadlines will be adjusted, if 1) the region experiences a power outage, 2) students cannot access campus resources digitally, and 3) students cannot access the Internet when inclement weather occurs.

## **Conduct Statement**

Behavior that interferes with either the instructor's ability to conduct the class or the ability of other students to benefit from the instruction will result in the instructor removing the disruptive student(s) from the class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to an including an F. Depending upon the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MSU Texas policies.

## **Artificial Intelligence Policy**

The course fosters and emphasizes the development of your individual intelligence. The use of AI is strictly forbidden. Use your own brain and do honest, authentic work. Intellectual labor is prized in this class.

## **Covid Policy**

If you are ill, stay home. If you have tested positive for COVID, do not return to class until you are well. COVID absences will be excused.

## **Special Needs**

Please let me know *by the second session* if you have learning or physical challenges that require accommodation.

## **Student Drop Date: November 25, 2024**

If the student drops the course by this date, the student will receive a W on their transcript.

If you need to drop the course by this date, you will receive a WF, which will NOT affect your GPA. If you do not complete the course and do not drop by this date, you will receive an F.

## **Grading Criteria**

- A = 4.0 – 90 and above Excellent
- B = 3.0 – 80 and above Very Good

## **HSOVA Computer Lab (C115F) Policy: Adopted Fall 20183**

The Computer Lab C115F is a MSU and HSOVA facility shared by all currently enrolled HSOVA students, faculty, adjuncts, and Resident Ceramic Artists. The Computer Lab schedule is posted every semester near or on the C115F door. The schedule indicates when the lab is used for teaching purposes and when it is available for student and faculty use. No one is allowed to enter C115F when class is in session, except students enrolled in that class. The lab is available on a first come, first served basis during non-class session periods. Other important computer lab policies include: 1) no food or drink is allowed inside the lab, 2) the door must never be propped open under any circumstances, unless initiated by faculty.

## **Classroom Environment and Expected Standards of Conduct**

As a member of this class, you are part of a community. As such, you have made a commitment to yourself, to me, and to the other students enrolled in the course. If you come unprepared, are late to class discussion, or initiate side conversations, you disrupt our work together. Please show respect for yourself and others by coming to class prepared and on time. Respect and dignity are course requirements as important as those listed earlier in the syllabus. Demonstrating respect for the process of learning, for the variety of cultures and worldviews discussed, and an awareness and respect for your role and contribution to the course are critical components of your commitment to this class. Comporting yourself with dignity and treating your classmates and professor in a similar manner are additional important expectations of every student.

- Bring the syllabus, assigned texts, and other assigned materials to every class session.
- Come prepared to every class session with notes and questions about assigned materials.
- Since this is a seminar course, I suggest that you come to class 5 minutes early and review your notes.
- Turn cell phones off BEFORE entering the classroom.
- You may not sit in the classroom before class begins and use your cell phone. Review your notes instead!
- Do not text message or use your telephone in class.
- If you use your phone in class, you will be asked to leave and earn an absence.
- Participate actively in class discussions and group work.
- You should plan to speak twice during a single class period.
- Take notes during class sessions. Failure to take notes will affect your engagement grade.
- I will not tolerate private conversations in the classroom. Side conversations distract me and all other class members. If you need something clarified, ASK!
- When you are absent, no explanation is required.
- \*When you are absent, it is your responsibility to contact class members and learn what you missed.

## **Special Needs**

Please let me know by the second session if you have learning or physical challenges that require accommodation. If you are currently on medication, please inform me for safety reasons.

## **Student Privacy**

Federal law prohibits the professor from releasing student information to outside parties without the student's signed consent. The professor will not discuss students' academic progress or other matters with parents.

## **Academic Honesty**

Plagiarism is stealing and cheating. If you use another's thoughts or words, you must footnote them. If you paraphrase, (rewrite another's material in your own words) you must footnote the source. You may not copy a single sentence, etc., from another source and present it as your own. Midwestern State University enforces strict standards regarding academic honesty, and students may be dismissed for infractions. Intentional plagiarism, meaning the use of text(s) from a printed or Internet source, will result in a failing grade for the course. Plagiarism by default, meaning the use of ideas from texts without citation, will result in a failing grade for the specific project. Read the University's policies in the current Midwestern State University Student Handbook.

## Conduct Statement

Behavior that interferes with either the instructor's ability to conduct the class or the ability of other students to benefit from the instruction will result in the instructor removing the disruptive student(s) from the class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to an including an F. Depending upon the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MWSU policies.

# MESOAMERICAN ART AND ARCHITECTURE COURSE SCHEDULE

"We believe the one who has the power. He [She/They] is [are] the one who gets to write the story. So, when you study history, you must always ask yourself, Whose story am I missing? Whose voice was suppressed so that this voice could come forth? Once you have figured that out, you must find that story, too."
