Required Textbook (NONE)

I have recently changed my course and do not require a textbook. Some of the lectures may refer to a textbook. However, the content referenced will be covered through other sources such as videos, readings, lectures, or the best practices guide, ***Standards for Excellence***. I frequently refer to the ***Standards for Excellence: An Ethics and Accountability Code for the Nonprofit Sector*** in this course. This guide is a nationally

recognized best practice. All *Standards for Excellence* articles assigned in your syllabus can be found in Module: Standards for Excellence.

Required Hardware and Software

Hardware: Computer, laptop, or Ipad with webcam, microphone, and speakers to access Virtual Classroom, Skype, Zoom, Respondus Monitor and Lockdown Browser, etc. **Chromebooks should not be used.** They are incompatible with Lockdown Browser. Please visit the [MSU Texas website](#) to review the most up-to-date technology requirements.

Software: Students can get access to Office 365 web edition for free. Students should contact the helpdesk at 940-397-4680 or helpdesk@msutexas.edu to get more information about accessing the software. Please note that the D2L learning management system does not handle Pages or other Apple Mac software well. PLEASE convert your homework assignments to Word documents before submitting them to avoid late submissions or no submission penalties.

It is required that students use **Grammarly** software or a similar spelling/grammar software for all assignments. If you do not have a subscription to Grammarly, the Dillard College of Business Administration (DCOBA) provides FREE paid-version subscriptions for its students. Please let me know if you need access to Grammarly so I can assist you.

Browser: You should use the following browsers for the best experience: Mozilla Firefox, Google Chrome, or Apple Safari.

These general learning goals are among those the Dillard College of Business Administration established. General learning goals represent the skills that graduates will carry into their careers. While assessing student performance in obtaining these general learning goals, Dillard College is evaluating its programs. The assessments will assist us as we improve our curriculum and curriculum delivery.

5. Students will demonstrate the capability to navigate a learning system such as D2L/Brightspace and the internet.

So, what is Service-Learning?

This class will have a service-learning requirement. MSU defines service-learning as “a teaching method that combines academic coursework with the application of institutional resources to address challenges facing particular communities through collaborative service projects with those communities”. This method focuses on critical, reflective thinking to develop students’ academic skills, sense of civic responsibility, and commitment to the community.

This online course will be different from many other online courses you have taken. You are expected to interact with a local nonprofit, its staff, and its clients. You will take what you learn from lectures, videos, and assignments and apply that knowledge to think critically about what you observe. You will be asked to analyze and assess. You will be asked to provide your opinion and back up your opinion with the knowledge you have obtained from the course.

You must select a nonprofit that you would like to work with and get my approval to work with that nonprofit within the first couple weeks of the course. Next, you will ask

the nonprofit if you can work with their organization and if they are willing to provide the documents required for the course. You and the nonprofit must sign an MOU acknowledging each entity's actions. Then, you must get a background check, take a youth protection training course (per MSU rules) and complete any training the nonprofit requires. Lastly, you must volunteer at least 8 hours and write a reflection paper on your experience with the nonprofit. Each one of these steps requires you to provide documentation and is worth a service-learning grade.

Selection of Nonprofit for service-learning requirement

Each student must select a nonprofit to volunteer with and use that same nonprofit to complete homework assignments. The following criteria must be followed when selecting a nonprofit:

- The nonprofit you select **must** have an operating budget of **at least \$100,000**. **TIP:** You can look on the organization's website or GuideStar.org for Form 990. The total revenue and expenses are listed on the first page of Form 990.
- The nonprofit **must** be registered with IRS as a **501(c)3 organization**. Please verify with the organization that the organization is a 501(c)3.
- The nonprofit **must** have a **paid Executive Director** or a paid staff person who performs the responsibilities of an Executive Director.
- The nonprofit **must** have opportunities for you to volunteer with the organization for at least 8 hours.
- The nonprofit **must** have the following materials available for review. You will need these items to complete HOMEWORK assignments:
 - **At least three years of IRS Form 990s**, NOT the Postcard 990 (you may be able to find this on the website, request it from the organization, or find it on GuideStar.org).
 - **A list of current board members and board officers** (usually found on the organization's website).
 - **A board member's job description or written board member responsibilities** (You must request this. It may be in the organization's bylaws or a separate job description).
 - **The organization's IRS determination letter**. (It may be on the website, but you may have to request)
 - **A mission or vision statement** (usually found on the organization's website)
 - **A description of programs or services AND the eligibility requirements for assistance**. Usually, you can find this information on the website or in brochures/flyers.
 - **Board meeting agenda or board meeting minutes** (You will have to request this. You may also be able to request to attend a board meeting.)

I will provide you a list of screened nonprofits that I know meet the above criteria and understand the requirements of the course. I highly recommend that you choose one of these nonprofits. However, you may select a nonprofit that is not on the list. If you select a nonprofit that has not been pre-screened by me, you must ensure they meet the

above criteria, **NOT** mine. If your nonprofit does NOT meet the above criteria, it will make completing homework assignments, your service-learning component, AND your final research presentation difficult or impossible.

If you communicate or visit the nonprofit organization in person, you are expected to dress appropriately and behave professionally. When you communicate in writing with the organization, you should use appropriate salutations, spelling, capitalization, and grammar. You should be punctual and respectful of their time.

Brief Description of Graded Activities

Service Learning Activities (300 pts)

The service-learning component consists of several parts (please see D2L and syllabus for due dates):

1. **Service-Learning Acknowledgement and Nonprofit Criteria Form" (50 points).** This form outlines the criteria and requirements for Service-Learning and acknowledges that you understand these guidelines. This form also requires that you submit three nonprofit selection choices. Under the "SERVICE-LEARNING module," you will find this form. There is also a list of suggested local nonprofits.
2. **"Memorandum of Understanding" MOU (50 points).** Once you have decided on your nonprofit and **Instructor White has verbally or in writing approved your selection**, you must complete and submit the MOU. A representative from the nonprofit must sign this form, as well as the student. You will find this form in the Service-Learning Module.
3. **Background Check Authorization and Youth Protection Training (50 points).** A best practice for nonprofits is to mitigate risk by conducting background checks on volunteers who may work with vulnerable populations such as minors, disabled individuals, and seniors. MSU Texas requires adult volunteers (including students) and employees to complete a background check and training when volunteering (including service-learning with a direct service component). You must fulfill these requirements **BEFORE** you start volunteering with your nonprofit. Additionally, your nonprofit may have unique criteria or guidelines to complete to volunteer. Links to the background check and youth protection training are located in the Service Learning module. You may be exempt from meeting this component if you have completed the background check and the youth protection training for a previous class or project. I will need written confirmation from Cody Ford that you are current on these requirements to be exempt from this assignment.
4. **Volunteer service (8 hours) and a volunteer hours log-in sheet (50 points).** Each student will complete eight volunteer hours with the nonprofit, approved by Instructor Sonia White. All hours must be satisfied with the approved nonprofit. A volunteer hours log sheet (found in the Service-Learning module on D2L) must be completed and signed by the student and a representative of the approved nonprofit organization.
5. **Reflection Paper (100 points).** The student must also complete a reflection paper (see reflection paper guidelines under the Service-Learning module).

This paper should reflect on the service-learning experience and answer the provided prompts.

Weekly Homework Activities (300 pts)

Homework Activities will be assigned to assess students' comprehension of lectures, reading assignments, and assigned videos covered in the course. Each lesson is posted in the respective module and is due on the Friday of the week assigned (see syllabus for assignment due dates). **Assignments are due in D2L and will not be accepted via e-mail.** Each drop box folder on D2L for homework assignments will be open to students from the first day of class and closed at 11:59 pm of the day the assignment is due. Each homework assignment is worth 50 points. I provide feedback on each of your homework assignments, and I expect you to take the time to read my feedback which will contribute to your final presentation.

To complete each homework assignment, you must evaluate, assess, and analyze at least one piece of information about your selected nonprofit. These required documents are listed in the MOU that you sign with the nonprofit (and also listed above under "Selecting a Nonprofit"). I encourage you to get as many of these documents up-front so that you have them available when needed for a homework assignment.

Quizzes (300 pts)

You will have three quizzes throughout the semester. These quizzes will cover assigned reading sections of the **Standards of Excellence**, posted videos, lectures, and vocabulary lists provided in the VOCABULARY LIST Module. Each quiz will have a time limit (80 minutes) and consist of short answers, fill-in-the-blank, multiple-choice, T/F, and essay questions. Each quiz is worth 100 points. Quizzes will be available 24 hours (12:01 am – 11:59 pm) on the due date. You must use Respondus Monitor and Lockdown Browser when completing quizzes. Plan accordingly and ensure you can access a laptop or computer with the required specifications. You can also use the MSU computer labs to take examinations.

NOTE: *When taking quizzes, you are audio and video recorded.* This means I can see you and your surroundings, and I can hear noises in the background or other people if they are talking to you. I can see you if you are lying in your bed, partially or inappropriately clothed, so please act accordingly. To ensure the integrity of the quiz, the following steps should be taken by YOU:

- At the start of the quiz, you will be asked to show your I.D. and clearly show your face so that I can ensure it is YOU taking the quiz. ***If you do not follow this step, you will have a deduction from your quiz grade.***
- You will be asked to show your surroundings or do an environment check. This means explicitly showing the area around your computer. You should show me that you do not have books, notes, or other devices nearby to assist you with taking the quiz. This environment check should last at least 30-60 seconds, not 5-10 seconds. ***If you do not follow this step correctly, you will have a deduction from your quiz grade.***

- Your face should always be seen in the video frame while taking the quiz. You should not get up during the quiz and leave the area. You should not cover up the video camera with any object. If your face is not in the video frame for a significant time, you will have a deduction from your quiz grade.
- ***Lastly, if you did not follow ANY of the above guidelines or did not follow multiple guidelines you may receive a 0 (zero) for your quiz.***

The above guidelines protect you, demonstrating that you were NOT cheating. If you do NOT follow the guidelines and Respondus flags your quiz session, I have no choice but to assume you are cheating.

FINAL - Analysis and Research Presentation (150 pts)

If you have an A in the class after completing all homework assignments, all quizzes, and all service-learning components you will be exempt from the final presentation. If you do NOT have an A upon completing the course requirements, you will be required to take the final, with no exceptions. See page six of the syllabus for a breakdown of the points needed.

Your final will be a video presentation which will be an overview of the best practices you observed your nonprofit follow or not follow during the semester. You will select at least three areas regarding best practice topics to discuss. The chosen topics must reference lectures, assigned readings, videos, previous homework assignments, and outside research. You should have a reference slide and have at least six credible sources/references listed on the slide.

Further instructions and guidelines for the presentation are included in the Presentation Guidelines document and the Presentation Rubric located in the ANALYSIS PRESENTATION module on D2L. See the syllabus and D2L for due dates.

The presentation should be a video presentation between 7-10 minutes long. The presentation should have a visual, such as a PowerPoint with talking points. You should also be seen in the video presentation, not just heard. There are multiple resources available for creating video presentations, such as Canva.com. Remember to be visible in the presentation, so ensure you appear professional. You should not wear athletic gear or casual clothing such as T-shirts or sweatshirts. You should not wear hats, caps, sunglasses, or other items that may obscure your face or facial expressions.

Extra Credit

There is an opportunity to gain extra credit points. There are two different ways to earn points. The first is by participating in ***Together We Make a Difference Community Service Day*** on October 21. You must register at least one week BEFORE the event, and you must show up to the community service site and remain there the entire time of the event. This opportunity will be worth 10 points. The second opportunity is to donate up to 5 food or hygiene items to the ***Dillard College Food & Hygiene Drive*** during the month of October, worth 5 points. The maximum total number of extra credit points is 15 points. The extra points will be added to your lowest quiz grade.

Policies

Academic Integrity

Academic integrity involves upholding ethical standards in all academic activities. This encompasses originality in work, proper attribution of sources, and honesty in assessments and assignments.

Concerning academic honesty, students are referred to the "Student Honor Creed" in the undergraduate catalog. Academic dishonesty (cheating, collusion, and plagiarism) is taken seriously and will be investigated. **Please understand that integrity is very important to me. Instances of academic dishonesty will be handled quickly and severely.** Cutting and pasting text from the internet without citing the source, including AI generating tools, constitutes plagiarism (ChatGPT, 2023). Cheating (using old assignments, using original thoughts/words from another source) on a written assignment is considered academic dishonesty. Copying or using other people's work, including AI tools, is considered academic dishonesty in this course (ChatGPT, 2023). I use plagiarism software and AI detection software to identify instances of using uncited and unattributed sources.

While AI-based tools can aid in research and learning, it is crucial to understand the limits and appropriate use of such tools. Students are encouraged to leverage AI tools for tasks like data analysis, language translation, and correcting spelling and grammar (such as Grammarly). Learning to use AI responsibly and ethically is an important skill in today's business community. However, using AI tools to generate content submitted as your original work, and not citing or attributing AI as a source, is a breach of academic integrity and constitutes plagiarism in this course.

Plagiarism and Attribution

Plagiarism, which includes using someone else's work, ideas, or AI-generated content without proper acknowledgment (ChatGPT-4, 2023), is strictly prohibited. When using other's ideas or content, including AI-generated ideas, students must clearly attribute the contribution of sources used (ChatGPT, 2023). When integrating AI-generated content or insights from AI tools and any other sources, students must provide appropriate citations and references to relevant sources (ChatGPT-4, 2023). Failure to properly cite any sources, including AI tools, will be considered a violation of academic integrity. For example, I used ChatGPT-4 when crafting these specific syllabus policies on AI tools and I have appropriately cited that source in my text, as well as including the full reference below:

ChatGPT-4. (2023, August 21). "Write a syllabus policy about the academic integrity of students using ai-based tools." Generated using OpenAI.

<https://chat.openai.com/>

If you as a student need guidance on how to cite and reference AI sources I have provided the following resource: <https://apastyle.apa.org/blog/how-to-cite-chatgpt>

Turnitin or Similar Detection Tools

This course may utilize plagiarism or AI detection tools to evaluate assignments. **If you are found to have more than 25% of similarity or AI detection, and/or you fail to disclose the use of AI or cite any sources properly, you may be at risk of academic dishonesty and plagiarism** which will be dealt with as explained in the Academic Misconduct and Penalties section below.

Academic Misconduct and Penalties

If I discover that a student has engaged in academic dishonesty (cheating, collusion, unauthorized use of AI software, or plagiarism) on any work for this course, **AT A MINIMUM**, they will receive an F (0 points) for that assignment and at the **MAXIMUM** failure of the course. All instances of academic dishonesty will be reported to the Dean of Students.

Americans with Disabilities Act

If a student has an established disability as defined by the Americans with Disabilities Act and would like to request an accommodation, the student should first contact Disability Support Services at 940-397-4140 in room 168 Clark Student Center. Once that office has determined the accommodation, the student should contact me as soon as possible with the documentation.

As an instructor, I cannot grant accommodations without guidance or recommendations from the Office of Disability Support Services.

Assignment Submissions

All assignments should be submitted through D2L. Please only submit typed **Word documents** unless otherwise specified. If you use Pages (or another word processor), please convert your document first. If you fail to submit your document in the correct format, and I cannot open or read your document, your homework will be considered late, and I will NOT accept the assignment. **Submissions by e-mail will not be accepted.**

Attendance / Participation

This is an online course, so attendance is not taken like in a face-to-face course. However, participation is critical to your success in this class, and I will monitor how frequently and how long you log into the course. Your follow-thru on assignments and service-learning requirements will be essential to your success in the class. This is also why no late assignments will be accepted (see late work policy below). Hence, you are responsible for logging in to D2L regularly to check for announcements or messages from me regarding the course. ***If you miss two or more consecutive assignments and/or are not regularly logging into the D2L learning management system or responding to my emails, you may be dropped from the class, with an F, for failure to attend/participate.***

Concealed Carry

For information regarding campus carry, please refer to the University's webpage on [Campus Carry Rules and Policies](#).

Course Syllabus

This syllabus is a guide for the course and is subject to change. Syllabus changes will be communicated via D2L, e-mail, and announced in class.

Course Communication

I will provide all course content, updates, readings, handouts, and other communication using D2L. Students may also check their grades via D2L. Students must log in to D2L regularly to stay current with the class. I will provide feedback on homework assignments via D2L. If you have any questions or need help, the best way to reach me is via e-mail. I will communicate with the class through D2L and student MSU e-mail. Ensure your e-mail settings are set up so you receive communications via D2L. It is your responsibility to manage your settings.

You are responsible for logging in to D2L regularly to check for announcements or messages from me regarding the course. ***If you miss more than one assignment and are not regularly logging into the system, you may be dropped from the class for failure to attend/participate.***

- **E-mail Communication Guidelines:** I expect upper-division students (which you are!) to be able to communicate professionally. Occasionally, you may have to communicate with me. **When communicating with me via e-mail, always include your first and last name and the course name in the subject line.** Be sure to have a proper salutation in your e-mail to me. You can address me as Ms. White, Instructor White, or Professor White. Do not address me by my first name or leave out the salutation, as that is not considered professional or appropriate. Your e-mail should have proper spelling, punctuation, and capitalization. Your e-mail should also have a "signature," including your first name, last name, and M#. If your e-mail does not follow these guidelines, **I MAY NOT ANSWER YOUR E-MAIL.** All of these guidelines reflect business-appropriate and professional e-mail communication standards. Many of you use your phones to send emails, so you may have to adjust your typical responses to reflect a more professional tone. You are expected to communicate via e-mail and in person with a nonprofit of your choice as part of the requirements for this course. When communicating with your nonprofit, you should follow the same professional guidelines, such as proper salutation, spelling, punctuation, and capitalization. Your e-mail should also have a signature with your first and last name. I have provided sample e-mail templates for communicating with your nonprofit and a letter from me that you can attach to your e-mails.

Grades

Grades will be entered into the grade book on D2L. It is the student's responsibility to keep copies of submitted assignments. Any request to change a grade must be made to the Instructor via e-mail within one week after the grade was posted to D2L.

To help students keep track of their progress toward course objectives, the Instructor will provide a Midterm Progress Report through each student's WebWorld account. The Instructor will review each student's current average at the mid-semester point. Midterm grades are not reported on transcripts, nor will be calculated in the cumulative GPA. They give the student an idea of where they stand at the semester's midpoint. Students

earning below a C at the midway point should schedule a meeting with Ms. White to discuss ways to improve performance.

Grade Appeals

See the MSU Student Handbook for University policy on grade appeal.

Late Work

Assignments are due on the specified day and time in the syllabus. Since this is an online course and I do not take attendance, your timely submission of assignments is one of the primary ways I assess that you are participating. Therefore, I am not inclined to accept late assignments. Late assignments are a reflection of your professionalism or lack thereof. By definition, professionals are not late with their work. Assignments are all posted and you have all due dates in advance, so you should plan accordingly to avoid late assignments.

At the Instructor's discretion, an assignment MAY be accepted late under very specific circumstances considered "valid and documented" (see definition below). Excuses that are not valid include: having deadlines in other classes or at work, having a bad day, oversleeping or running late, not feeling well, roommate issues, internet issues, computer issues, etc.

- Valid, documented excused absences fall in the following categories: *medical, legal, or a serious personal issue beyond your control (e.g., relative's death or severe illness; jury duty; car accident)*. A valid, documented excuse **MUST BE DOCUMENTED**. Understand that you will be expected to provide appropriate documentation, such as a doctor's note, insurance or police reports, hospital admission paperwork, obituary, travel documentation, etc. Additionally, with a valid, documented excuse, a late submission is **NOT** automatic. The student must communicate with the professor so that an agreed upon time-frame for when the assignments will be accepted. Late penalties may apply.

IF (and that is a BIG if) I agree to accept an assignment late (that means I have agreed to re-open the folder so you can submit it), it may incur the following penalties: up to 24 hours late, receiving a 20% deduction from the final grade; 24-48 hours late, receive a 35% deduction from the final grade; and after 48 hours, there is a 50% deduction from the final grade. **The Instructor is not obligated to accept late work at all.**

If a student has an excused absence for a university-sanctioned event, such as an athletic or academic competition, you must provide written documentation before the event. In most circumstances, since this is an online course, students with excused absences for university-sanctioned events can meet homework assignments and due dates on time. If this is not possible, the student **MUST** discuss alternative arrangements with me before the due date.

I intentionally plan that ALL homework assignments are due on the same day and time each week, Friday by 11:59 pm, so students can plan accordingly and in advance if necessary. If a homework assignment deviates from this expected date/time, I will post

a reminder on the newsfeed in D2L. Always check the syllabus for exact due dates and the newsfeed on D2L for any changes.

Zoom Etiquette

If you and I are meeting via Zoom or live stream, my expectations of you are as follows:

1. I expect you will be in the Zoom live stream at the designated start time, and I will allow you into the meeting when I am ready to meet.
2. I expect your Zoom video to be turned on at all times during the meeting;
3. I expect that you will be visible in the video at all times and pay attention;
4. I expect that you are proficient at muting and unmuting your microphone, as I expect to interact with you.
5. I expect you to be attired just as you would if sitting in the classroom or during live office hours.
