Business Simulation

Each student will participate in the Mikes Bikes business simulation. You will be grouped into teams of 3-4 depending on the class size. Each team will be responsible for meeting with their group members and for playing an active role in the future of your company.

- Mikes Bikes is a business simulation that teaches students the key concepts of business and strategy.
- Students will make decisions about their company in an effort to achieve the largest shareholder value.
- Decisions will be made in regard to pricing, marketing, inventory, production, finance, and distribution.
- The team with the highest shareholder value at the end of the term will receive 15 bonus points, while the second highest team will receive 10 points.

At the end of the course, each group will be responsible for giving a 10 minute presentation about their company. There will be grades for the oral part of the presentation, written part of the presentation, and your professional appearance (see page 8 of syllabus for more information). All group members are required to speak and play an active role in the presentation. PowerPoint or Prezi is the preferred method for presentation delivery. More details on the content and structure will be discussed in class.

Mikes Bikes Single Player Introduction

In order for each student to prepare for the business simulation, each student should complete the Mikes Bikes single player introduction. During this “trial” simulation, the student will have the opportunity to become familiar with the Mikes Bikes program and will get to experiment with making decisions that do not affect the outcome of the team experience.

This will be conducted prior to the student being placed in their group for the actual simulation.

Grading will be done on a completed/not completed basis, with only minimal to moderate emphasis placed on company performance. This is simply an exercise for you to become familiar with the simulation and get a basic understanding of how the decisions affect the company bottom line.

Late Work

Late work is generally not accepted for any reason. Students have the opportunity to submit papers early. More details on assignment submission can be found in the Project Guidelines.

Desire2Learn

This is the website for the course. Students are expected to check this website for important course information, course documents, and correspondence from the instructor multiple times per week.

Passport

Each student will have the opportunity to attend different business oriented events through the semester. Students who attend at least three of the specified events can earn 10 bonus points.

Quizzes

There will be both announced and unannounced quizzes given over the material we are studying and the speakers who visit class. Please make sure to attend class and pay attention to what is being discussed. Most quizzes will start precisely at the beginning of class. No makeup quizzes will be allowed, including students who are tardy.

File Submission

Most files for this course will be submitted through our online component, Desire 2 Learn (D2L). Please do not submit any assignments directly to me unless you are specifically instructed to do so.

Business Communications

Understanding how to properly communicate is one of the keys to being successful in the business world. In this class, each student will be required to submit examples that show the student has mastered the basics of business communication. Please see the information below about specific assignments that relate to business communications.

Application of Research Fundamentals

Each student will be required to attend the EURECA Celebration of Scholarship event to be held in April. Students will be given a template with questions surrounding the student research projects that must be completed. Additionally, students will be required to formally register their attendance at the event in order to be eligible to complete the assignment.

Students must also attend a research event scheduled in the month of February.

Business Communications

General Information

- Each student will be asked to complete a professional resume. Grading will be based upon the following factors:
