Course Description

A study of the basic elements of music theory, including the reading of musical notation on treble and bass staves, key signatures, scales, and chords.

This course is designed to develop your understanding of the basic elements of music theory. This includes the reading of musical notation on treble and bass staves, key signatures, scales, chords, and chord progressions. Aural skills are also incorporated in this class.

Course Objectives

1. To develop musicianship skills (reading and aural)
2. To read music in treble and bass clefs
3. To understand and use a rhythm system for both duple and triple
4. To understand key signatures
5. To construct triads
6. To recognize visually and aurally major and minor scales
7. To recognize visually and aurally cadences

Course Assignments and Deadlines:

Course assignments are based on learning in class.

Attendance

Students participate in daily group and individual activities. Activities are cumulative in organization, building on previously learned concepts. Therefore, attendance is crucial to personal development. Students may miss class twice without a final grade reduction. Each absence that exceeds the allotted absences reduces the final grade by one letter grade. Tardies count toward absences. Students who arrive ten minutes late will be marked absent from class. **Nonparticipation in class equals one absence for each occurrence.** Class participation includes all classroom activities (singing, moving, rhythm activities, improvisation, chording, etc.).

Students Expectations/Conduct

Students are required to participate in all class activities. Students are to practice assigned material in preparation for each class.

Students are to conduct themselves in a professional manner so that all students may learn without distraction or disruption. This includes cell phones turned off and no texting.

College students are adults and are expected to behave accordingly. Classroom behavior that interferes with either the instructor's ability to conduct class or the ability of the other students to benefit from instruction will result in the instructor's removing the disruptive student(s) from class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to and including an F. In addition, and depending on the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MSU policies.

Cell Phones and Other Recording Devices

The use of cell phones and other recording or electronic devices is strictly prohibited during class. The instructor may direct, from time to time, on the possible use of cell phones for legitimate class reasons. Recording the class is prohibited, unless it is part of a reasonable accommodation under ADA, or by obtaining written consent by the instructor.

Grading Scale

%	Letter Grade
90-100	A
80-89	B
70-79	C
60-60	D
59-below	F

Course Evaluation

%	Assignments
60	Homework and In-Class Assignments
20	Midterm
20	Final Exam

Academic Changes:

The instructor reserves the right to adjust or cancel grading ranges, assignments, reports, projects, exams, assignments dates, due dates, and other as the course progresses; and to modify, extend, or correct the present syllabus by providing students with a three days' notice, or shorter in case of emergencies.

Covid-19: Vaccines and Face Coverings:

Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if

infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

Classroom Cleaning Protocols

Each classroom on campus has cleaning protocols. Students in the Department of Music are encouraged to follow cleaning protocol before and after class. Students will be taught cleaning protocols and will have time allotted to clean their area at the end of class.

D2L

D2L houses the syllabus for class. However, all assignments, quizzes, midterm, and final exam are embedded in the textbook. All assignments will be submitted in the textbook.

All handouts and other information will be available through the MSU D2L system, the gradebook in D2L will be enabled. Students are expected to understand how to navigate D2L.

If you experience problems with D2L, please let me know as soon as possible. In addition, the D2L page has a "Report A Problem" function on the top navigation bar as well as a FAQ function in the middle of the page on the right.

Office Hours:

Dr. Harvey has five schedule office hours to meet with her. Requesting a meeting during office hours is preferred to ensure she is available. If you are unavailable during those times, she has five flexible hours to coordinate a meeting. Meetings can be in-person, via phone, zoom, or facetime. You may call her office during scheduled office hours. However, she may not answer if she is meeting with a student.

Special Needs

If a student needs class accommodation(s) because of a documented disability, (2) has an emergency medical condition that may interfere with class performance, or (3) requires special handling in case the building must be evacuated, he/she is encouraged to contact the office of Disability Support Services in room 168 Clark Student Center 940(397-4140) and make an appointment with the professor as soon as possible

Privacy Statement

Midwestern State University adheres to the Family Educational Rights and Privacy Act of 1974 (FERPA). Federal law prohibits the instructor from releasing information about students to parties outside the university without the signed consent of the student. Thus, in almost all cases the instructor will not discuss a student's academic progress or other matters with his/her parents without the proper release from students.

Academic Dishonesty

Academic dishonesty including plagiarism and giving or receiving unauthorized assistance is prohibited. Plagiarism is (1) the use of source material of other persons (either published or unpublished, including the Internet) without following the accepted techniques of giving credit or (2) the submission for credit of work not the individual's to whom credit is given. If a student in the class plagiarizes material, appropriate disciplinary action will be taken. The Student Honor Creed developed and adopted by the MSU Student Government reinforces the discouragement of plagiarism and other unethical behaviors. The first statement of the creed reads, "As an MSU student, I pledge not to lie, cheat, steal, or help anyone else do so." Plagiarism is lying, cheating, and stealing.

Social Justice

Social justice is one of Midwestern State University's stated core values, and the professor considers the classroom a place where students are treated with respect as human beings, regardless of gender, race, ethnicity, national origin, religious affiliation, sexual orientation, political beliefs, age, or ability. Moreover, diversity of thought is appreciated and encouraged, provided the students can agree to disagree. The professor's expectation is that ALL students consider the classroom a safe environment.

Campus Carry

Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University's webpage at [MSU Campus Carry Rules](#).
