Course Description

This course is an introduction to inter- and cross-disciplinary research. It creates opportunities to inquire and to think out-of-the box. You will learn what research is and what is not, how to review the literature relevant to your research/creative activity project, to differentiate among various research types, and the approaches/methodology your fellow undergraduate researchers, who are in the EURECA program use to answer the questions proposed in their research projects. You will have the opportunity to share your research/creative activity with EURECA mentors and your fellow researchers.

Course Objectives/Learning Outcomes Upon completion of this course, students will be able to:

- To identify what research is and what is not.
- To describe the essential components of the research process.
- To use databases to find relevant primary and secondary sources of information.
- Differentiate among the various research types and creative activities.
- Differentiate among the various methodologies used in research.
- To recognize and practice the conditions that lead to creative thinking and discovery
- To apply critical thinking, deductive and inductive reasoning to solve problems, answer questions and to create and discover.
- To conduct research ethically and recognize discipline-specific ethical issues.
- To write a research/creative work proposal to answer a question.

Course Delivery Method and Attendance Policy

As a hybrid course, the class is delivered via face-to-face at the university campus, and online through D2L. Course materials and access to an online management system will be made available to each student. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Face-to-Face Instruction

Required Face-to-Face meetings will occur on Fridays from 12:00-12:50 pm. Students must engage in class activities during this time. To be prepared, students must complete the asynchronous online activities prior to attending class.

Asynchronous Online Instruction

Asynchronous online instruction occurs any time before and after our face-to-face meeting on Friday. Students watch lectures, read assigned materials, inspect websites, answer and write questions, discuss readings and engage in learning activities in a virtual environment prior to attending the face-to-face session.

Course materials are organized into modules. Modules contain objectives to be accomplished, tasks to complete in order to accomplish the objectives, assessment activities and expected outcomes. Your success in this course depends on how well you engage in your own learning. Those in virtual only will be expected to submit weekly activities for engagement to the D2L dropbox.

Attendance is expected at all class meetings and you are expected to be on time when class begins. Leaving class early without prior permission will result in your being counted absent for the class session.

A tentative course schedule has been posted on D2L. All course content, assignments, and due dates have been outlined.

Students are expected to be on time and in attendance at every class, and to stay for the entire class. A student with excessive absences may be dropped from the course ([Student Handbook 2021-2022](#)).

An instructor may drop a student any time during the semester for excessive absences, for consistently failing to meet class assignments, for an indifferent attitude, or for disruptive conduct.

The instructor must give the student a verbal or written warning prior to dropping the student from the class. An instructor’s drop of a student takes precedence over the student-initiated course drop of a later date. The instructor will assign a grade of either WF or F through the first 8 weeks of a long semester, the first 6 weeks of a 10-week summer term, or the 11th class day of a 4 or 5 week summer term consisting of 20 days. After these periods the grade will be an F. The date the instructor drop form is received in the Office of the Registrar is the official drop date.

If you would like to receive notifications via a regularly checked email or via text message, you can set it up in D2L. Once you are logged in, go to the drop down by your name in the gold navigation bar. Click “notifications”, then you can register an email address or mobile number and customize which notifications you would like to receive.

Assignment Overview and Grading Criteria

Due dates will be shared in D2L and in the schedule. Any assignment can be submitted before the due date. Late assignments will have a minimum automatic 25% point deduction for each day late. Do not wait until the last minute on any of your work!!

Grammar will be graded as a part of any course work. All work should be in your own words! Format – FOR ALL PAPERS: 12-point Times New Roman font, one (1) inch margins, and doubled spaced. The heading should have your names, the class and section number, and be right-justified on the page. The paper should be written in proper English and utilize APA 7th Edition citation style. Papers that do not follow this format will not be accepted or graded.

I will give feedback on assignments when appropriate, including, comments through “news items”, comments directly in the discussion board, and comments to the feedback box associated with each assignment submitted to dropbox.

Please take the time to read these comments as I am taking the time to make them.

Grades for each assignment will be posted in the D2L course grade book.

Table 1: Weight allocated to each assignment

Assignments	Weight
Quizzes	25%
Assignments	25%
Class Engagement/Participation/Activities	10%
<u>Non-EURECA students</u> : Research Proposal	40%
<u>EURECA students</u> : Research Project/Creative Activity and presentation at the UGRCA forum	40%

Table 2: Range for final grade.

Letter Grade	Range
A	90 to 100
B	80 to 89
C	70 to 79
D	60 to 69
F	Less than 60

Quizzes

Quizzes will assess your understanding of the material presented in the textbook chapters, readings, videos, mentor presentations, etc. and are scheduled after the completion of 3 to 4 modules. Quizzes will be administered on D2L. Each quiz is timed, thus make sure you take it at a time with no distractions. You will have two attempts to complete the quizzes. Your grade will be the average of the two attempts. Time begins when you tell the program to start the clock. The average of all quizzes weighs 25%.

Assignments

There will be 4 assignments throughout the semester that coincide with module topics and class activities. Unless otherwise indicated, all assignments must be typed and submitted via the designated D2L Dropbox. More details will be shared within each assignment. The average of all assignments weighs 25%.

Class Engagement/Participation/Activities

During class you will be expected to participate in class lectures and activities (do not confuse attendance for engagement/participation).

Engagement/participation includes intelligent statements and sincere questions, and clear preparation for class. Prior to class, you will often have activities to complete so that you can effectively participate in class. These assignments are formative assessments to check students understanding of knowledge on each of the topics covered. Students are provided with different types of questions or tasks they are required to answer based on readings, in-class activities, and lectures. The average of all engagement/participation/activities weighs 10%.

Research/Creative Activity Proposal

Central to this course is to write a research/creative activity proposal. This applies only to non-EURECA students enrolled in MWSU 2003. EURECA students enrolled in MWSU 2003 or MWSU 4000 are working with faculty mentors on a research/creative activity project, and their grade will be based on the presentation of their project at the Undergraduate Research and Creative Activity Forum (UGRCAF) in November. In either case, this grade item weighs 40%.

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the [Office of Student Conduct](#).

Campus Carry Rules/Policies

Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University's webpage for [Campus Carry](#).

Services for Students With Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in

all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397- 4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [Safety / Emergency Procedures](#). Students are encouraged to watch the video entitled “*Run. Hide. Fight.*” which may be electronically accessed via the University police department’s webpage: [“Run. Hide. Fight.”](#)

Instructor Class Policies

CITATION AND REFERENCE STYLE

Students will follow the APA Style Manual, 7th Edition as the sole citation and reference style used in written work submitted as part of coursework to the University. Assignments completed in a narrative essay or composition format must follow the citation used in the APA Style Manual, 7th Edition.

LATE ASSIGNMENTS

Students are expected to submit classroom assignments by the posted due date and to complete the course according to the published class schedule. As adults, students, and working professionals I understand you must manage competing demands on your time. Should you need additional time to complete an assignment please contact me before the due date so we can discuss the situation and determine an acceptable resolution. Routine submission of late assignments is unacceptable and may result in points deducted from your final course grade.

THREE THEN ME RULE

Before you email me, make sure to follow the "Three then Me" rule. The "Three then Me" rule says that you search for your answer regarding the course in at least three other places before you email me. For example, if you have a question about an assignment, you could consult your syllabus, the assignment description on D2L, or another student in the class. Remember, check three sources before you email me your question. It is very likely you'll find the answer and not need to email me. If you don't find the answer, and need clarification, feel free to email me.

Plagiarism Statement

“By enrolling in this course, the student expressly grants MSU a ‘limited right’ in all intellectual property created by the student for the purpose of this course. The ‘limited right’ shall include but shall not be limited to the right to reproduce the student’s work product in order to verify originality, authenticity, and educational purposes.” [Student Handbook 2021-2022](#)

Dates and Activities Related to EURECA (required for EURECA students and recommended for nonEURECA students)

- Posters on the Go (PotG), October 13th, 2022- EURECA student researchers who are in this course engage in this activity every semester. You are invited to attend. EURECA students describe their research projects and discuss results in a simple format like that of an elevator speech in an informal set up. It will take place in the Clark Student Center.
- Preparing Effective Oral & Poster Presentations Workshop, TBD, October, 2022. More information will be shared as it gets closer.
- UGRCA Forum, November 17th, 2022- More information will be shared as it gets closer.

- Nuts & Bolts of Writing a EURECA Proposal Workshop, TBD, November, 2022. More information will be shared as it gets closer.

Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.
