Attendance

Students are expected to attend all meetings of the classes in which they are enrolled. Although in general students are graded on intellectual effort and performance rather than attendance, absences may lower the student's grade where class attendance and class participation are deemed essential by the faculty member.

Authorized Absences: Students with written approval for absences due to required participation in university-sponsored activities must present a signed letter or memo to the instructor at least two class days prior to the date of the absence. Only prior notification can guarantee lack of penalty for these absences.

Academically-related activities (class field trips, attendance at conferences, etc.) which result in absences do not qualify as university-sponsored activities. Excused absences for these activities are given at the discretion of the instructor.

It is the responsibility of the student to arrange with the instructor to make up all work missed during an authorized absence. Material from missed lectures (i.e. slides or notes) will only be provided to those students with a university approved absence or other extra-ordinary circumstance. These instances will be judged on a case by case basis by the instructor and in no way does it obligate the instructor to provide any material to students who miss excessive classes.

Procedures for Authorized Absences: For personal emergencies such as hospitalization or family emergency, or a prolonged absence, a student should notify **the Office of Student Rights and Responsibilities**.

For a student's absence(s) due to illness to be excused, the student must present documentation from either from their clinic, doctor, or the Office of Student Rights and Responsibilities.

Grading of Attendance: A student who has 6 unexcused absences during the entire semester will not receive any attendance points. Those students who have 6 unexcused consecutive absences will be **dropped** from the course.

Recording of Attendance: Attendance will be taken during each class manually either by a roll call or a signed attendance sheet. Attendance will not be recorded in D2L nor will the instructor respond to inquiries on the student's attendance numbers, it is the student's responsibility to keep up with how many classes they have missed.

Exams

Exam Policies: There will be four required examinations: exams 1, 2, 3, and a final. The scheduled examination dates are posted in the calendar section and these are not subject to change. All of the exams will be given in person.

Late: If you arrive late for an exam, you will not be given extra time to take the exam or any other accommodation.

Exam Make-Ups: If a student fails to notify the instructor and provide an **adequate** reason for missing the exam within 48 hours of the exam, the student will receive a **ZERO** for that grade.

If a student does have a sufficient reason for missing the exam, the make-up exam must be completed within 7 days of the regularly scheduled exam date or 7 days upon their returning to school. After the first 7 days, the student can still take the make-up exam, however, they will lose 10 points for each week that has passed since the original exam date.

The student must contact the instructor to schedule a specific date and time for the exam during office hours. Scheduling the make-up exam is the student's responsibility, not the instructors.

IMPORTANT: Any student who misses the first exam, has no university approved excuse, and who does not schedule or take the make-up the exam within the required period will be **dropped** from the class.

Final Exam: Any student who misses the final exam and has a legitimate excuse will receive a grade of 'Incomplete' and will have to take the make-up exam within 30 days of the beginning of the next semester or else the grade will be changed to reflect the student's grade without the final.

Taking Exams Early: Only under extraordinary circumstances will a student be allowed to take an exam, including the final, early. Only university approved excuses (i.e., death in the family, illness, etc.) will be considered for taking an exam early. Plane tickets or summer vacation plans are not a legitimate reason. You must request to take an exam early **IN WRITING** well before the date of the exam and approval is solely at the discretion of the instructor.

Exams 1, 2, & 3

Exams 1, 2, & 3 will be worth 20 points each and they will be administered in person in the assigned classroom. They will consist of multiple-choice questions and the student will have 50 minutes to complete the exam on the specified date and time (See the course schedule).

Final Exam

The Final exam will be worth 20 points and it will be held on December 13th from 8am to 10am and it will be **administered in person** in the assigned classroom. It will consist of multiple-choice questions and the student will have 2 hours to complete the exam.

Core Assessment

Technology Requirement & Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into D2L through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

If necessary, exams will utilize the Respondus Lockdown Browser and Respondus Monitor for testing. In order to utilize these programs, you will need to note the following:

- Chromebooks are not compatible with the Respondus Lockdown Browser and Monitor;
- Apple iPads may be used for quizzes and exams, but these are not advised for any assignment with a written component;
- Mobile phones and similar devices are not compatible with the required programs;
- A working webcam on the computing device is needed for all exams and quizzes.

Please note: a limited number of webcams and laptops with cameras are available for check-out through the MSU Texas Moffett Library.

Instructor Class Policies

Readings: The assigned chapters serve as a foundation for the lectures and the following classroom discussions and they should be read before the topic is taken up in class. Students who do not read the assigned chapter before the lecture will not be prepared to discuss the concepts covered in the chapter nor will they will they be prepared to ask any questions that the readings raised.

Not all of the material from the chapters will be discussed in the lecture, however, the student is accountable for all of the assigned information.

Participation: Students should feel free to raise questions concerning the readings, the instructor's lecture, the comments of other students, or current political events. Participation in the class discussions helps to bridge the gap between the readings, real world events, and adds the student's diverse perspectives to the classroom experience. It is important to note that in the discussion of political ideas and concepts, positions can be challenged and debated; however, this must be done in a respectful manner.

All students will accord the instructor and their fellow students with all due respect. Rude and abusive behavior will not be tolerated and will result in dismissal from the class.

Cellphones are a distraction from the learning process and their usage during class is frowned upon. They should be turned off in the classroom except where prior arrangements have been made with the instructor due to family or other emergency issues. All phones must be out of sight during exams or quizzes and any student caught looking at their phone while taking an exam or quiz will receive a **ZERO**.

Other items and/or actions that are not allowed during the class include listening to headphones or ear buds, eating, sleeping, or watching YouTube videos on their laptops.

There should be no talking during the lecture or while another student is answering a question or sharing their opinion on the subject matter of the class. If this occurs, students will be warned and if the disruptive behavior continues you will be removed from the class.

Communication Policy: In order to facilitate timely and effective communication between the instructor and the student the following policies will be put in place:

All emails need to be sent through Desire2Learn to the instructors D2L email address. This will keep student communications separate from the day to day administrative and campus wide emails.

All emails need to begin with your **full name** (i.e. the name that you are registered under) and your **class** and **section number**.

All emails received Monday through Friday (before to noon) will be answered within 24 hours, while emails received on Saturday, Sunday, or Friday afternoon will be answered on the following Monday.

All emails that concern questions that are already answered in the syllabus, exercise instructions, announcement section of D2L, or given during class will merely be referred to those communications (i.e. my response will be, "Please refer to the syllabus or instructions to answer this question.").

Emails that do not follow the above guidelines will not receive a response.

Important Notice: Only in certain circumstances that warrant it, (i.e. the administration of the college instructs me to do so) will any student be allowed to transition to an online format for the class. This includes taking the exams online.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities.
