Study Hours and Tutoring Assistance

Students are expected to practice ear training and sight singing skills and assignments outside of class. A minimum of 30 minutes a day is suggested. Skills cannot be learned in one day, but take time to develop.

Grading

Table 1: Percentage allocated to each assignment

Assignments	Percentage
Performance Opportunities One every week for 15 weeks	90

Assignments	Percentage
Final Project (Group Project)	10
Total Percentage	100

Table 2: Total percentage for final grade.

Grade	Percent
A	90 to 100
B	80 to 89
C	70 to 79
D	60 to 69
F	Less than 60

A student must pass both Music Theory II and Sight-Singing and Ear Training II to advance into Theory III.

Homework

When assignments are given, students are to practice outside of class to develop skills. Each skill should be honed in one week.

Performance Opportunities (PO)

Performance Opportunities are weekly submissions of skills practiced in class. One Performance Opportunity will be due each week. Students may submit PO's by sending a video link of the skill to email, texting the video, or by scheduling an appointment with Dr. Harvey.

Performance opportunities include competencies for rhythm, tonal/melody, harmony, and may include dictation and listening. All Performance Opportunities will be averaged to make up 90% of the semester grade.

Performance Opportunities are due weekly.

If not submitted on time, they will become a zero. If submitted and the skill is not passing, the student is required to resubmit the following week in addition to the weekly PO. If not resubmitted the grade stays as failing.

Exams and Midterm

All performance opportunities are weighted equally. There is no scheduled midterm since there will be weekly performance opportunities.

Group Project

The final exam is a group project.

Students will apply skills learned throughout the semester by performing a group project for the class. A group may be two or more students. Students who participate in

more than one group must designate which group will be their graded performance.

Each group selects one of the following for the project:

- arrange a piece of music with each person contributing to the arrangement
- improvise a piece of music
- create an original piece with each person contributing equally to the composition

Each student is required to perform two of the four skills:

- bass line
- melody
- harmony
- improvise

Students may perform on their major instrument, a secondary instrument, and/or sing.

If arranging a song, any style of music may be selected as long as the group agrees.

Final Exam

The final exam is the group project. It is weighted 10% of the final grade. See Group Project. Group Presentations – last day of class.

Final Exam Time: Tuesday, May 12, 2026 1:00 p.m. to 3:00 p.m.

Extra Credit

There are no extra credit opportunities.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

This class is performance based. Students participate in daily group and individual activities. Activities are cumulative in organization, building on previously learned concepts. Therefore, attendance is crucial to personal development. Students may miss class twice without a final grade reduction. Each absence that exceeds the allotted absences reduces the final grade by one letter grade. Tardies count toward absences. Students who arrive ten minutes late will be marked absent from class.

Nonparticipation in class equals one absence for each occurrence. Class participation includes all classroom activities (singing, moving, rhythm activities, improvisation, chording, dictation, etc.).

The instructor may drop a student from the course for excessive absences (5 or more).

Weather Statement

This course follows MSU Guidelines for inclement weather. Classes will not meet if campus is closed during the time of class. The class will NOT meet online if campus is closed. If assessment deadlines coincide with university closure, an extension will be stated the next class meeting.

Online Computer Requirements

Some performance opportunities have the option of submitting a video for credit. When this option is available, students may text a recording OR email a link to the video. DO not send the full video via email and this will fill my inbox. This option may require use of a computer. ****Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.*** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. ****Your computer being down is not an excuse for missing a deadline!!*** There are many places to access your class! Our online classes can be accessed from any computer in the world which is connected to the internet. Contact your instructor immediately upon having computer trouble If you have

technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Instructor Class Policies

Students are required to participate in all class activities. Students are to practice assigned material in preparation for each class. If you are sick and have lost your voice, let the teacher know. You can still participate by showing hand signs, counting rhythms, etc.

Students are to conduct themselves in a professional manner so that all students may learn without distraction or disruption. This includes cell phones turned off and no texting.

College students are adults and are expected to behave accordingly. Classroom behavior that interferes with either the instructor's ability to conduct class or the ability of the other students to benefit from instruction will result in the instructor removing the disruptive student(s) from class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to and including an F. Depending on the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MSU policies.

Cell Phones and Other Recording Devices

The use of cell phones and other recording or electronic devices is strictly prohibited during class. The instructor may direct, from time to time, on the possible use of cell phones for legitimate class reasons. Recording the class is prohibited, unless it is part of a reasonable accommodation under ADA, or by obtaining written consent by the instructor.

Office Hours

Dr. Harvey has five scheduled office hours to meet with her. Requesting a meeting during office hours is preferred to ensure her availability. If you are unavailable to meet during those times, she has five flexible hours to coordinate a meeting. You may call her office during scheduled office hours. However, she may not answer if she is meeting with a student.

Privacy Statement

Federal privacy law prohibits the instructor from releasing information about students to certain parties outside of the university without the signed consent of the student. Thus, in almost all cases the professor will not discuss students' academic progress or other matters with their parents. Please do not have them call. Regardless of these important legal considerations, the professors' general policy is to communicate with the students, not their parents, even when a

student has signed a consent form. College students are adults and are expected to behave accordingly.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.
