Course Description

This course is designed to integrate the generalist social work foundation knowledge and skills in actual social work settings. Emphasis is placed on individuals, families, small groups, and communities from a multicultural perspective. Fifteen hours per week is required in an approved agency placement.

Cooperatively run by faculty and students, Field Seminar 4236 is not simply another lecture class. It provides an open forum for the exchange of ideas, feelings, and experiences. It is a vehicle to examine issues and test out practice principles and values. It should also encourage the use of new understanding and the discussion of conflicting messages about theory vs. the "real world." Students should be able to use the seminar to learn to critically assess their field experiences and to give and receive both support and critique. Discussions in the seminar are confidential unless ethical considerations dictate otherwise.

Field Practicum and Seminar I is structured to be developed by students and faculty to meet the needs of the particular students in field each semester. Participation is therefore essential. Students are expected to come prepared to discuss issues, questions and/or concerns related to agency placement. The seminar provides an opportunity for students to share experiences, to gain feedback on their performance, and to develop strategies for dealing with problems that may arise. Students have the responsibility to help the seminar work. The faculty are resource persons and as such, structure and facilitate discussion and share suggestions. As a part of this course, students must develop a portfolio demonstrating competence as developed throughout their MSU Texas BSW course of study in each of the nine social work competencies, which are found on pages 8-13 of the 2022 [2022 CSWE Educational Policy and Accreditation Standards](#).

Course Delivery

This seminar has been planned as a fully face-to-face course. The class will meet in its regularly scheduled room on all scheduled class days.

Students with health concerns or any symptoms of illness should **communicate with the professor in advance** to evaluate if they may need to attend live classes via zoom. Students attending by Zoom without medical need and prior approval will be given a daily participation grade of zero. **Students attending by Zoom must have advance approval and appear on video for the entire duration of the class.**

If Midwestern State University campus operations are required to change, it is possible that course delivery or course format will change. Should that be necessary, students will be advised of the changes.

Class Participation

It is expected that students will contribute to the maintenance of a healthy learning environment, by paying attention to lectures, to fellow students' contributions in the class and by not being disruptive in class. **Side conversations, making noises, leaving, working on outside assignments, or inappropriate use of electronics during class are disruptive, will result in a lower participation grade, and may result in the student being asked to leave.** It is expected that students actively participate in class discussions and exercises. It is also expected that everyone who shares ideas/views is respectful of others' time and ideas/views. We could agree to disagree, but we ought not to be disagreeable.

Class participation is expected not only at the time of class discussions but also during lectures by raising pertinent questions, by contributing relevant ideas and by sharing relevant examples. **Students will be expected to read all the assigned materials prior to class** and be prepared to engage in class discussions related to the class topics.

Laptop and Cell Phone regulation

No Photographing, recording, or text messaging is allowed without the permission of the instructor. Please turn off or set cell phones on silent. Please do not surf the internet or listen to music while in class. Please note that using electronic devices during class time will have an adverse impact on participation grade.

Tutoring Assistance

Begin drafting papers as early as possible and take advantage of the [Tutoring & Academic Support Programs](#), located off the first floor of the Moffett Library. The MSU TASP Learning Center offers drop-in tutoring support for most general subject areas including but not limited to Writing, Math, Science, Business, and Foreign Languages. Students check in to work one-on-one with a tutor typically for an hour regarding specific concepts.

Student Handbook

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work, not the individual to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct.

Moffett Library

Moffett Library provides resources and services to support student's studies and assignments, including books, peer-reviewed journals, databases, and multimedia materials accessible both on campus and remotely. The library offers media equipment checkout, reservable study rooms, and research assistance from librarians to help students effectively find, evaluate, and use information. Get started on this [Moffett Library webpage](#) to explore these resources and learn how to best utilize the library.

Table 2: **Failure to complete any assignment will prevent course completion.** Weighted average will be used to calculate a final grade for students who complete all course requirements and assignments.

Grade	Points
A	90.0-100
B	80.0 to 89.99
F	Less than 80

Field Practicum Grade Policy

Students must complete all learning experiences and assignments, including a minimum of 200 hours in the field practicum setting, during the semester in order to complete Field Practicum & Seminar I.

A course grade of below a B or an average of below 80% will be considered a failing grade. ***Students must repeat social work courses in which they receive a failing grade.***

Learning Experiences Required

Practicum Learning Contract

The student and the field instructor are asked to develop a written agreement or Practicum Learning Contract to help with the student's personal and professional growth. This document encompasses the expectations of each in relation to teaching and learning objectives, assigned tasks, operating procedures, and issues around illness. Responsibility for negotiating and preparing the Practicum Learning Contract is shared between the assigned field instructor and the student intern. The student is responsible for submitting the Practicum Learning Contract to his/her FFL on the date indicated on the practicum calendar. This learning contract is used as a guideline by the student, the FI, and the FFL in planning field assignments and evaluating performance.

Supervision

Meet weekly with the Agency Field Instructor for at least one (1) hour. Individual supervision is required to address specific student learning needs. Attend staff meetings. Meet with other field interns for group supervision if offered. Prepare case presentations.

Content of Field Practice

Students are expected to carry a minimum of 3 cases for the semester. Students are strongly encouraged to work with diverse ethnic and cultural groups. Students will be given the opportunity to observe and perform social work duties as part of direct and indirect practice under close supervision.

Weekly Field Seminar

The weekly field seminar led by the FFL will provide a supervised learning experience in a community-based social service agency. Seminars are designed to integrate the knowledge, values, and skills presented in the classroom with the field practicum experience. In each seminar, students will be required to critically assess their own practice skills and discuss the dimensions of social work practice from their emerging professional experiences in the field.

Seminar Topics (class, social work department)

- Mandated reporting laws and protocol—instruction on reporting child abuse and elder abuse as a mandated reporter;
- Process recording as a therapeutic tool;
- Use of supervision in the field internship;
- Code of ethics;
- Ethical Issues;
- Multiple social work roles at the BSW graduate level;
- Diversity and cultural awareness in working with the disenfranchised and marginalized populations.

Interdisciplinary Communication Event (ICE)

ICE is the Interdisciplinary Communication Event for the Gunn College of Health Sciences and Human Services. The purpose of ICE is to allow students the opportunity to work collaboratively with other disciplines in a format that is similar to what will be encountered within a hospital environment. This will account for 10% of your final grade for this course. You will be required to participate in the event from 7:30am – 1:00pm. If for any reason you are not able to attend the event, you will be required to write a 20-page paper covering the importance of interdisciplinary education within the health sciences and will be graded as the 10% of the final grade in place of the ICE.

Assignments

Evaluations

- Submit mid-semester and semester-end student evaluations that have been jointly reviewed and signed by the student and Field Instructor.
- Submit an Evaluation of the Field Placement Experience to the Faculty Field Director at the end of the semester.
- Complete Field Program and Faculty Field Director evaluations at the end of the semester.

Process recordings

Students may be asked to provide regular process recordings as a learning tool to maximize the benefits of weekly individual supervision. A minimum of one (1) process recording is due during the semester. See additional handout sheet for this assignment (Attachment 1).

As a capstone to social work practice courses, while completing field hours, you are being asked to complete 2 course assignments based on your internship placement. These are 1) Case Study Presentation and 2) Group Observation Presentation. Brief descriptions of each assignment are given below:

Case Study Presentation

Students will assess their assigned case in the field placement and discuss an intervention plan based on an ecological perspective and strengths-based approach. Students will make an in-class oral case presentation based on their case study. Students will make a presentation in class (6-10 minutes).

Group Observation Presentation

The assignment is to describe and analyze a group that the students will be observing in their field placement. In their presentation, students will discuss their interpretation of the group dynamics, leadership style, group composition, and group process. Students will make a presentation in class (6-10 minutes)..

Field Agency Timesheets

Submit weekly timesheets to the Faculty Field Director through D2L.

ExamPrepConnect

This online ASWB Licensure exam prep program offers a blend of theoretical content knowledge along with practical advice, delivered in an accessible and motivational voice. It offers a wide array of activities that appeal to different learning styles. The FREE EPC Mobile App for 24/7 study places every tool for success in the palm of your hands. EPC is designed to provide equity of access and enable users to get the tools you need to prepare for the licensure exam. Since EPC is an all-digital product, the author can update test questions and content to reflect any changes that occur in the licensure exam.

Students are graded on EPC completion percentage, rather than based on prep material scores. Students are expected to complete 50% of the EPC program by the end of the semester.

Practicum Paper

Write a minimum 5-page typed practicum paper due at the end of SOWK 4236. It will be evaluated on depth of analysis and content. It should describe how you experienced and understood generalist social work practice from a multicultural perspective and your ability to describe the social work principles in your work with individuals, families and/or groups. See additional handout sheet for this assignment (Attachment 2).

Weekly Field Logs / Field Journal / Field Agency Timesheets

Submit weekly documentation of activities performed, competencies demonstrated, and hours logged in the agency to the Faculty Field Director through D2L.

Performance evaluation in agency

A LEARNING CONTRACT which outlines your goals and objectives for your field placement (see materials in D2L) to be developed in consultation with your field instructor. If during the year, you feel you need to re-negotiate this contract, the field instructor should be involved. You will be graded on your progress toward meeting the objectives of your learning contract.

Field Evaluations

- Submit mid-semester and semester-end student evaluations that have been jointly reviewed and signed by the student and Field Instructor.
- Submit an Evaluation of the Field Placement Experience to the Faculty Field Director at the end of the semester.
- Complete Field Program and Faculty Field Director evaluations at the end of the semester.

200-Hour Minimum

Students should complete 14 weeks in their placement with 15 hours documented each week (210 hours, total). To pass the class, students must complete a minimum of 200 hours in the Practicum during the semester, and these hours must be verified by the Field Instructor. Completion of these 200 hours must occur no later than the end of week 15.

Seminar Participation and Attendance

Field Practicum and Seminar I is structured to be developed by students and faculty to meet the needs of the particular students in field each semester. Participation is therefore essential. Students are expected to come prepared to discuss issues, questions and/or concerns related to agency placement. The seminar provides an opportunity for students to share experiences, to gain feedback on their performance and to develop strategies for dealing with problems that may arise. Students have the responsibility to help the seminar work. The faculty are resource persons and as such, structure and facilitate discussion and share suggestions. The field seminar is a critical adjunct to the field experience.

Students are mandated to attend a weekly field seminar during the semester. Students absent for lawful or legitimate reasons will be permitted to make-up a seminar in accordance with the make-up policy. The following conditions provide the only acceptable reasons for a student's absence: 1) Illness of the student or an illness in the immediate family which requires the absence of the student from the seminar in which case the student's FFL may require a doctor's statement; 2) A death in the immediate family of the student; and 3) An absence for other reasons may be excused if, in the judgment of the student's FFL, circumstances warrant.

Make-up Policy: The student's FFL will assign the student an alternative assignment. The alternative assignment could be a written report about the missed topic of the field seminar. For example, if the student missed the seminar which addressed the multicultural perspective in his/her field placement work; the FFL may ask the student to write a paper on that topic. Failure to complete a makeup assignment will result in a No Credit grade which means you fail the entire field education course.

Late Work

All assignments must be submitted on time. Students who need additional time to complete assignments must meet with the FFL at least one class session prior to the assignment's due date to discuss the accommodations that need to be made. It is the student's responsibility to request this meeting.

Late work will be penalized ½ letter grade per 24-hour time period. Failure to submit any assignment within 7 calendar days of the due date will result in a failing grade for the assignment. You should get with the instructor as soon as possible if an emergency occurs interfering with your ability to meet a due date.

Make Up Work

All assignments must be submitted on time. Late assignments will have a negative effect on your grade. Failure to submit any assignment within 7 calendar days of the due date will result in a failing grade for the assignment. Make up work will only be considered in cases of university excused absences or verifiable emergencies.

Important Dates

Check all dates on the [Academic Calendar](#).

Last day for term schedule changes: January 21-24

Deadline to file for graduation: February 17 for May Graduation

Last Day to Drop with a grade of "W:" 4:00pm April 30.

Refer to: [Drops, Withdrawals & Void](#)

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Social Work Field Practicum Seminar Attendance Policy

Students are expected to attend all meetings of this class and to arrive before class begins. If unable to attend class, please inform the instructor directly via email or office phone before the class start time. If unable to attend class due to an emergency, please inform the instructor as soon as possible. Students must meet with Faculty Field Director to request an alternative assignment as allowed by the make-up policy. Please note that ***for each "uninformed class absence" a 0 will be assigned for the class period participation grade. Coming late to class, inattentive or disruptive behavior during class (including inappropriate cellphone or computer use), and leaving early from class will have an adverse impact on attendance and participation grade.***

Each unexcused absence will result in a subtraction of 5 points from the student's final overall grade at the end of the course.

After three absences the student will be dropped from the class.

For an absence to be excused the **student must inform the instructor in advance of the reason for the absence** and provide documentation supporting the need for the class absence.

An absence will be considered officially excused if the student:

- a. Presents a written excuse from the Office of Student Affairs.
- b. Presents a written excuse from a physician.
- c. Presents written documentation of attending a mandatory function (e.g., basketball team, band, etc.).
- d. Obtains permission from the instructor in advance of the absence.

Authorized absences due to required participation in university-sponsored activities must be approved by the college dean or Athletic Director and the Provost. These absences will not count against the student when the student presents a signed letter to the instructor at least two class days prior to the date of the absence. Only prior notification can guarantee lack of penalty for these absences. It is the responsibility of the student to arrange with the instructor to make up all work missed during an authorized absence. Academically related activities (class field trips, attendance at conferences, etc.) which result in absences require the cooperation of individual faculty members. Even though such activities are educational in nature, they do not qualify as university-sponsored activities.

Instructor Class Policies

All students registered for courses in the Social Work Department are expected to adhere to the responsibilities, and behavior as articulated in both the [Student Handbook](#) and the NASW (National Association of Social Workers) [Code of Ethics](#). An essential feature of these codes is a commitment to maintaining intellectual integrity and academic honesty.

This course requires that work submitted for a grade by students – all discussions, process work, drafts, brainstorming artifacts, final works, etc. – will be generated by the students themselves, working individually or in groups as directed by class assignment instructions. This means that the following constitute violations of academic honesty: a student has another person/entity do the work of any portion of a graded assignment for them, which includes using the work of another student as a template, purchasing work from a company, hiring a person or company to complete an assignment or exam, and/or **using generative AI tools (such as ChatGPT, QuillBot, or any generative AI assistance such as GrammarlyGO, Grammarly Premium, etc.)**.

I use TurnItIn as an initial way to detect and measure AI use and plagiarism and may use additional detection tools if academic dishonesty is indicated or suspected. I have a **zero-tolerance policy for academic dishonesty, cheating, plagiarism, or collusion** and violations will result in substantial penalties including a failing grade (zero) on the assignment with no make-up opportunity and/or a referral to the Dean of Students.

Repeated **accidental or willful cheating, plagiarism, or collusion or use of someone else's words, ideas, or evidence without attribution will be met with a failing grade in the course and a referral to the Dean of Students,** regardless of whether the first occurrence was in this course. If you have any doubts or questions about what constitutes academic misconduct, please do not hesitate to contact me.

Students are expected to display professional decorum at all times. This includes, but is not limited to, respecting classmates and the instructor. In this regard, it is expected that students will not hold side conversations, use cell phones, or engage in other types of unprofessional behaviors once class has begun or in relation to the class. Students should prepare appropriately for discussions and refrain from causing disruptions to the class and course discussions.

Diversity: It is my intent to present material and activities that are respectful of diversity. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of diversity in this course are encouraged and appreciated.

Professional Expectations of Student Behavior

Midwestern State University Department of Social Work is mandated by the Council on Social Work Education (CSWE) to foster and evaluate professional behavioral development for all students in the social work program. Strive to learn about methods of empowering populations and enhancing social justice at micro, mezzo, and macro levels.

Consequences of Unacceptable Behavior

The Department of Social Work may terminate a student's participation in the program on the basis of professional non-suitability if the Department's faculty members determine that a student's behavior has constituted a significant violation or pattern of violations of the NASW Code of Ethics, the MSU of Social Work Student Manual, or the MSU Academic Policies and Regulations. Examples of violations that may lead to termination include (but are not limited to) the following:

1. Failure to meet or maintain academic grade point requirements as established by the University and the Social Work program.
2. Academic cheating, lying, or plagiarism (turnitin.com will be used to check the originality of the text).
3. Behavior judged to be in violation of the NASW Code of Ethics.
4. Failure to meet generally accepted standards of professional conduct, personal integrity, or emotional stability requisite for professional practice.
5. Inappropriate or disruptive behavior toward colleagues, faculty, or staff (at the department or in the field placement).
6. Consistent failure to demonstrate effective interpersonal skills necessary for forming professional relationships (for example, unable to demonstrate nonjudgmental attitude or unable to allow client self-determination).
7. Documented evidence of criminal activity occurring during the course of study.

For additional university-wide policies and regulations, see the MSU [Undergraduate Catalog](#). This web site contains information on grading, incomplete grades, cheating on exams, plagiarism, and expectations of student behavior.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. Two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

Pregnant and Parenting Students

To support the academic success of pregnant and parenting students and students with pregnancy related conditions, the University offers reasonable modifications based on the student's particular needs. Any student who is pregnant or parenting a child up to age 18 or has conditions related to pregnancy, may contact MSU's designated [Pregnancy and Parenting](#) Liaison to discuss support available through the University.

College Policies

Obligation to Report Sex Discrimination under State and Federal Law

Midwestern State University is committed to providing and strengthening an educational, working, and living environment where students, faculty, staff, and visitors are free from sex discrimination of any kind. State and federal law require University employees to report sex discrimination and sexual misconduct to the University's Office of Title IX. As a faculty member, I am required to report to the Title IX Coordinator any allegations, personally observed behavior, or other direct or indirect knowledge of conduct that reasonably may constitute sex discrimination or sexual misconduct, which includes sexual assault, sexual harassment, dating violence, or stalking, involving a student or employee. After a report is made, the office of Title IX will reach out to the affected student or employee in an effort to connect such person(s) with resources and options in addressing the allegations made in the report. You are also encouraged to report any incidents to the office of Title IX. You may do so by contacting:

Campus Carry Rules/Policies

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes as prohibited. The new Constitutional Carry law does not change this process. **Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses.** For more information, visit [Campus Carry](#).

Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [Safety / Emergency Procedures](#). Students are encouraged to watch the video entitled "Run. Hide. Fight." which may be electronically accessed via the University police department's webpage: ["Run. Hide. Fight."](#)

Smoking/Tobacco Policy

Midwestern State University seeks to provide a safe, healthy, pleasant environment for its faculty, staff, and students. To this end, the use of tobacco products, including smoke and smokeless tobacco, and the advertising, sale, free distribution, and discarding of tobacco products shall be prohibited in all indoor and outdoor facilities and in all university vehicles. The policy extends to faculty, staff, students, vendors, guests, and visitors.

Alcohol and Drug Policy

To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.

Grade Appeal Process

Students who wish to appeal a grade should consult the Midwestern State University [Undergraduate Catalog](#).

Course Changes

Although much thought, study, and research has gone into designing the course and learning opportunities, often the most significant learning comes in unexpected moments. The instructor cannot predict these times but respond to them. Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.

Process Recording (Attachment 1)

A process recording helps in applying theoretical concepts to practice situations. This assignment will help develop an effective means for students to conceptualize and evaluate their practice with clients. Through this assignment, a student will collaborate with his/her FI to identify learning needs and expectations and will track progress toward achievement of educational objectives. This assignment requires an introduction, a process recording documenting at least 15 minutes of client interaction (brief recordings will not be accepted), and a conclusion addressing practice behaviors reflected in the process recording. Below is a standardized outline for the process recording assignment.

Outline for Process Recording

Content-Narrative	Student Feelings/Thoughts	Supervisor's Comments
-------------------	---------------------------	-----------------------

- The social worker's observations and analytical thoughts regarding what has been happening during the interview; and,
- A description of how the interview ended.

2. Students' Feelings

Included in process recordings is an assessment and interpretation of what went on during the interview and some understanding of it. The student may utilize hindsight in thinking through his/her role and use of self in the interview so as to become better involved in a purposeful manner with this client or other client's in future contacts. Students should evaluate their effectiveness as to the helping process and reflect on the use of intervention skills and techniques that were used or not used in specific parts of the interview. Students should also evaluate whether the purpose was accomplished and show how this was done or why it was not.

Mustangs In Motion: An Investigation of the Impact of Structured Classroom Physical Activity Breaks on Students' Mood, Concentration, and Sense of Belonging

Our class has been invited to participate in a study by faculty (listed below) in the West College of Education. As a student in this class, you are being invited to volunteer as a subject in an investigation of how your mood, concentration, and sense of belonging are impacted when you take a short break during classes. If you answer the questions in the initial survey you consent to participate in the study.

Through this study researchers will attempt to better understand the impacts of taking structured classroom movement breaks on your concentration, mood, and sense of belonging in the classroom. All students in this class will be given a break opportunity by the professor during class, and for those who choose to participate in the study, you will be asked to complete a pre-and post survey pertaining to your perceptions of the break on the aforementioned dimensions and short surveys after the breaks. You qualify as a possible participant in this study because of your enrollment at MSU and in this class.

Any information that is obtained in connection with this study will remain confidential. To ensure confidentiality and anonymity, you will create a unique identifier which you will use for all surveys. The investigators will at no time attempt to identify you or use your name in the final report or subsequent publications and as your professor I will not have any information regarding what you say in your responses.

This study does not pose any risks to you and is completely voluntary. The decision whether to be in this study is entirely up to you. You can refuse to participate, or withdraw from the study at any time, and such a decision will not affect your grade in this course or your relationship with Midwestern State University, either now or in the future. There are no costs for participating in this study.

You will receive no compensation for your participation in the research study, and feedback regarding the broad findings of this study as well copies of this consent form are available by request. For dissemination purposes, the investigators may use selected responses in academic articles, books, or oral presentation at conferences or other professional proceedings.
