Course Description

The language teaching community agrees that learning language and culture are inextricably connected. Thus, this course focuses on developing students' Spanish- language proficiency through modes of communication that reflect real life communication in the varied cultures of the Spanish-speaking world. By employing interpersonal, interpretive and presentational communicative modes in Spanish, students will explore the ideas, values, beliefs and other cultural aspects of Spanish-speaking peoples across the world and how these aspects work together to affect human experience.

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, grades, and general course information. You can log into [D2L](#) through the MSU Homepage.

Skills and Outcomes

By the end of the course, students will have developed solid competencies in each of the five goal areas (the five C's): Communication, Cultures, Connections, Comparisons, and Communities. Main objectives include:

1. Ability to comprehend and respond to basic conversational patterns

3. Basic proficiency in reading and writing the language
4. Knowledge of significant cultural practices and historical events from the Spanish-speaking world
5. Ability to use technology for e-mail and research of selected topics in Spanish
6. Ability to use the [VHL Central Supersite](#) for oral and written practice of Spanish

Specific outcomes of the course are the following:

- Talk about daily routines and personal hygiene, reassure someone, tell where you went

Notice: Changes in the course syllabus, procedures, assignments, and schedule may be made at the discretion of the instructor and/or as required by the University.

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct.

Midterm Progress Report

In order to help students keep track of their progress toward course objectives, the instructor for this class will provide a Midterm Progress Report through each student's WebWorld account. Midterm grades will not be reported on the students' transcript; nor will they be calculated in the cumulative GPA. They simply give students an idea of where they stand at the midpoint of the semester. Students earning below a C at the midway point should meet with the instructor and/or take advantage of tutoring options.

Attendance

You are required to be in class for the entire 50-minute period. Arrive on time. You may be counted absent if you are more than 10 minutes late for class or if you leave class early.

Absences due to official university functions or illness will be dealt with on an individual basis and should be discussed with the instructor outside of class time. There are no "excused" absences from regular class periods and the instructor will take attendance every day. Each absence lowers your attendance grade. The attendance grade is calculated by dividing the number of days that you are in class by the number of days that the course meets. (Example

for 2 absences out of a total of 57 class days: $55/57 = .9649\dots = 96.49\%$). The attendance grade contributes 5% to the final course grade.

This syllabus serves as notice that you may be dropped from the class without further notification if you are absent more than six times. . If you decide to drop the course, you must follow university procedure for dropping a course to receive a W. If the instructor drops you, you will receive a WF or F.

Participation

The participation grade contributes 10% to your course grade and is based upon your use of Spanish in the classroom and via optional recorded chats with classmates or with an online avatar. Don't worry about speaking perfect Spanish. Accuracy will come with practice and repetition.

Quizzes in class and in D2L (Desire-To-Learn)

Four quizzes based on homework and class work will be given in class. These quizzes will contribute 10% to your course grade . No late work is accepted, and no make-up quizzes are given.

Core Curriculum Assessment

One of the D2L Quizzes will also serve as an assessment of the student's performance of the core curriculum objectives in the specific context of this course. The short answer quiz will be based upon a film or article(s) that I will assign around the middle of the semester. The film or article(s) will present the student with an ethical dilemma or issue for resolution. In their responses, students should demonstrate that they have adequately researched and considered the topic in the framework of the core curriculum objectives.

The core objectives for the Language, Philosophy and Culture Foundational Component Area are addressed in this course according to the following descriptions:

- **Critical Thinking Skills:** Students will demonstrate creative thinking, innovation, inquiry and analysis, evaluation, and synthesis of information.
- **Communication Skills:** Students will demonstrate effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- **Personal Responsibility:** Students will demonstrate the ability to connect choices, actions, and consequences to ethical decision making.
- **Social Responsibility:** Students will demonstrate intercultural competence, knowledge of civic responsibility and the ability to engage effectively in regional, national, and global communities.

In responding to the topic, students must identify their core beliefs and the origins of those core beliefs, recognize the ethical issue(s) presented and the relationships between issues, state a position on the issue(s) and connect their position to implied actions and

consequences¹. More information about this assessment will be given by midsemester at the latest.

Homework Assignments

You will have almost daily homework assignments on the [VHL Central Supersite](#). Some of the assignments are for the presentation of vocabulary and/or tutorials for grammar topics. These assignments include written, audio and video activities. The purpose of these assignments is to help you learn the material, so you should use all the VHL resources (vText, vocabulary cards, etc.) to complete these “homework” type activities.

Each assignment is to be completed by **the start of class time on the due date** (see calendar/dashboard in [VHL Central Supersite](#)). Homework completed after the due date will be accepted but with a 5% penalty assessed for each day past the original due date for that assignment. For each lesson in the [VHL Central Supersite](#), an average of all the homework assignments for that lesson will be recorded in the D2L course gradebook. Once the lesson grade has been recorded in the D2L gradebook, no late work will be accepted. These lesson grades contribute 5 % to your course grade. You are welcome to work ahead in the online program. Your lowest grade in this category will be dropped at the end of the semester.

Language Lab Quizzes

You will take six listening comprehension quizzes in the World Languages Laboratory in Bea Wood 127/128. The quizzes are based on videos related to the vocabulary, grammar and cultural concepts presented in each lesson. You may preview these videos at the [VHL Central Supersite](#) and you will need to access the site in the Language Laboratory to complete your quizzes.

Please show your MSU Student ID to the lab attendant to receive your quiz. You will receive a quiz and a Scantron. You are not allowed to use books, notes, or any other materials when completing the quiz. Also, do not write on the quiz. Please sign out at the lab attendant’s desk. Make-up and/or late quizzes are not permitted. Your lowest lab grade will be dropped at the end of the semester. Please note the due dates below. A schedule of lab hours will be posted on D2L as soon as it is available.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).
