Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct. Research papers and projects must be original work for each course assignment. Grading Scale

Letter Grade	Percentage Grade

Letter Grade	Percentage Grade

A minimum grade of 75, or a C, is required in all respiratory courses. All assignments must be completed by 11:59pm CST on the due date.

Discussion Boards

Discussion content and questions will be posted on certain weeks throughout the semester. You can see the weeks that will include a discussion assignment on the course schedule within the syllabus. During the weeks that include discussions, an initial post must be submitted by Wednesday at 11:59pm. Two substantial responses must be made within the discussion board by Sunday at 11:59pm. Each discussion has a max point value of 6 points. 2 points will be given for your initial post and 2 points will be given for each of your 2 response posts. All discussion boards are expected to raise thoughtful questions, incorporate content from readings, build on the ideas of others, expand the class' perspective, appropriately challenge assumptions and perspectives, use citations to support posts in proper APA formatting. Initial posts should be at least 200 words in content. Response posts should be at least 100 words in content.

Management Case Study

There will be one Management case study.

Topic: Identify a management problem you have encountered in your work place and suggest a possible solution for the problem.

This assignment should be at least two to three full pages in length (excluding title and reference pages). Utilizing correct APA format, you must reference at least three recent (within the last 5 years) scholarly journal articles in support of your proposed solution to the management problem you identified. Use in-text citations as well. This paper must follow APA guidelines. An abstract is not required for this assignment. A great APA resource can be found on the [Purdue OWL website](#). I do expect well-written papers that are at a collegiate level of writing. A rubric for the writing assignment can be found in the Learning Tools within the D2L course. The written assignment is worth 40% of your final grade.

Quizzes

There will be a total of five quizzes, which will cover several chapters within the text as well as additional readings that you will find posted in each weeks' module. Students are expected to analyze and apply their education and knowledge during these quizzes. Quizzes are located under assessments. You may use learning resources to help you with the quizzes; however, the quizzes are timed and may only be taken once. Quizzes/Exams account for 40% of your final grade, distributed equally among all quizzes.

Late Work

D2L is designed so that students are locked out of the system after the deadline has passed. Please make note of all deadlines and adhere to them. Anything not completed and submitted on time will be graded as a zero. Please talk with your professor, prior to the due date, regarding circumstances that may prevent you from completing an assignment on time. All assignments must be completed by 11:59pm on the due date.

Important Dates

Deadline to file for May Graduation: February 17, 2020

Last Day to drop with a grade of "W:" February 19, 2020.
