Sociology is the study of social life, social change, and the social causes and consequences of human behavior. Sociologists investigate the structure of groups, organizations, and societies and how people interact within these contexts. Since all human behavior is social, the subject matter of sociology ranges from the intimate family to the hostile mob; from organized crime to religious traditions; from the divisions of race, gender and social class to the shared beliefs of a common culture. (American Sociological Association n.d.: para 1)

Professor: Amy Clark, ABD

OFFICE: O'Donohoe 131

Mon. 10:00am-10:30am; 12pm-2pm

Tues. 11:00 am-12:00pm

The best way to meet with me face-to-face is on campus during my office hours, which are listed above. If you have a limited time window, then please make an appointment with me during my office hours; that way I am able to dedicate specific time to addressing your needs and concerns. Otherwise, you may have to wait if I am in an appointment with another student. If you need to schedule a Zoom appointment, then please give me as much advanced notice as possible, and we can set up a time. You can also reach me via email or by the D2L message inbox; I answer emails Monday through Friday within 48 hours *excluding weekends*. However, electronic communication is time stamped, and I will honor the date and time that you contact me.

ASSESSMENTS AND GRADING:

Exams: Worth 100 points each; 400 total

Exams will be submitted in D2L. They will be made available at 8am CST on the day they are due, and they will close at 11:59pm CST. Each exam will be 50 questions, which includes true/false and multiple-choice questions. Students will have 50 minutes and one attempt to complete each exam. The Lockdown browser will not be used. Questions will be randomly drawn from a test pool. **No late tests will be accepted** without extensive documentation for a verifiable excused absence.

- Exams 1-4 will be **timed** and administered **in the D2L course shell**. There is no final exam in this course.

Policy on Academic Dishonesty

- Exams are open book/open notes, but students are NOT allowed to use the internet (on computers, cell phones, iPads, etc.) to search for answers to exam questions. Also, students are NOT allowed to use ChatGPT or any other unauthorized AI to prepare for their tests. Students are NOT allowed to take the tests together or consult ANY other students or any other people about answers to test questions. As students prepare for exams, they should ask ME questions if they need help.

Policy on Missed Exams & Technical Difficulties

- Please refer to the policy on excused absences for more information. Students can only make up an exam with verifiable documentation an excused absence.
- If students experience technical difficulties during an exam, then a screenshot/picture **must be taken** verifying the specific technical difficulties as well as verifying how far the student made it through the exam questions-including the time elapsed.
 - If students experience a technical issue in D2L, students should reach out through the D2L help feature to “[report a problem](#).”

Special Notes on Accommodations:

- Based on accommodations and testing needs, students can arrange to take a test on campus with an approved proctor **on the date in which the test is due**. For example, a *student can also use a scantron and a blue composition notebook*, which are available for purchase in the [MSU Texas Bookstore](#). Exam materials must be **collected by the proctor on the same day as the test is due in D2L**.
- If students are allotted extra time based on a reasonable accommodation, then they should *also plan ahead and communicate with me* in order to complete the exam with a proctor on the *same day in which it is due in D2L*.

Test grades will not be curved or dropped

Test grades will not be curved, and no test grades will be dropped. However, students are encouraged to complete the extra credit opportunity in the event that one of their test grades was much lower than they expected. See the description of the extra credit under Grading.

Policy on Academic Dishonesty

- Exams are open book/open notes, but students are NOT allowed to use the internet (on computers, cell phones, iPads, etc.) to search for answers to exam questions. Also, students are NOT allowed to use ChatGPT or any other unauthorized AI to prepare for their tests. Students are NOT allowed to take the

tests together or consult ANY other students or any other people about answers to test questions. As students prepare for exams, they should ask ME questions if they need help.

Attendance: Worth 100 points

Points for attendance are awarded over the course of the semester by the instructor for the following reasons: Participating in discussions, answering in-class prompts, a civil and respectful attitude, and *physical presence in class*. **For each unexcused absence, students LOSE 10 points per class from their attendance points; missing MORE THAN 10 classes for an unexcused reason will result in a ZERO for attendance points without exception. If students miss class for an excused reason such as an athletic event, they should seek out the instructor for a relevant make up activity for attendance points for the specific days that they were absent.**

Attendance policy

Lack of attendance should not become a pattern. Otherwise, a student will be warned via texts through Banner and emails through D2L. A pattern, for example, is three unexcused absences in a row (consecutive). Students who miss more than 10 classes for an unexcused reason **will forfeit their attendance points and are at risk of being dropped** by the instructor and will be **warned accordingly**.

Reflections: Worth 200 points total

There are four reflections over the course of the semester, and they are required to be one page in length. Detailed instructions are provided in D2L.

Projects: Worth 100 points total

There will also be 3 projects over the semester, which equal 100 points (total). Each assignment will be graded with a detailed rubric, and students will have access to the assignment directions ahead of time in the D2L course shell. Projects will be turned in (submitted) through an assignment link in the D2L course shell on their respective due dates. The following are a list of the projects.

- The World Health Organization project is worth 50 points.
- The Sanitation project is worth 25 points
- The Current Events project is worth 25 points

Homework: Worth 50 points each; 200 total

Homework may be hand written, but it should be uploaded to D2L as a Jpeg or Png file.

Graded Assessments	POINTS	Weighted Percentage of Final Grade by Category
Exams 1-4 (50 questions/100points each)	400	40%
Projects (2@ 25 points each; 1 @50points)	100	10%
Reflections (4@50 points each)	200	20%
Homework (4@50 points each)	200	20%
Attendance	100	10%

Graded Assessments	POINTS	Weighted Percentage of Final Grade by Category

Total Number of Points Available in the Course	1000	100%

Extra Credit

- There are two extra credit opportunities. One is a discussion board, worth 20 points. The other is the course evaluation, which is worth 5 points.

Late work:

- Projects, reflections, and homework will be accepted late for a penalty UP TO 72 HOURS LATE in D2L with an unexcused absence according to the policy listed below. **No late work** will be accepted for exams or attendance (unexcused absences). Thus, **exams close at 11:59pm CST on their due date without exception**. Therefore, students **MUST PAY ATTENTION** to the difference between **the due date and the last date that an assessment is available**. If students have any questions about this, then please ask me as soon as possible.

Late work:

- **Unexcused homework, projects, and reflections may be submitted in D2L up to 72 hours late, but they will be penalized at the following rates:**
 - **< or equal to 24 hours late, 25 % reduction in the total point value of the assignment.** The deduction will be manually calculated by the instructor and applied in D2L once the assignment has been graded. The number of points deducted will depend on the point value of the assignment.
 - **> 24 hours late but < or equal to 48 hours late, will receive a 50 % reduction in the total point value of the assignment.**
 - **>48 hours late but < or equal to 72 hours late, 75% reduction in the total point value of the assignment.** The deduction will be manually calculated by the instructor and applied in D2L once the assignment has been graded. The number of points deducted will depend on the point value of the assignment.
 - **>72 hours late WILL NOT be accepted and will be marked as a ZERO in D2L.**

COURSE POINT TOTALS AND CORRESPONDING GRADING SCALE

Grades will be determined by the following scale:

Table 2: Total points for final grade.

Course Policies

Academic Misconduct Policy & Procedures

- **Academic Dishonesty:** Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individuals to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct. *In this class, any use of ChatGPT or other unauthorized AI is considered cheating and academic dishonesty.*

The Americans With Disabilities Act

- The Americans with Disabilities Act is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. If you believe you have a disability requiring an accommodation, please contact Office of Disability Accommodation. The telephone number is 397-4618.

Expectations about classroom etiquette and netiquette

- Coming to class is an essential part of a student's learning experience in this course. Students are expected to promptly attend class and actively participate. Students should engage in civil dialogue with others and keep a positive attitude and a growth mindset. Students should be willing to listen to others and not engage in any form of hostile communication or excessively disruptive behavior (see policies on course etiquette and netiquette).
- Respect, empathy, kindness, and compassion for others will be a cornerstone in this course. Sociologists discuss things that are inherently controversial. Some of our class discussions may be energized at times, and it may become apparent that not everyone agrees. Regardless, we are all part of a larger community at MSU Texas, and I expect that each of you will do your very best to respect one another. We are all here to learn and listen and grow. Please know that if you feel triggered, there are campus support services available.
- When interacting with me and each other, please keep MSU Texas' core value of respect in mind at all times. As a class, we will design a course contract, which is a document that contains "rules of the road" for how we will treat each other in this class. Signing the contract will be a requirement before continuing in the class. Rude, abusive behavior will not be tolerated either in person or online. Disruptive behavior will be referred to Office of Student Rights and Responsibilities. Online communications should display principles of netiquette and be civil in tone.

Use of cell phones and laptops in class

- There may be times where bringing your phones and laptops are appropriate based on instructor direction. Otherwise, please refrain from using your phone or laptops during class, and keep them put away during lecture. In the event that you are experiencing a family or personal crisis, then please sit close to the door; you may go into the hall and check your messages or make a phone call if it is **absolutely an emergency**. Otherwise, please be mindful that unauthorized use of technology can be distracting. Class

lectures **cannot be recorded** unless you have an accommodation from disability services. *I must have the appropriate documentation from the DSS office as soon as possible.*

Excessive absences

- If you stop coming to class without communicating with me, you can be dropped. If something serious has happened, which prevents you from coming to class, then please *reach out to me as soon as is reasonably possible*. In this class, **more than 10 unexcused absences are considered excessive**. MSU Texas is student-oriented, and I am student focused. So, I will do everything I can to help you be successful this semester, but I don't know what you don't tell me. Per MSU Texas' policy, students will be issued one verbal and one written warning prior to being dropped from the class. Please don't just stop coming to class without notifying me of your specific situation. I understand that life happens, and I want to do everything possible to help you stay on track and have a positive experience in my class.

Extenuating Circumstances, Emergencies, Illness, and Academic Activities:

Emergencies and other extenuating circumstances happen. The following count as emergencies and/or extenuating circumstances and should be evidenced by appropriate documentation:

- Written evidence of attending a mandatory university-sponsored activity (band, athletics, etc.)-documentation must come from college dean, Athletic Director, and/or Provost
- Official documentation of mandatory military service (i.e., deployment, etc.)
- Religious observance or Holy Day(s)
- Medical appointments related to pregnancy, pregnancy related complications, delivering early, or being restricted from activity for a certain amount of time due to pregnancy
- An acute or chronic illness, which prevents you from coming to campus or coming to class on time
- A written note from a medical clinic
- A written note from the MSU Office of Student Rights and Responsibilities
- A written note from a physician for a family member/loved one's illness
- You experience issues related to Title IX including but not limited to assault, stalking, or domestic violence
- Official documentation of required jury or court appearance
- Death of a family member/loved one/close relative
- Documentation of a motor vehicle accident, domestic disturbance, theft of your property, etc., which prevented you from coming to class
- Unexpected homelessness, food insecurity, job displacement, or a loss of otherwise reliable transportation-*please let me know about this as soon as possible*
- If you suddenly became an unexpected caregiver of someone critically ill
- If you are a law enforcement, corrections officer, or first responder and are faced with a verifiable/documented work emergency, which prevented you from coming to class (i.e. a transport, accident, fire, or major trauma etc.)

Though the aforementioned list is thorough, if you have absences related to other extreme/extenuating circumstances beyond your control that are not listed above, then please let me know as soon as possible. I want you to be successful in this class, and I will make EVERY EFFORT to help you do so. **Please communicate with me as soon as something has gone wrong and before you begin missing several classes.** MSU Texas has a team of dedicated people ready to help you stay in school, and my desire is to support your continued education. The MSU Texas Student Handbook has additional information on certain types of absences and what you should do next. Some of these are listed below.

Emergencies (MSU Texas Student Handbook, pp. 61-62):

Office of Student Rights and Responsibilities - For personal emergencies such as hospitalization or family emergency, or a prolonged absence, a student should notify the Office of Student Rights and Responsibilities.

Illness (MSU Texas Student Handbook, pp. 61-62):

Vinson Health Center - When a student's illness warrants verification, the student may seek medical treatment through the Vinson Health Center, after which the Office of Student Rights and Responsibilities and/or faculty members will be notified by the Vinson Health Center.

Academically Related Activities (MSU Texas Student Handbook, pp. 61-62):

MSU Texas Student Handbook policy states: "Academically-related activities (class field trips, attendance at conferences, etc.) which result in absences require the cooperation of individual faculty members. Even though such activities are educational in nature, they do not qualify as university-sponsored activities. Faculty members who organize such activities should assist their students in contacting and informing relevant faculty of the planned activity. Excused absences for such activities may be given at the discretion of the faculty member whose class is missed."
