Course Description

A general survey course introducing the functional areas of business. This course is designed to provide the beginning student with an introduction to the various business disciplines and demonstrate their interrelationships. Common business language and professional presentations as well as ethical issues are also introduced.

Learning Goals

Dillard College of Business General Learning Goals

- Students will be effective at problem solving and decision making by understanding the basic business fundamentals of the business environment.
- Students will 1) identify challenges businesses face today, 2) learn and hear from leaders who represent all of the business disciplines and 3) become familiar with the interrelatedness of business concepts by using a business simulation experience.

- Students will develop ethical reasoning skills in the business environment.
 - Students will examine business ethics and social responsibility, detailing decision-making practices. The student will be able to define ethical dilemmas and ethical lapses; hypothesize ethical arguments; investigate, compare and evaluate the arguments for each alternative.
- Students will develop written and oral communication skills.
- Students will learn how to communicate effectively in writing by preparing resumes, reports, and written answers to quizzes. Students will also improve their oral communication skills in making a team presentation and becoming engaged in discussions with business leaders.
- Students will develop undergraduate inquiry and creativity through teamwork.
 - Students will develop inquiry and creativity skills in developing a successful, comprehensive business plan, in evaluating risks and returns and emulating entrepreneurs, and in making strategic choices in Mike's Bikes business simulation model with their team members.
- Understand the influence of global and multicultural influences on the business environment.
 - The student must be able to recognize and explain the environmental changes leading to the growth of international competition and free trade among nations.

Course Specific Learning Goals: After completing this course, students should be able to:

- Understand the scope of the business environment, both domestically and internationally.
- Learn to communicate business analyses effectively in both oral and written measures.
- Understand the types and functions of various economic systems, defining the roles of supply and demand, competition, and government intervention in the economy.
- Understand the role of entrepreneur.
- Understand the basic definitions and interaction of multiple business disciplines, i.e., economics, management, marketing, operations management, business legal principles, and risk management.
- Students will learn basic terminology for research and/or creative activities.
- Students will learn how to apply knowledge in order to address real-world problems/answer real world questions.
- Understand different leadership styles and motivational theories.

Course Policies

Attendance Policy:

Students are expected to attend all class meetings for this course, following the university attendance policy. (See Midwestern State University Undergraduate Catalog, Volume LXXV, Number 2, page 88). Due to the nature of this course, you are allowed a maximum of 4 *absences in this course, even though there are participation points deducted for any missed classes. Once you exceed 4 absences, the professor has the right to drop you from the course.* Each meeting of the class will run as scheduled. So as not to disturb the class, you are not to walk in and out of the classroom during the class hour except for an emergency. *Cell phone activity (including texting) is prohibited and will result in significantly reduced points from class participation.* Repeated tardiness will also result in a reduction of participation points.

Early Alert Notices

I participate in the University's Early Alert System. At least once per semester I will input alerts about student participation/performance in the class. These alerts will indicate one of the following:

- **Student Making Satisfactory Process-Keep up the Good Work**
- **Attendance Alerts**—Your current attendance habits have risen to the point where your professor is concerned it could negatively affect your grade in the course. Refocus on attendance and talk to your professor if you are experiencing extenuating circumstances.
- **Student Needs Tutoring**—This is vague and may or may not mean that you need tutoring. It is simply the most accurate selection of the options for a student where the professor is concerned the student might make a D or F in the course and attendance.
- **Student not putting forth appropriate effort**—this is usually a distraction issue. This most likely means that you are physically coming to class but appear to be distracted and/or not paying attention. Could also include not submitting assignments.
- **Student is Not Submitting Assignments**—this one is self-explanatory and indicates that the professor shows that you do not routinely submit the required assignments.

If you receive any of these “negative” alerts, it does not mean that you need to drop the course. The whole point of submitting these early alerts is to give a student time to correct the issue and still perform well in the course. Please do not hesitate to reach out to your professor with questions or to discuss the struggles you may be facing in the course.

Midterm grades or Early Alerts are not reported on a transcript and are only meant to provide assistance to students during the semester.

Gradebook

I utilize the D2L gradebook as the official gradebook in this course. To see your current grade, log in to the course inside D2L, click on the progress tab, and then the gradebook.

Other Related Policies

Quiz Policy: All of the quizzes in this course will be of the pop quiz variety. **No makeup will be allowed for any missed quizzes.**

Class Participation: Most of the class sessions will be discussion oriented with ample opportunity for students to provide input to those discussions. An important characteristic of business students is the ability to verbally communicate ideas and thoughts. Participation will be a part of your grade and is directly contingent on your involvement in class discussions. Furthermore, everyone should be motivated to develop this characteristic since it is so important in business. If you have a question, please ask!!

Food and Beverage Policy: Food and beverages of any kind are not permitted in classrooms at any time. However, food and beverages may be consumed in public areas of this building. This is a Dillard College of Business rule and is an effort to keep the Dillard Building beautiful.

Grading and Evaluation

Americans with Disabilities Act

This class follows the guidelines suggested by the Disabilities Support Office for those students who qualify for disability services. For more information, see Midwestern State University Undergraduate Catalog.

Campus Carry Statement

Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University's webpage at <https://mwsu.edu/campus-carry/rules-policies>.

Academic Integrity

With regard to academic honesty, students are referred to the "Student Honor Creed" on page 23 of Midwestern State University Undergraduate Catalog, Volume LXXV, Number 2.

Plagiarism will not be tolerated. Any student who plagiarizes on any written assignment will receive a 0 for the assignment and/or course and be referred to the Dean of Students for further disciplinary action.

Professional Conduct

Students in this course should behave in a professional manner at all times. This includes classroom conduct, group interactions, presentations, and correspondence with the instructor. E-mails to the instructor that are not professional will not be answered. Please see the later section of the syllabus for the full professionalism statement of the Dillard College of Business Administration.

Business Simulation

Each student will participate in the Mikes Bikes business simulation. You will be grouped into teams of 3-4 depending on the class size. Each team will be responsible for meeting with their group members and for playing an active role in the future of your company.

- Mikes Bikes is a business simulation that teaches students the key concepts of business and strategy.
- Students will make decisions about their company in an effort to achieve the largest shareholder value.
- Decisions will be made in regard to pricing, marketing, inventory, production, finance, and distribution.
- The team with the highest shareholder value at the end of the term will receive 15 bonus points, while the second highest team will receive 10 points.

At the end of the course, each group will be responsible for giving a 10 minute presentation about their company. There will be grades for the oral part of the presentation, written part of the presentation, and your professional appearance (see page 8 of syllabus for more information). All group members are required to speak and play an active role in the presentation. PowerPoint or Prezi is the preferred method for presentation delivery. More details on the content and structure will be discussed in class.

Mikes Bikes Single Player Introduction

In order for each student to prepare for the business simulation, each student should complete the Mikes Bikes single player introduction. During this “trial” simulation, the student will have the opportunity to become familiar with the Mikes Bikes program and will get to experiment with making decisions that do not affect the outcome of the team experience.

This will be conducted prior to the student being placed in their group for the actual simulation. Grading will be done on a completed/not completed basis, with only minimal to moderate emphasis placed on company performance. This is simply an exercise for you to become familiar with the simulation and get a basic understanding of how the decisions affect the company bottom line.

Late Work

Late work is generally not accepted for any reason. Students have the opportunity to submit papers early. More details on assignment submission can be found in the Project Guidelines.

Desire2Learn

This is the website for the course. Students are expected to check this website for important course information, course documents, and correspondence from the instructor multiple times per week.

Passport

If we are able, each student will have the opportunity to attend different business oriented events through the semester. Students will be offered extra credit points for attending passport events.

Quizzes

There will be both announced and unannounced quizzes given over the material we are studying and the speakers who visit class. Please make sure to attend class and pay attention to what is being discussed. Most quizzes will start precisely at the beginning of class. No makeup quizzes will be allowed, including students who are tardy.

File Submission

Most files for this course will be submitted through our online component, Desire 2 Learn (D2L). Please do not submit any assignments directly to me unless you are specifically instructed to do so.

Business Communications

Understanding how to properly communicate is one of the keys to being successful in the business world. In this class, each student will be required to submit examples that show the student has mastered the basics of business communication.

Career Interview

Each student will be required to interview someone from the field in which you desire to work upon graduation. It can be from someone in Wichita Falls, your hometown, or anywhere else where your potential job may be located. It is strongly preferred that you meet with your interviewee in person, but realize that may not always be possible. You can choose anyone to interview, but the person you choose to interview should be someone who works in the field that you desire to work. More specifics on what topics should be covered during the interview will be given in class.

Professional Resume

- Each student must complete a professional resume. Evaluations will be based upon the following factors:
 - Proper submission of an initial draft resume to the Career Management Center's (CMC) Quinncia platform for review.
 - Students should then use the feedback from the Quinncia AI program to try and improve their resume by getting a score of at least twenty (20) points higher than first draft.
- The Career Management Center will be presenting in class on Wednesday, February 16 on how to complete your resume and how you can submit it via Quinncia.
- Final grades will be given on the date listed in the calendar of events.
