If you have a

documented disability but are not registered with the Office of Disability, please contact that office immediately to register.

## Confidentiality

In our teacher preparation courses we all learn from open discussion about school issues, problems, and possible solutions. As we talk in class about school incidents it is vitally important to **avoid** identifying specific people or schools. Even if an event happened to you, describe it as, "I heard this occurred in a school somewhere near here..." In written reports, too, do not include the real names of schools or school people; create **fictitious** names. If you are in a class and think you may know which school someone might be referring to, keep your guess to yourself. It is very unethical for you to reveal information from a class discussion. Everyone at MSU has worked hard for years to nurture good relationships with our local schools. Do your part to maintain them.

## Plagiarism Statement

Below is a list of the most common forms of plagiarism, which should be avoided to prevent disciplinary actions.

- Buying a paper from a research service or term paper mill
- Turning in another student's work
- Turning in a paper a peer has written for the student
- Copying a paper from a source text without proper attribution
- Copying materials from a source text, supplying proper documentation, but leaving out quotation marks
- Paraphrasing materials from source text without appropriate documentation

To prevent possible intentional or unintentional plagiarism, all students are advised to seek assistance from program faculty regarding proper methods of source citation.

## Reading Checks/Quizzes

For each class day, there will be a participation grade for activities done during lecture time.

## Class Participation

Attendance is crucial for this course. Global Education policy is that students drop ONE LETTER GRADE for each absence in class.

Each student brings a unique perspective and life experience to the learning environment and is expected to actively and thoughtfully participate by making pertinent contributions. All students are expected to read assignments and be prepared to discuss them. Note that you are provided with focus questions that are designed to structure your reading of the assigned texts. Moreover, additional readings may be assigned by the course instructor.

In addition to having thought through the answers to such questions before the start of class, you should be able to summarize the main argument(s) and/or central concepts for each excerpt or text that is assigned. Please come to class with questions or issues from the reading that you found central or worthy of further exploration. Students may also be asked to do activities and exercises related to the assigned readings or to lead discussions on a topic or reading. You will have many opportunities to participate in class and on D2L, and such is a very important part of this course.

Because classroom participation is vital to your learning, 5 points will be deducted from your participation grade for each missed class after the first absence.

### Dispositions

- Students will promote learner-centered instruction as preferable to teacher-centered instruction.
- Each student will “sell” the desirability of equity in the classroom.

### ***NO LATE WORK***

### **Late/Incomplete Submission of Assignments**

Work must be turned in when it is due for full credit. Late work will only be accepted in emergency situations that have been cleared with Mrs. Beth. This means only illness or family emergency.

Late work is discouraged as a rule. In the event that an assignment is submitted late, here is the grading scale for such:

### **10 point reduction for every day the assignment is late**

This reduction does not begin at 100 points. It begins with the grade accessed for the quality of work submitted, then points removed for each day the submission is late.

Incomplete assignments are not accepted. I do not give partial credit.

An assignment is considered incomplete if it has multiple parts as expressed in the instructions and is submitted with even one part missing/incomplete. It will be returned with a zero and must be resubmitted with all components before a grade will be assessed. At that time, it is considered late and will fall under that policy as well and suffer grade reduction.

### **Extra Credit**

No extra credit assignments will be given or accepted.

### **Final Grade Possibilities**

- 90-100 percent A
- 80-89 percent B
- 70-79 percent C
- 60-69 percent D
- ≤ 60 percent F

### **Written Work**

All written work should be completed in a professional style. Using correct spelling and grammar are important writing skills you must know well because your students will learn from you. Therefore, all written assignments will have 10% -20% of the grade based on spelling and grammar. Expectations are for quality work.

### **Desire-to-Learn (D2L)/Brightspace**

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into D2L through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor. All assignments must be submitted to D2L/BRIGHTSPACE for this course and should be in a PDF unless otherwise specified in the assignment guidelines. A minimum of 5 of the total points will be deducted for assignments not submitted through BRIGHTSPACE.

### **Notice**

**Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.**
