*The MSU Clinical Mental Health and School Counseling programs require at least a B average. C's are unacceptable, and more than 2 C's will put you in danger of being removed from the program. Please consult the Student Handbook for more information.

COVID-19: Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

COURSE DESCRIPTION

This course is designed to explore counseling from the perspective of a child. Emphasis is given to various theoretical approaches to children's counseling and will include special populations. You will learn about play therapy and other creative approaches to working with children.

LEARNING OUTCOMES

- Demonstrate a comprehensive understanding of the various stages of child development, including cognitive, emotional, and social aspects.
- Gain a solid foundation in the principles and techniques of Gestalt therapy, emphasizing its application in the context of counseling children.
- Develop cultural competence to effectively work with diverse populations of children, considering the influence of culture, ethnicity, and socio-economic factors on the counseling process.
- Acquire the skills to establish and maintain a therapeutic relationship with children, fostering trust, safety, and openness in the counseling setting.
- Learn age-appropriate assessment tools and diagnostic techniques to understand the unique needs and challenges of children, ensuring accurate and ethical practice.

- Demonstrate the ability to adapt Gestalt therapy techniques to the developmental levels and communication styles of children, enhancing their self-awareness and promoting positive change.
- Explore and integrate creative expression and play therapy techniques within the Gestalt framework to facilitate communication and self-expression in child counseling.
- Analyze and understand the impact of family dynamics on a child's well-being, incorporating family systems thinking into the counseling process.
- Develop a strong awareness of ethical principles and legal considerations in counseling children, ensuring responsible and accountable professional practice.
- Apply theoretical knowledge and practical skills to formulate comprehensive case conceptualizations and develop effective treatment plans tailored to the individual needs of each child.
- Encourage ongoing self-reflection and professional development, fostering a commitment to continuous improvement in counseling skills and awareness of personal biases.
- Understand the importance of collaboration with other professionals involved in a child's life, such as teachers, parents/guardians, and healthcare providers, to provide holistic and integrated support.

COURSE EXPECTATIONS

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's Code of Ethics (2014). The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged

to review, understand, and consult the <u>American Counseling Association website</u> for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

Online Etiquette: It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

Diversity: It is my intent to present material and activities that are respectful of diversity. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of diversity in this course are encouraged and appreciated.

Confidentiality: Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

Academic Dishonesty: Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.

Statement of Disability: Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes.

If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

Attendance: You will be required to post at least three academic paragraphs on each week's discussion board. An academic paragraph needs to include at least five sentences. You are also required to reply to at least one other student's discussion board post. This is seen as your weekly attendance in class. Failing to post, reply, or both each week results in loss of points and would be the same as if you did not attend class that week.

Late Work: All papers and assignments must be turned in the day they are due. *No exceptions. If you have an emergency, please let me know in advance. Any late papers will be lowered *10%. Please observe that your assignments are worth a considerable number of points and skipping even one assignment will significantly lower your grade. Please begin planning your semester schedule accordingly.

Course Requirements

- Internet connection and D2L access are mandatory.
- Students are required to complete weekly readings and discussion board posts.
- Students are required to enter and experience the world of the child client through active participation in all assignments and class discussions.
- Each student will turn in two mock sessions with a peer (20 minutes in length).
- Along with the mock session videos, students will turn in a rubric grading themselves and a rubric in which their peer graded them.
- Each student will turn in one video counseling session (20 minutes in length) demonstrating counseling with a child or adolescent.
- Along with the child/adolescent video, the student will complete a paper describing the session, the modalities utilized, and a completed skills selfassessment.
- Students will complete a final exam.

Child Counseling Video and Analysis Paper (40 Points): (see rubric in appendix)

You are required to create a 20-minute video counseling session of yourself with a child or adolescent demonstrating what you have learned in this class about developmentally appropriate counseling approaches with children. You are required to use an activity from Healing through play using the Oaklander Model in your video. You will share your video in google drive with your professor's email address. You must demonstrate basic counseling skills using Gestalt therapy based on what you have learned in this class. You are expected to apply Gestalt therapy techniques and demonstrate evidence-based approaches to working with children. In your video and analysis of your video, you should show the following: theory, developmentally appropriate counseling skills, specific child-centered or experiential approach in the video, positive regard and therapeutic relationship, and culturally sensitive approach to working with children. For the video, you are required to find a child or adolescent who is willing to be recorded for a mock counseling session. You must obtain parent/guardian consent in writing and review informed consent with the child/adolescent at the beginning of the video session in a developmentally appropriate manner. You are required to obtain materials for use with your child/adolescent. Art supplies, sand trays, toys, and other materials are required in your work with children. There is a play therapy room available for you to use if you wish at MSU in Bridwell Hall, Room 315. Email Carley Johnston to schedule an appointment. Your paper will analyze your use of skills and provide rationale for the interventions you utilized in your counseling video. Make sure you address: 1.) human development and learning, 2.) guidance, 3.) responsive services, 4.) systems support, and 5.) analysis and response (SEE THE RUBRIC). Your paper should follow the template and be in APA 7 format. CACREP Section 2: 3a, 3i, 5a; Section 5C: 2j, 2l, 3b. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on

one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on student review and retention please refer to the handbook.

Classroom Behaviors: Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.

STUDENT ETHICS AND OTHER POLICY INFORMATION

Ethics: For further information about Midwestern State University's policies regarding student ethics and conduct, please contact 940-397-4135 (Student Support Services).

Special Notice: Students whose names do not appear on the class list will not be permitted to participate (take exams or receive credit) without first showing proof of registration (Schedule of Classes and Statement of Account).

Campus Carry: Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University's webpage at: Campus Carry. As this is an online class, this policy should not apply, but please familiarize yourself with this and other campus policies. *Please note, open carry of handguns, whether licensed or not, and the carrying of all other firearms, whether open or concealed, are prohibited on campus.

Limited Right to Intellectual Property: By enrolling in this course, the student expressly grants MSU a "limited right" in all intellectual property created by the student for the purpose of this course. The "limited right" shall include but shall not be limited to the right to reproduce the student's work product in order to verify originality and authenticity, and for educational purposes.

Midwestern State University Mission Statement: MSU is a leading public liberal arts university committed to providing students with rigorous undergraduate and graduate

education in the liberal arts and the professions. Through an emphasis upon teaching, augmented by the opportunity for students to engage in research and creative activities alongside faculty and to participate in co-curricular and service programs, Midwestern State prepares its graduates to embark upon their careers or pursue advanced study. The university's undergraduate education is based upon a comprehensive arts and sciences core curriculum. The understanding that students gain of themselves, others, and the social and natural world prepares them to contribute constructively to society through their work and through their private lives.

Midwestern State University Values:

- 1. People-Centered. Engage others with respect, empathy, and joy.
 - Honor and act upon the unique needs of all people.
 - Celebrate the accomplishments and contributions of every person in every role.
 - Empower others through personal attention to unlock groundbreaking potential.
 - Commit to attract, recruit, and retain a diverse workforce reflective of our students.
 - Create a welcoming environment that fosters trust, teamwork, well-being, and fun
 - Develop activities embracing meaningful traditions.
- 2. Community. Cultivate a diverse and inclusive campus environment.
 - Promote a culture of equity, diversity, and belonging.
 - Nurture a safe and open environment for difficult conversations.
 - Welcome honest communication and constructive feedback.
 - Recognize, acknowledge, and dismantle barriers to equity, inclusion, and success.
 - Provide meaningful and accessible support to the MSU community.
- 3. Integrity. Always do the right thing.
 - Act honorably and respectfully in all situations.
 - Take responsibility for our words and actions.
 - Learn and grow from successes and failures.
 - Communicate and act with honesty, humility, and transparency.
 - Make courageous and ethical decisions.
- **4.** Visionary. Adopt innovative ideas to pioneer new paths.
 - Inspire and empower others through and beyond the educational experience.
 - Foster an environment of critical thinking, problem-solving, and creativity.
 - Champion continuous institutional progress.
 - Collaborate to explore opportunities and overcome challenges.
- **5.** Connections. Value relationships with broader communities.
 - Forge pathways for experiential learning beyond the campus.
 - Encourage open communication, service, and collaboration wherever we go.
 - Create genuine bonds where each person feels recognized and valued.
 - Collaborate to develop programs that benefit our communities.
 - Share and celebrate the Mustangs can-do spirit.

Midwestern State University Counseling Program Objectives:

- 1. Reflect current knowledge and projected needs concerning counseling practice in a multicultural and pluralistic society.
- 2. Reflect input from all persons involved in the conduct of the program, including counselor education program faculty, current and former students, and personnel in cooperating agencies.
- 3. Address student learning
- 4. Written so they can be evaluated.

*Please refer to your Clinical Mental Health student handbook, and or your practicum and internship manual located within the D2L shell for review.

Desire-to-Learn (D2L): Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into D2L through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Online Computer Requirements: Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. *Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings. Computers are available on campus in various areas of the buildings as well as the Academic Success Center. *Your computer being down is not an excuse for missing a deadline! There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties on the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into D2L.

Change of Schedule: A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the <u>Schedule of Classes</u> each semester.

Refund and Repayment Policy: A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. However, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in

determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Smoking/Tobacco Policy: College policy strictly prohibits the use of tobacco products in any building on campus. Adult students may smoke only in the outside designated-smoking areas at each location.

Alcohol and Drug Policy: To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state, and federal law for any offenses involving illicit drugs on university property or at university-sponsored activities.

Grade Appeal Process: Update as needed. Students who wish to appeal a grade should consult the Midwestern State University MSU Catalog

*Notice: Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.

Tote bag Playroom

The following toys and materials are the minimal requirements for conducting a play therapy session and are recommended because they encourage a wide range of expressions and can be easily transported in a tote bag or stored out of the way in a closet or in a corner.

- Aggressive hand puppet (alligator, wolf, or dragon)
- Band-aids
- Bendable doll family
- Bendable Gumby (nondescript figure)
- Blunt scissors
- Costume jewelry
- Cotton rope
- Crayons (eight-count box)
- Dart gun
- Doll
- Dollhouse (use box that holds reams of paper, box lid serves as dollhouse, draw lines on inside of lid to mark rooms, box doubles as storage container for toys)
- Dollhouse furniture (at least bedroom, kitchen, and bathroom)
- Handcuffs
- Lone Ranger–type mask
- Medical mask (white dust mask will suffice)
- Nerf ball (a rubber ball bounces too much)
- Newsprint
- Nursing bottle (plastic)
- Pipe cleaners
- Playdough
- Popsicle sticks
- Rubber knife
- Small airplane
- Small car
- Spoons (avoid forks because of sharp points)
- Telephone (two)
- Toy soldiers (20-count size is sufficient)
- Transparent tape
- Two play dishes and cups (plastic or tin)

If storage space is available, an inflatable vinyl bop bag (Bobo) would be a special asset. A dishpan-size plastic container with an inch of sand in the bottom would also be useful in a more permanent setting. Rice could be used in place of the sand if clean-up is a problem. A bucket with an inch or so of water would be helpful.
