Course Requirements

Attendance/Participation: It is vitally important that our classroom environment promotes the respectful exchange of ideas, including being sensitive to the views and beliefs discussed during classroom and online discussions. Your success in this course will depend on your communication, consistent engagement, and active participation in all course activities. Success in this course requires that you adhere to the deadlines given as you complete assignments, discussions, and other course activities. Attendance is mandatory (see below). Late work will be lower in grade (see below).

- Turnitin: By taking this course, you agree that all required papers may be subject to submission for textual similarity review to Turnitin for the detection of plagiarism. Some papers submitted for review will be included as source documents in the global Turnitin repository to be used in future reviews. You should remove your name and any other personally identifying information from your papers prior to submission to Turnitin.
- Lectures: Lectures are given within the classroom. Students are expected to also read the text for further understanding of lecture materials. Student discussion is encouraged as this will aid the use of vocabulary, concepts, and topics used within online discussion and assignments.
- Tests: There will be six tests in this class based on slide information, lectures, and any other assigned materials. The tests consist of multiple-choice questions, short answers, and comparison essays based on visual prompts. These tests will take place within regular class hours without the assistance of notes, textbook, or other materials. No make-up exams will be allowed without documentation from a doctor or academic authority. In this case, prior notice of any upcoming missed days is preferred.

- **Assignments:** Three hands-on studio projects are assigned throughout the semester. As an intro to studio techniques, demos are provided with further information and criteria are given in class. Assignments will be a combination of physical work with additional online components for critique.
- **D2L Discussions:** Every other week, students will type responses to topics posted on D2L. As graded discussions, it is expected to make initial comments and reply to other students in class. Each posting will have specific criteria.
- **Paper:** Students in the course will travel to a museum or gallery and select a work of art, or select a work of public art, and write a visual and conceptual analysis of the work. Students must also turn in a photograph of themselves at the site. Prior approval of the work / topic is required. Additional guidelines will be given as the paper assignment is introduced in class.
- **Work Ethic:** Personal motivation and discipline are keys to a student's success in this course. These qualities are demonstrated to me by actions - such as preparation for each class, thoughtful inquiry, and involvement in discussions. Students should expect to spend at least six hours per week on homework in addition to class time. Late work will be lower in grade.

Attendance, Absence, and Late Policy

Students enrolled in the Juanita and Ralph Harvey School of Visual Arts must comply with the following department-wide Attendance, Absence, and Lateness Policy:

- Students arriving 10 minutes after class begins will be considered late and will be counted absent.
- Three late arrivals count as a single absence.
- Students may be absent from class 3 times without penalty and without providing any documentation regarding the absence.
- If a student incurs a 4th absence, his or her final course evaluation will be reduced by a full letter grade.
- If a student is absent 5 times, whatever the reason, he or she will receive a failing grade (F) for the course, dropped from class roll, and be asked to stop attending class.
- Students are required to remain in class for the entire class session. Students will earn an absence if they leave before the professor has dismissed class.
- Excused absences must be brought before me prior to the absence, or if later, the student must have supported documentation (academic, medical, or family emergency) in the case of excessive absences.

Additional Attendance and Due Dates Policy

Late arrival or early departure without excuse will be considered as one third of an absence. Students must meet/ available during the class time with required materials. If students don't have the required materials, students may receive an absence. It is the students' responsibility to obtain the information they missed in class. Late projects or missing a critique will also result in a lowering of students' project grade up to 10 % (Please read the Class Attendance Policy in the student handbook).

*In order to retain an excused absence, students are responsible for providing the instructor with official written documents such as a doctor's note, obituary, letter from the Dean of the Students or another instructor, etc.

Weather Closure Policy

In case of impending weather or related cases, check MSU Alerts and msutexas.edu for updates. Note that some instances may impact a full day closure while others may delay or close for only a portion of the day. Class will take place if university is open. Use wise judgement in special cases as safety is a priority, such as driving outside city limits. Class updates will continue to be posted on D2L.

Zoom Policy

If students need to join the class on Zoom, they must send me an email to explain their excuse at least 30 minutes before the class session time. When using Zoom during class time, students can use virtual/custom background, however, they must be live and visible to the instructor. Do not use a still image. If students need to join Zoom consecutively for more than a week, they may need to ask the Office of Student Affairs to write an email letter to me directly from them. If students have any questions, ask me and/or the Office of Student Affairs. If students fail to follow the policy, they may receive an absence, even if they join the class on Zoom.

AI Generated Text or Imagery

All artwork and text will be constructed without the use of AI. This is to maintain academic integratory as well as respecting a strong ethical foundation regarding unique works and original authorship in the arts. That being said, conversation about this topic is encouraged for those interested as it pertains to class material and greater topics of plagiarism, ethical copies, appropriation, and sourced inspiration.

Grading

Student work will be reviewed by means of formal evaluations. Students will be evaluated according to predetermined requirements for all assignments/papers/tests.

- Tests (6): 60% Assignments (3): 20% Discussions (7): 10% Paper (1): 10%

Final Grade Summary:

A = 90 – 100% B = 80 – 89 % C = 70 – 79% D = 60 – 69% F = 59 % OR LESS

Late work will be counted against; one letter grade for each class period after it is due. Ex: An A grade is lowered to B after one period late, after two periods late the A is lowered to C, etc.

Plagiarism is unacceptable and will result in a 0 for the project. No exceptions. Any students found guilty of academic dishonesty is subject to disciplinary action as per the student handbook.

Classroom Etiquette

Cell phones and other recording devices: No text messaging, no non-emergency calls during class time. The use of cell phones and other recording or electronic devices is strictly prohibited during class. The instructor may direct, from time to time, on the possible use of cell phones for legitimate class reasons. Recording the class is prohibited, unless it is part of a reasonable accommodation under ADA, or by obtaining written consent by the instructor.

In case of an emergency, call campus police at ext. 4239 or 911.

Communication

If you have a question/problem with the material or a technique, please see me as soon as possible. If you wait until the last week of the semester, I might not be able to help you.

Please contact Disability Support Services at 940.397.4140 in room 168 of the Clark Student Center to coordinate reasonable accommodations for students with documented disabilities.

Social Justice

Social Justice is one of Midwestern State University's stated core values, and the professor considers the classroom to be a place where students will be treated with respect as human beings, regardless of gender, race, ethnicity, national origin, religious affiliation, sexual orientation, political beliefs, age, or ability. Moreover, diversity of thought is appreciated and encouraged, provided the students can agree to disagree. It is the professor's expectation that All students be able to consider the classroom a safe environment.

Conduct Statement

Behavior that interferes with either the instructor's ability to conduct the class or the ability of other students to benefit from the instruction will result in the instructor's removing the disruptive student(s) from the class, either temporarily or permanently (instructor drop), and receive a final lower grade, up to and including F. In addition and depending on the nature of the behavior or conduct, the student(s) may be subject to further disciplinary actions as per MSU policies.

Student Honor Creed

"As an MSU Student, I pledge not to lie, cheat, steal, or help anyone else do so."

As students at MSU, we recognize that any great society must be composed of empowered, responsible citizens. We also recognize universities play an important role in helping mold these responsible citizens. We believe students themselves play an important part in developing responsible citizenship by maintaining a community where integrity and honorable character are the norm, not the exception.

Thus, We, the Students of Midwestern State University, resolve to uphold the honor of the University by affirming our commitment to complete academic honesty. We resolve not only to be honest but also to hold our peers accountable for complete honesty in all university matters.

We consider it dishonest to ask for, give, or receive help in examinations or quizzes, to use any unauthorized material in examinations, or to present, as one's own, work or ideas which are not

entirely one's own. We recognize that any instructor has the right to expect that all student work is honest, original work. We accept and acknowledge that responsibility for lying, cheating, stealing, plagiarism, and other forms of academic dishonesty fundamentally rests within each individual student.

We expect of ourselves academic integrity, personal professionalism, and ethical character. We appreciate steps taken by University officials to protect the honor of the University against any who would disgrace the MSU student body by violating the spirit of this creed. Written and adopted by the 2002-2003 MSU Student Senate.

Academic Misconduct Policy and Procedures

[Office of Student Conduct](#)

[Student Handbook](#)

Academic Integrity Statement

Academic integrity is taking responsibility for one's own class and/or course work, being individually accountable, and demonstrating intellectual honesty and ethical behavior. Academic integrity is a personal choice to abide by the standards of intellectual honesty and responsibility. Because education is a shared effort to achieve learning through the exchange of ideas, students, faculty, and staff have the collective responsibility to build mutual trust and respect. Ethical behavior and independent thought are essential for the highest level of academic achievement, which then must be measured. Academic achievement includes scholarship, teaching, and learning, all of which are shared endeavors. Grades are a device used to quantify the successful accumulation of knowledge through learning. Adhering to the standards of academic integrity ensures grades are earned honestly. Academic integrity is the foundation upon which students, faculty, and staff build their educational and professional careers. [Texas Tech University (“University”) Quality Enhancement Plan, Academic Integrity Task Force, 2010].

Academic Dishonesty

Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the Dean of Student's Office.

1. The term “cheating” includes, but is not limited to: (a) use of any unauthorized assistance in taking quizzes, test, or examinations; (b) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; or (c) the acquisition, without permission, of tests or other academic material belonging to a member of the university faculty or staff.
2. The term “plagiarism” includes, but is not limited to, the use, by paraphrase or direct quotation, of the published or unpublished work of another person without full and clear acknowledgment. It also includes the unacknowledged use of materials prepared by another person or agency engaged in the selling of term papers or other academic materials.
3. The term “collusion” means the collaboration with another person in preparing work offered for credit if that collaboration is not authorized by the faculty member in charge.

Disruption of Teaching

Disruption or obstruction of teaching, research, administration, disciplinary proceedings, or other university activities authorized to be held or conducted on the premises of Midwestern State University. Such activity includes classroom behavior that interferes with either the instructor's ability to conduct the class or the ability of other students to profit from the instructional program.

Instructor Drop

An instructor may drop a student any time during the semester for excessive absences, for consistently failing to meet class assignments, for an indifference attitude, or for disruptive conduct.

Student Privacy Statement

Federal law prohibits the instructor from releasing information about students to parties outside of the university without the signed consent of the student. Thus, in almost all cases the instructor will not discuss a student's academic progress or other matters with his/her parents.

Artificial Intelligence (AI) Policy

You are permitted to use artificial intelligence (AI) tools to assist you in gathering information and brainstorming ideas but you may not copy and paste information directly from the AI tool and present it as your own without citation ([APAStyle.org](https://apastyle.org)). You are responsible for the information you submit based on an AI query and for assuring that it does not contain misinformation or unethical content and that it does not violate intellectual property laws. You are expected to include a disclosure statement for each assignment describing which AI tool you used and how you used it. For example, *"ChatGPT was used to draft about 30 percent of this paper and to provide revision assistance. AI-produced content was edited for accuracy and style."* Your use of AI tools must be properly documented and cited for academic integrity.
