PROFESSIONAL EXPECTATIONS

Students are expected to behave academically, interpersonally, professionally, and collaboratively in a manner consistent with standards set by the West College of Education.

Plagiarism Statement:

“By enrolling in this course, the student expressly grants MSU a ‘limited right’ in all intellectual property created by the student for this course. The ‘limited right’ shall include but shall not be limited to the right to reproduce the student’s work product to verify originality, authenticity, and educational purposes.” [Student Handbook/Academic Dishonesty](#)

Academic Dishonesty:

Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting or the submission for credit of work, not the individuals to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Rights and Responsibilities. a. The term “cheating” includes, but is not limited to (1) the use of any unauthorized assistance in taking quizzes, tests, or examinations; (2) dependence upon the aid of sources beyond those authorized by the instructor in writing papers, preparing reports, solving problems, or carrying out other assignments; or (3) the acquisition without permissions, of tests or other academic material belonging to a member of the university, faculty, or staff. b. The term “plagiarism” includes, but is not limited to, the use by paraphrase or direct quotation of another person’s published or unpublished work without full and clear acknowledgment. The use of AI. It also includes the unacknowledged use of materials prepared by another person or agency selling term papers or other academic materials. c. “collusion” means collaboration with another person in preparing work offered for credit if the faculty member in charge does not authorize that collaboration.

Plagiarism is a serious academic offense and goes against the principles of integrity and originality essential in an educational setting. In this course, we uphold a zero-tolerance policy towards plagiarism and using AI-generated content without proper attribution. All students must understand and adhere to this policy to maintain the academic integrity of the course.

Plagiarism is the act of presenting someone else's work, ideas, or intellectual property as one's own without appropriate acknowledgment. This includes but is not limited to, copying and pasting from online sources, using another student's work, paraphrasing without proper citation, and using AI-generated content without proper attribution.

The use of AI-generated content is not permitted in this course unless explicitly specified by the instructor. If the use of AI-generated content is allowed for specific assignments, students must disclose this fact and provide appropriate attribution to the AI tool used. Most importantly, you must provide citations and references for all generative AI information used. Since generative AI information is not reproducible, you should save copies of your obtained information and include those documents in appendices attached to your paper or project. Full citation information can be found at the APA How to Cite link. [How to Cite ChatGPT](#)

Self-plagiarism refers to submitting work for credit that is the same or substantially similar to work prepared or submitted for another course without appropriate citation. This includes reusing previous assignments, papers, presentations, or other submissions without instructor approval. Self-plagiarism gives the impression of original work when in fact, the content has already been submitted for assessment elsewhere.

Students should be aware that turning in the same or similar papers for multiple classes violates academic integrity unless expressly authorized by the instructor. Communicate openly with your instructor about building on existing work or repurposing prior submissions to avoid self-plagiarism. Provide proper citations for any previous work referenced. Unless the instructor indicates otherwise, all assignments submitted for this course must be newly prepared by you and you alone for this specific class.

Any instance of plagiarism, AI-generated content, and/or self-plagiarism will be subject to disciplinary action in accordance with the Academic Integrity Policy outlined in the [Student Handbook-2022-23](#).

By enrolling in this course, you acknowledge and agree to comply with this plagiarism and AI-generated content policy, understanding the importance of academic integrity in our learning community.

Plagiarism is the use of another's thoughts, words, ideas, or line (including text written by a generation system or artificial intelligence tool) in your work without appropriate documentation (a parenthetical citation at the end and a list on the Reference Page)-whether you use that material in a quote, paraphrase, or summary. At the very least, plagiarism will result in an F on the assignment; at worst, the consequence will be an F in the course. Offenders will be reported to the Kinesiology and Sports and Leisure Department Chair and the Dean of Students.
