If you need to discuss any assignments, we can schedule a meeting during my office hours via Zoom or phone.

**\*Note: The MSU Clinical Mental Health and School Counseling programs require at least a B average. Cs are unacceptable, and more than two (2) C's will put you in danger of being removed from the program. Please consult the Student Handbook for more information.**

**COVID-19**

Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

## Course Description

Prerequisite(s): Must have completed 36 hours, including [COUN 5283](#) and [COUN 5293](#).

The first semester of Graduate Internship features 300 supervised clock hours which breaks down into 120 direct and 180 indirect hours. This “capstone” clinical experience assists students in refining and enhancing the skills learned during the practicum semester. During this semester, students will be expected to present knowledge learned over the course of their coursework during their university group supervision mandatory Zoom meetings. Students must make a B or better in order to continue into [COUN 6053 - Graduate Internship II](#).

## Course Rationale

The focus of this course is to help students apply learning from their counseling courses with real clients at the counseling site of their choice. Students will learn about the role of the counselor through work with actual clients, collaboration with other co-workers and interns, and supervision with their site supervisor and university supervisor. The aim of this course is to help students grow into the role of an ethical, culturally competent counselor in order to best help the clients they serve meet their counseling and mental health goals

## Required Textbook

American Psychiatric Association. (2022). *Diagnostic and Statistical Manual of Mental Disorders (5th ed., TR)* DSM-5 TR

## Liability Insurance

Students must retain their liability insurance before the start of the semester. Students may use organizations like HPSO or CPH, which offer student discounts. Students will **NOT** be allowed to begin gaining hours without active liability insurance. Students must send their liability insurance documents to their university supervisor (teaching professor) and their site supervisor before gaining hours.

## Suggested Resources

APA 7 resources and Jongsma Treatment Planning resources.

## Course Expectations

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's (2014) *Code of Ethics*. The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines. Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

## Online Etiquette

It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

## **Inclusivity**

I intend to present material and activities that are respectful. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of inclusivity in this course are encouraged and appreciated.

## **Confidentiality**

Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

## **Academic Dishonesty**

Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.
- Usage of Artificial Intelligence (AI) software, this does not include editing tools of Word or Grammarly i.e., spell check or rewriting suggestions for clarity.

## **Statement of Disability**

Disability Support Services (DSS) provides services to students with disabilities to ensure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes. If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

## **Attendance**

You will be required to post at least three academic paragraphs in each week's discussion board. You are also required to reply to at least one other student's discussion board post. This is seen as your weekly attendance in class. Failing to post, reply, or both each week results in a loss of points and would be the same as if you did not attend class that week. An academic paragraph needs at

least five sentences in it.

## Late Work

All papers and assignments must be turned in on the day they are due. **\*No exceptions.** If you have an emergency, please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered **\*10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth a considerable number of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly

## Graduate Internship I

Students must register for a 3-credit hour graduate internship I. **Placements must begin and end in one academic semester (Fall, Spring, Summer) for the duration of at least 10 weeks for summer, and 16 weeks for fall and spring.** Graduate Internship I is the second experience during which students apply their counseling theory and demonstrate their counseling skills in a professionally supervised setting. A minimum of 300 hours is required for graduate internship I. **To meet the 300 hours of field experience requirement, summer students must gain a minimum of four (12) direct hours a week, and six (18) indirect hours a week on site for a 10-week semester. For fall/spring semesters, students must gain a minimum of eight (8) direct hours per week, and twelve (12) indirect hours per week for a 16-week semester. Students must get all placements approved by their professor of record.** Additionally, private practice, and home or field settings are only approved for P/I by the instructor of record.

The student's Graduate Internship I includes the following:

- A **minimum** of 300 hours is required for practicum. Of the minimum 300 hours, at least 120 hours must be direct hours, and 180 hours must be indirect hours.
- A minimum of **one hour per week** of on-site supervision from the site supervisor is required on record each week that the students are present at the site.
- An average of **one and a half hours per week of group supervision** with other students in an internship with a university supervisor. Students must attend **\*EVERY** group supervision meeting as they are mandatory. **These meetings will take place every week.** This is an interactive, "hands-on" class that will require your energy, focus, and respectful participation. It is imperative that students receive supervision throughout the semester, and it is a CACREP requirement. Students will present on cases weekly. Please consider that it is a learning experience for all class members to learn from one another, therefore, students are required to give feedback to others. Students are expected to act in the role of a professional consultant at this stage of development in the program. Students will bring a case or even two to each class meeting and be prepared to discuss this case, maintaining client confidentiality. Students will be prepared to participate in group sessions during class meetings. These sessions will be of a personal growth nature. Participation in the group process will be noted on the final grade.
- Formal evaluations of students' performance will be submitted at mid-term and at the end of the semester by all supervisors (Site, University).
- Students will conduct **\*minimum** of 45-minute counseling session with a client for each semester of the Practicum and Internship. The instructor will provide feedback to the student using the MSU Skills Rating form rubric see Appendix. Any skills, strengths, and deficits will be addressed in the post-observation session following the observed session, in addition to

the rating form. Students will receive a copy of the rating form. A video of a counseling session is required. For students who are unable to videotape at their site, the university supervisor (teaching professional) may video into the session to observe.

\*Please note that meeting the minimal requirements does not guarantee that you will move on to internship II. Professionalism, dedication, crisis management, ethical behavior, receiving feedback appropriately, and adequate growth as a counselor are extremely important in this class. If you are not ready to move on to Internship II due to skills, site dissatisfaction, or a lack of professionalism and interpersonal characteristics, a PICS will be completed. If the skills are addressed by the end of the semester, then the student may move on to Internship II. If the student does not pass the class due to the aforementioned reasons, the student will repeat the course to address deficiencies in performance or interpersonal characteristics

## Evaluation and Assignments

**\* ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L, AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

### Discussion Board, and University Supervision: (15 pts.)

Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week, students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person's thread. **\*The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week.** Follow directions to get full points each week. Late work will not be accepted. Zoom Class Supervision Meetings are non-negotiable as they are a CACREP requirement for practicum and internship courses.

These video group meetings will be 90 minutes in length. **\*If you miss a meeting with your university group supervision or your site supervisor, you cannot count the hours for that week. (See Appendix A for Rubric).** 3.I.J, 3.I.K, 3.I.L, 3.M, 3.B, 1b, 1c, 1g, 1i, 1j, 1k, 1l, 1m, 2a, 2b, 2c, 3f, 3i, 4a, 5a, 5c, 5d, 5e, 5f, 5g, 5j, 5k, 5m, 5n, 6b, 6d, 7e, 5C.1b, 5C. 2b, 5C.2k, and 5C. 2l.

### Group Counseling Exercise: (15 pts.)

Students will facilitate a 20-minute group session during their group university supervision times during the week. **Students will turn in an outline of their group counseling exercise to D2L.** Students will get to choose a topic to cover. Topics could range from psychoeducational, interpersonal process, skill development, cognitive-behavioral, problem-solving, or support groups. These groups will not feature fictional personas, and they will be an authentic group with your internship cohort and your group university supervisor. **\*The group university supervisor will be placing special attention on group ethics, so be sure to address it within your group (See Appendix B for Rubric) KPI 5f, 6b, and 6d.**

### Multicultural Counseling and Role of Counselor: (15 pts.)

**In a 10–15-minute presentation, students will choose a diverse population to explore and create a multicultural counseling PowerPoint presentation.** Students will address multicultural counseling theories, counseling competencies, and crisis services.

Students will educate their cohort during group university supervision. Students will create a PowerPoint that they will share on their screen and will talk through their multicultural counseling theories and the role of the counselor during the presentation. **Students will address what crisis services might look like for their population of choice.** Students must address the multiple professional roles and functions of counselors across specialty areas, and their relationships with human service and integrated behavioral health care systems, including interagency and interorganizational collaboration and consultation. Students will address the different professional counseling credentials available, including certification, licensure, and accreditation practices and standards. Students will highlight how technology has impacted counseling and could assist their diverse population of choice. **Students will turn in their PowerPoint to D2L. (See Appendix C for Rubric and Examples) KPI: 1b, 1c, 1g, 1j, 2a, 2b, 2c, 5m, 5C.2a, and 5C.2k.**

### Session Video and Skills Evaluation (Counseling Session): (20 pts):

Students will turn in their packets with their portions filled out and with signatures to D2L and Tk20. Students will conduct a 45-minute minimum counseling session with a client for each semester of the Practicum and Internship. Students must fill out and sign the clinical video or observation consent form for themselves and their clients. This form must be turned into D2L. Students must fill out the skills evaluation form themselves.

This is a packet and needs to be turned in as a packet. Please fill out digitally, aside from the signature. The instructor will provide feedback to the student using the Session Video and Skills Evaluation Form and the grading rubric. Students must schedule a pre-observation and post-observation meeting with their teaching professor before and after their recorded/observed counseling session. Any skills, strengths, and deficits will be addressed in individual supervision following the observed session, in addition to the rating form. If local, students can opt to have their teaching professor come in person to observe, however, this must align with the teaching professor's schedule. A recording of the video counseling session is another option, as well as a live telehealth observation. If a video is recorded, it can be emailed to the teaching professor via Google Drive.

Once you have utilized the video to complete your part of the paperwork, please delete the counseling video. Once the teaching professor is done, we ask to see a variety of skills during clinical semesters. For example, if students were observed or recorded doing a group in one semester, the teaching professor may ask to see an individual session instead of another group.

**This assignment will be uploaded to Tk20 and D2L (See Appendix D for Rubric). KPI: 2.1k, 2.5g, 2.5j, 5C.1b, and 5C.3b.**

### Ethical Dilemma Case Study: (15 pts.):

Students will choose an ethical dilemma in regard to counseling to resolve, one that is relevant to their unique area of concentration/field of study. Students will turn in their PowerPoint to D2L. Students must address the pros and cons of utilizing technology within counseling in their presentation, see the grading rubric. Students will be expected to acknowledge ethical and culturally relevant strategies when resolving their ethical dilemmas and maintaining counseling relationships. Students will address the impact that the ethical dilemma may have on the counseling process. Students will be linked to community resources that could assist. Students will utilize the American Counseling Association's (2014) *Code of Ethics*, as well as their state-specific LPC code of ethics. Students will discuss their ethical dilemma case study during group university supervision. Students will create a PowerPoint that the student will screen share and will talk through their ethical dilemma (See Appendix E for Rubric and Examples) 1i, 3i, 5d, 5e, 5k, and 5C.2l.

### Completion of 300 Hours and Satisfactory Site Supervisor Evaluations: (10 pts.)

Students are required to complete 300 hours of internship. 120 hours must be direct service hours, and 180 hours must be indirect. Satisfactory performance at the site is required for the entirety of the semester. Failure to perform satisfactorily throughout the semester, as reflected in the Midterm Evaluation and Site Supervisor Evaluation, will result in a PICS and a possible failure of the class. Client welfare is extremely important, so any interpersonal, professional, or skill-related issues will be addressed. If they cannot be remediated, the student will be asked to retake the class or may be remediated in an alternative format. Use the logs and cover sheets provided in the practicum manual. Students will receive weekly supervision on-site and an average of 1.5 hours of group supervision in class. Logs will be turned in at the end of each semester. Please note that students cannot graduate until all hours have been earned, documented, and approved. Failure to complete the required hours will result in having to retake the course. Mid-term and Final evaluations are

#### **Department of Counseling Statement of Expectations**

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. To fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's

progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty.

Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on review and retention, refer to the handbook.

### Classroom Behaviors

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.
