Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Participation

Regular participation in class is required. Chapter reading assignments must be completed timely to prepare for future assignments. Disrespectful behavior towards your colleagues and/or professor is not acceptable in the online environment, including discussion boards.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. ****Assignments and exams are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, exams, or discussion postings.*** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. ****Your computer being down is not an excuse for missing a deadline!*** There are many places to access your

class. Our online classes can be accessed from any computer in the world, which is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. Instructor Class Policies

Conduct: One of the purposes in obtaining a business degree is to receive training to become successful in your future business roles. Just like your future organizations will have expectations, this course requires that you act and correspond professionally in the online environment. This includes discussion boards and emails.

Communication: You should check your MSU email account daily. You are also expected to have reliable access to the Internet and the course sites so that you can download relevant course information, as well as check course announcements. It is assumed that each student has the necessary basic skills to succeed. Critical reading, listening, note-taking and study skills are absolutely essential to be successful in this class. Extensive technical reading is required and it is expected that you can study the assignments and attempt to comprehend the majority of the material prior to requesting assistance. You are responsible for seeking help when needed. I will not be continuously checking my email outside of 8am to 5pm M-F. Due to this timing, along with class periods and scheduled office hours, please do not expect an immediate response via email. I will attempt to respond within 48 hours (emails sent after 3pm on Friday or over the weekend may not receive a response until Monday). Please do not wait until the week of an assignment or exam to seek assistance. If you have questions or do not understand the material, you should speak with me as soon as possible. Please schedule an appointment in advance during office hours and also consider additional resources (i.e., extra textbook videos / informal study groups). I look forward to working with you and discussing your list of questions.

Artificial Intelligence Usage: Any use of generative AI (GenAI) is strictly prohibited in this course, unless expressly required in the assignment

instructions by your professor. Because accounting proficiency is developed through practice and application, students are expected to complete all coursework using their own efforts and understanding of the material. Unless expressly permitted by the instructor, GenAI tools should not be used to solve accounting problems, create journal entries, prepare financial statements, or generate assignment responses. Students should contact the instructor if they have questions about whether a particular use of GenAI is appropriate. Any type of AI or external resources is strictly prohibited during exams.
