Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Google Drive

A Google drive will be set up for the class. Handouts will be added to the drive for students to access. Homework may be submitted into the drive

Attendance

Students participate in daily group activities designed for secondary class instruction. Activities are cumulative, building on previously learned concepts.

Therefore, attendance is crucial to personal development. Students may miss class three times without a final grade reduction. Each absence above the allotted absences reduces the final grade one letter grade. Tardies count toward absences. Students who arrive ten minutes late will be marked absent from class. Nonparticipation in class equals one absence for each occurrence. Save absences for when you are sick or for extenuating circumstance.

This course is not offered every semester. Students who do not pass this class must wait until the course is offered again. This class cannot be offered as an independent study due to teaching and learning activities.

The instructor may drop a student from the course for excessive absences (5 or more). A verbal or written warning will be given to a student prior to being dropped from the class.

In-Field Class Observation Journal

The Texas Education Agency (TEA) requires 50 observation hours to be completed prior to student teaching. Students are required to observe 20 hours in a secondary school placement approved by Dr. Harvey. 15 hours must be dedicated to engaging with students in instructional or educational activities. Observation hours are part of every Foundations course. Additional observation hours will be required in Elementary Music Foundations in addition to several West College of Education Courses.

Students must register as a volunteer with the approved school district, requesting a secondary placement. This will be submitted the first day of class.

Students answer weekly questions for their observation journal. Students also will teach twice in their placement. This includes: writing 2 lessons; videotaping your teaching; receiving teaching feedback from Dr. Harvey and the cooperating teacher with signatures from each; and placing observation feedback forms and lesson plans into TK20.

Observation hours must be completed by Wednesday, December 10, 2025 and logged in TK20. Completing observation hours is required by the West College of Education before a grade may be received. Observation hours are a TEA mandate prior to student teaching.

Students will receive an F if observation hours are not completed this semester. No incompletes will be given for this class. Hours must be completed as it is a requirement to clinical teach.

Online Computer Requirements

Students are required to have accessibility to a computer with internet access. Assignments will be uploaded into an assigned Google Drive Folder. It is your responsibility to have (or have access to) a working computer in this class.
