

Course Syllabus: Electricity, Magnetism and Optics
McCoy College of Science, Mathematics, and
Engineering PHYS 2644-101 Section 14210
Fall 2025

Contact Information

Instructor: Dr. Muatez Mohammed

Office: 219 D, McCoy Engineering Hall

Office phone: (940) 397-4182

Office Hours: Available by Zoom or In Office, By Appointment Only. During the week M, W (1-2) pm and T, R (1-2:30) pm. Email for appointment.

Class and Time: 131 McCoy Engineering Hall at (11:00 am- 12:20 pm) on T, R

Lab Timings: Sec. 14211- 11A - Friday, (2:00– 3:50) pm, McCoy Hall Room 203

E-mail: muatez.mohammed@msutexas.edu

Course Description

This course explores the fundamental principles of electricity, magnetism, and optics. Topics include electric fields, circuits, magnetism, electromagnetic induction, and the behavior of light. Students will learn to apply key concepts through problem-solving and laboratory experiments, developing a solid foundation in classical physics essential for understanding modern technology and natural phenomena.

Prerequisites include basic physics and calculus knowledge.

Textbook & Instructional Materials

Physics for Scientists and Engineers, A Strategic Approach: Knight– 5th edition (Pearson, required: **You need to purchase the access code.**)

(Syllabus is subject to change at any time)

Study Hours and Tutoring Assistance

If you need physics tutoring, please contact the library. They have a list of physics tutors. When assistance is needed for this course, please do not hesitate to reach out and contact the library for tutoring in physics courses.

Student Handbook

Refer to: [Student Handbook](#)

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work not the individual's to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct.

[Office of Student Conduct](#)

Grading

| Assignments | Points |
|-----------------------|--------|
| Pre-lecture homework | 10 |
| Post-lecture homework | 10 |
| Labs | 20 |
| Exams | 60 |
| Total Points | 100 |

Total points for final grade.

| Grade | Points |
|-------|--------------|
| A | 89 to 100 |
| B | 79 to 88 |
| C | 69 to 78 |
| D | 59 to 68 |
| F | Less than 59 |

Homework

Pre- and Post-Chapter Homework:

This is done before and after each chapter and has problem solving. Through Mastering, access code needed.

Lecture/Study Homework:

This will have problem solving and be available after each lecture on D2L. This is for study use only, not for a grade. **It will not be graded but the material will be used on the exams. Please do not ask for the answers, once I provide the answers, the question will not be used on the exam.**

Labs

Labs will start the week of September 8. Everything will be provided to you in the lab, McCoy room 203, by your TA. Also, I will keep you updated via email. This is an important part of the course. The experiments introduce you to the world of experimental Physics. **You cannot miss more than two labs. If you miss the 3rd lab your grade will drop drastically by a letter grade and continue to drop a letter grade for every lab missed afterwards.**

Unless there has been an unforeseen circumstance like a medical emergency etc., have a medical or other valid excuse. Notify me prior to missing or no later than 24 hours after. Always keep me informed via email when missing labs and assignments etc. I will drop the lowest lab.

Questions

I will send solved questions after each chapter to use for study material on the exam.

Exams

There will be 4 exams from the chapters, in this semester. They are constructed of multiple choice, possibly true/false, and problem solving. The exams will contribute 60% of the final grade. There is no comprehensive final.

Final Exam

I will drop the lowest exam grade, but you have to take the final exam. The final exam must be at least 45/60 to be able to drop the lowest exam grade, but not the final exam. You must take the final exam. If you do not take the final exam, you will receive a 0/60 and add it with the other exams. I will not drop the lowest exam grade. This will greatly affect your final grade unless you have a valid excuse.

Extra Credit

There may be opportunities for extra credit during the semester, I will let you know if and when they become available. This is typically shared during class time.

Important Note

- **I do not follow the grade on D2L, because I will post the grade after each exam to let you know where you are in this class.** If you have any questions, please feel free to ask me about the details of your grade.
- Make sure to use your school email when contacting me. I do not respond to personal emails. Additionally, do not email me via D2L, please use my school email for any communication.
- Also, note that audio devices such as earphones, AirPods, and earbuds are not permitted during class or exam time.
- Be aware that any cheating will result in being dropped from the class.

Late Work

Late work is unacceptable without a valid excuse. Please reach out to me to inform me so we can work together to avoid any loss of points.

Make Up Work/Test

There will be no make-up labs because the lowest lab grade will be dropped unless there is a valid excuse. If you miss an exam due to personal illness, emergency, or a school related activity, you will be allowed to take a make-up exam. It is your responsibility to schedule a make-up exam by contacting me via e-mail. You must contact me within 24 hours and schedule a time to make up the exam. You will be allowed to make-up only one exam. If you miss a second exam, you will earn a zero on the second exam missed unless you have a valid excuse. The final exam cannot be made-up.

Important Dates

Check date on [Academic Calendar](#):

- last day for term schedule changes.
- deadline to file for graduation.
- last day to drop with a grade of "W".
- deadline to file for graduation.

Refer to: [Drops, Withdrawals & Void](#)

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

Attendance will be taken at the beginning of each class. Those that have missed 5 days of class, in the first four weeks of the semester, will be dropped on the 6th day with a WN (Withdrawn for Non-Attendance) and will not receive a W grade. The only exception: Students representing the university away from campus or are on military orders will not be dropped as long as I am notified by email prior to first absence. Later, if you miss 6 lectures and/or 6 homework assignments in a row, you will be drop from class.

Online Computer Requirements

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings. Computers are available on campus in various areas of the buildings as well as the Academic Success Center. There are many places to access your class. Our online classes can be accessed from any computer which is connected to the internet. Contact your instructor immediately

upon having computer trouble If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exists in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to [Disability Support Services](#).

Campus Carry Rules/Policies

Refer to: [Campus Carry Rules and Policies](#)

Smoking/Tobacco Policy

To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.

College Policies

Campus Carry

Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes has prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses. For more information, visit [Campus Carry](#).

Active Shooter

The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [MSUReady – Active Shooter](#). Students are encouraged to watch the video entitled “*Run. Hide. Fight.*” which may be electronically accessed via the University police department’s webpage: [“Run. Hide. Fight.”](#)

Grade Appeal Process

Update as needed. Students who wish to appeal a grade should consult the Midwestern State University [MSU Catalog](#)

***Notice:** Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.
