Course Requirements

During this course you will learn how to write a proper research proposal in APA format. The first week, we will learn about APA format, choosing a topic,

how to find academic sources and how to cite them. The rest of the course will focus on the individual sections of a research proposal, detailing their purpose, contents, and how to write them. You will have 3 drafts due before the final submission (Methods, Proposed Results + Discussion, Introduction).

All assignments are required to have an APA formatted cover page!

Syllabus Quiz (15 points): A short multiple-choice quiz on the contents of this syllabus.

Topic Selection (15 points): Students will select a research topic by writing one paragraph identifying the topic, why it matters psychologically, and 2-3 possible research questions.

Sources Assignment (15 points): Students will submit 2 peer-reviewed empirical articles as an APA formatted References list.

Paper

Methods Draft (30 points): Students will submit a draft of their methods section that contains Participants, Design, Materials, and Procedure subsections. Must include the hypothesis, research design (between or within subjects), IV & DV, etc.

Proposed Results + Discussion Draft (30 points): Students will submit combined drafts of their proposed results and discussion sections. Must include restating what you expect the variables to do (hypothesis), what statistical procedure would be appropriate, what your results would mean if found (Discussion), practical applications, limitations, and future research.

Introduction Draft (30 points): Students will submit a draft of their introduction section, introducing the audience to the problem, a way to test it, hypothesis, and literature background citing at least 5 academic sources.

Final Draft (150 points): Students will submit their combined revised drafts of Cover page, Introduction, Methods, Proposed Results, Discussion, References as a Final Draft. Grade will be based on included content as well as revising instructor feedback.

*All papers must be turned in electronically to TurnItIn.com through D2L. Go to Assessments: (a) choose Assignments, and (b) choose TurnItIn. You will upload your paper and can view a similarity rating. If green (under 25% or so), no worries. If yellow, possible rewrite. Check to see if your sources are artificially raising your percent (if yes, no worries). If orange, definitely rewrite!

Student Code of Conduct

MWSU's official policy in the University's Code of Student Conduct on page 52, states:

Instructor Drop: An instructor may drop a student any time during the semester for excessive absences, for consistently failing to meet class assignments, for an indifferent attitude, or for disruptive conduct. The instructor must give the student a verbal or written warning prior to dropping the student from the class. An instructor's drop of a student takes precedence over the student-initiated course drop of a later date. The instructor will assign a grade of either WF or F through the first 9 weeks of a long semester, the first 6 weeks of a 10-week summer term, or the 12th class day of a 4- or 5-week summer term consisting of 20 days. After these periods, the grade will be an F. The date the instructor drop form is received in the Office of the Registrar as the official drop date. A student dropped from a class by a faculty member for disruptive behavior has the right of appeal to the Student Conduct Committee through the Student Conduct office.

Midwestern State University Student Honor Creed

"As an MSU Student, I pledge not to lie, cheat, steal, or help anyone else do so."

As students at MSU, we recognize that any great society must be composed of empowered, responsible citizens. We also recognize universities play an important role in helping mold these responsible citizens. We believe students themselves play an important part in developing responsible citizenship by maintaining a community where integrity and honorable character are the norm, not the exception. Thus, We, the Students of Midwestern State University, resolve to uphold the honor of the University by affirming our commitment to complete academic honesty. We resolve not only to be honest but also to hold our peers accountable for complete honesty in all university matters.

We consider it dishonest to ask for, give, or receive help in examinations or quizzes, to use any unauthorized material in examinations, or to present, as one's own, work or ideas which are not entirely one's own. We recognize that any instructor has the right to expect that all student work is honest, original work. We accept and acknowledge that responsibility for lying, cheating, stealing, plagiarism, and other forms of academic dishonesty fundamentally rests within each individual student. We expect of ourselves academic integrity, personal professionalism, and ethical character. We appreciate steps taken by University officials to protect the honor of the University against any who would disgrace the MSU student body by violating the spirit of this creed.

Written and adopted by the 2002-2003 MSU Student Senate.

By enrolling in this course, the student expressly grants MSU a 'limited right' in all intellectual property created by the student for the purpose of this course. The 'limited right' shall include but shall not be limited to the right to reproduce the student's work product in order to verify originality and authenticity, and educational purposes.
