Course Description

Political Science 1433 is an introductory course designed to provide students with a basic understanding of the American and Texas governments. The course aims to explore the political dynamics of both the American and Texas political systems, different branches of the government both in Texas and the United States, the ongoing challenges and evolving nature of the government system. Learning about the different branches of government that produce policies in the national and state levels as well as non-governmental actors, students will gain insights into the ways the political system produces policies that affect everyday life across the nation and the state. The study of politics is to examine who gets what when and how; in this course, students learn about who gets what when and how by gaining insights into the processes of decision-making at both national and state levels.

Academic Misconduct Policy & Procedures

Academic Dishonesty: Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the

submission for credit of work, not the individual to whom credit is given). Additional guidelines on procedures in these matters may be found in the Office of Student Conduct.

A Note on Chat GPT

***AI use is strictly prohibited.**

This course assumes that all work submitted by students will be generated by the students themselves, working individually or in groups. Students should not have another person/entity do the writing of any substantive portion of an assignment for them, which includes hiring a person or a company to write assignments and using artificial intelligence tools like ChatGPT. The online portal for uploading assignments detects and flags sections of writing that has been generated by AI.

Academic dishonesty on exams, quizzes and assignments will result in a *Zero* on the quiz, assignment, or exam and the student or students in question may receive an F in the course and/or be turned over to the university for sanction. ***More than one incident of academic dishonesty during the course will automatically result in a course grade of F.**

The MSU Honor Creed applies in this course, and students are expected to abide by it. Student work in this course expected to be original and produced only for this course. Students may not use the textbook, chapter summaries, notes, PowerPoints, lectures, or any online material during quizzes and exams. Students may not collaborate with each other during quizzes or exams or to create substantially similar responses to writing assignments.
