**The MSU Clinical Mental Health and School Counseling programs require at least a B average. C's are unacceptable, and more than 2 C's will put you in danger of being removed from the program. Please consult the Student Handbook for more information.**

**COVID-19:** Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please

contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

### **V. COURSE EXPECTATIONS**

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's Code of Ethics (2014). The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

**Online Etiquette:** It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

**Diversity:** It is my intent to present material and activities that are respectful of diversity. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of diversity in this course are encouraged and appreciated.

**Confidentiality:** Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

**Academic Dishonesty:** Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.

**Statement of Disability:** Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes. If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

**Attendance:** Class attendance is crucial to successful completion of this course since much of the training cannot be learned in textbooks. Therefore, GRADUATE STUDENTS are expected to be on time and to attend every session online and all required face to face classes. Tardiness, leaving early, and absences are considered evidence of lack of dependability, and are taken seriously.

**Late Work:** All papers and assignments must be turned in the day they are due. **No exceptions.** If you have an emergency please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered **10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth a considerable amount of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly

**Internship:** Students must register for a 6-credit hour internship spanning two semesters. Placements must begin and end in one academic semester (Fall, Spring, Summer) for the duration of at least 10 weeks. The internship is the second, and third experience during which students apply their counseling theory and demonstrate their counseling skills in a professional supervised setting. A minimum of 600 hours is required for Internship (300 each semester). In order to meet the 600 hours of field experience requirement, students must spend a minimum of 24 hours each week on site. Students must get all placements approved by their professor of record. Additionally, private practice, and home or field settings are only approved for P/I by the instructor of record. Students must attend **EVERY** group supervision meeting as they are mandatory. **These meetings will take place every Tuesday evening from 6:30-8:00 pm.** This is an interactive, “hands on” class that will require your energy, focus, and respectful participation. . It is imperative that students receive supervision throughout the semester, and it is a CACREP requirement. Students will present on cases weekly. Please consider that it is a learning experience for all class members to learn from one another, therefore students are required to give feedback to others. Students are expected to act in the role of a professional consultant at this stage of development in the program. Students will bring a case or even two to each class meeting and be prepared to discuss this case, maintaining client confidentiality. Students will be prepared participate in group sessions during class meetings. These sessions will be of a personal growth nature. Participation in the group process will be noted on the final grade.

**Please note that meeting the minimal requirements does not guarantee that you will move on to internship II. Professionalism, dedication, crisis management, ethical behavior, receiving feedback appropriately, and adequate growth as a counselor is extremely important in this class. If you are not ready to move on to internship II based on skills, site dissatisfaction, or lack of professionalism and interpersonal characteristics, a PICS will be completed. If the skills are addressed by the end of the semester, then the student may move on to Internship II. If the student does not pass the class due to the aforementioned reasons, the student will repeat the course to address deficiencies in performance or interpersonal characteristics.**

**The students’ internship includes the following:**

1. A **minimum** of 600 hours is required for Internship (300 each semester). Of the minimum 300 hours each semester, at least 120 hours must be direct hours and 180 hours must be indirect hours.
2. **Policies on banked hours will change after June 2021. Students will no longer be able to bank hours.** As stated in the 2016 CACREP “*Students who complete more than the minimum required direct service hours in Practicum may carry over direct service hours and apply them to Internship direct service hours. This flexibility will remain in effect until June 30, 2021*”.
3. A minimum of **one hour per week** of individual on-site supervision from site supervisor each week students are present at the site.

4. An average of **one and one-half hours per week** of **group supervision** with other students in Internship with University supervisor. This will take place Tuesday evenings from 6:30-8:00 pm.
5. Formal evaluations of students' performance will be submitted at mid-term and at the end of the semester by all supervisors (Site, University).
6. Students will conduct one 40-45 minute counseling session with a client for each semester of Practicum and Internship. The instructor will provide feedback to the student using the MSU Skills Rating form. Any skills strengths and deficits will be addressed in individual supervision following the observed session, in addition to the rating form. Students will receive a copy of the rating form. A video of a counseling session is required. For students who are unable to video tape at their site, a site visit for live supervision is required.

**VII. EVALUATION AND ASSIGNMENTS**

**\*\* ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

**Discussion Board, and University Supervision: (15 pts.)** Students are required to answer questions or complete assignments regularly related to the weekly topic. Almost every week students will be required to answer questions about the reading, topic or be asked to reflect on a particular internship experience for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person’s thread. **The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week, aside from the last week.** Follow directions to get full points each week. Late work will not be accepted. Video Class Supervision Meetings are non-negotiable as they are a CACREP requirement for practicum and internship courses. These video group meetings will be 90 minutes in length, please arrange your schedule to participate in those meetings otherwise you will have to make the time up individually with the professor **(See Appendix A for Rubric) 3.I.J, 3.I.K, 3.I.L, 3.M, 3.B, 1b, 1c, 1g, 1i, 1j, 1k, 1l, 1m, 2a, 2b, 2c, 3f, 3i, 4a, 5a, 5c, 5d, 5e, 5f, 5g, 5j, 5k, 5m, 5n, 6b, 6d, 7e, 9.1b, 9. 2b, 9.2k, and 9.2l.**

### **VIII. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS**

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on review and retention refer to the handbook.

**Classroom Behaviors:** Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.

- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.
