Instructor Response Policy:

During the week (Monday – Friday) I will respond within 24 hours. Do not expect a response from me on Holidays and weekends. As professionals, it's important that we implement boundaries around home and work. Please try to ask your questions before the weekend.

The MSU Clinical Mental Health and School Counseling programs require at least a B average. Cs are unacceptable, and more than two (2) C's will put you in danger of being removed from the program. Please consult the Student Handbook for more information.

I. COURSE DESCRIPTION

Prerequisite(s): Must have completed 36 hours, including [COUN 5283](#) and [COUN 5293](#) .

The first semester of Graduate Internship features 300 supervised clock-hours which breaks down into 120 direct and 180 indirect hours. This “capstone” clinical experience assists students in refining and enhancing the skills learned during the practicum semester. During this semester, students will be expected to present on knowledge learned over the course of their coursework during their university group supervision mandatory zoom meetings. Students must make a B or better in order to continue into [COUN 6053 - Graduate Internship II](#) .

II. COURSE RATIONALE

The focus of this course is to help students apply learning from their counseling courses with real clients at the counseling site of their choice. Students will learn about the role of the counselor through work with actual clients, collaboration with other co-workers and interns, and supervision with their site supervisor and university supervisor. The aim of this course is to help students grow into the role of an ethical, culturally competent counselor in order to best help the clients they serve meet their counseling and mental health goals.

III. REQUIRED TEXTBOOK

Liability Insurance: Students must retain their own liability insurance before the start of the semester. Students may use organizations like HPSO or CPH who offer student discounts. Students will **NOT** be allowed to begin gaining hours without active liability insurance. Students must send their liability insurance documents to their university supervisor (teaching professor) and their site-supervisor before gaining hours.

Required Text:

American Psychiatric Association. (2022). *Diagnostic and statistical manual of mental disorders (5th ed. TR)* DSM V TR

Suggested Resources: Up to date APA 7 resources, and Jongsma Treatment Planning resources.

- Section 4: I. The counselor education program provides orientation to fieldwork site supervisors regarding program requirements and expectations.
- Section 4: J. During entry-level professional practice experiences, the counselor education program engages in consultation with the fieldwork site supervisor to monitor student learning and performance in accordance with the supervision agreement.
- Section 4: K. The counselor education program provides professional development opportunities to fieldwork site supervisors for all program delivery types.
- Section 4: L. Students have opportunities to evaluate their experience with the practicum and internship placement process.
- Section 4: M. Students have regular, systematic opportunities to evaluate practicum and internship fieldwork sites and site supervisors.
- Section 4 U. After successful completion of the practicum, students complete 600 hours (over two internship semesters) of supervised counseling internship in roles and settings with actual clients relevant to their CACREP specialized practice area.
Section 4 V. Internship students complete a minimum of 240 hours of direct service with actual clients (over two internship semesters).
- Section 4: W. Throughout the duration of the internship, each student receives individual and/or triadic supervision on a regular schedule that averages one hour a week and is provided by at least one of the following:
 1. a counselor education program faculty member, or
 2. a doctoral student supervisor who is under the supervision of a qualified core or affiliate counselor education program faculty member, or

3. a fieldwork site supervisor who is working in consultation on a regular schedule with a counselor education program faculty member in accordance with the supervision agreement.

Learning Objectives

1. Students will demonstrate characteristics and skills of an effective counselor with clients in clinical counseling settings including essential interviewing, counseling, and case conceptualization skills.
2. Students will provide ethical, multicultural counseling services to clients at the internship site.
3. Students will learn about the role of the counselor in an agency setting including roles and responsibilities, collaboration with colleagues in treatment planning, self -evaluation, and supervision.
4. Students will develop a personal model of counseling which includes a theoretical orientation, and advanced techniques for change.
5. Students will demonstrate effective management of crisis and emergency management as well as agency and community wide management of crisis and emergency situations.

V. COURSE EXPECTATIONS

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's (2014) *Code of Ethics*. The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

Online Etiquette: It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

Inclusivity: It is my intent to present material and activities that are respectful. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of inclusivity in this course are encouraged and appreciated.

Confidentiality: Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about

themselves is considered confidential. Please do not share any information shared to you by other students.

Academic Dishonesty: Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.
- Usage of Artificial Intelligence (AI) software, this does not include editing tools of Word or Grammarly i.e., spell check or rewriting suggestions for clarity.

Statement of Disability: Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes. If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

Attendance: You will be required to post at least three academic paragraphs in each week's discussion board. You are also required to reply to at least one other student's discussion board post. This is seen as your weekly attendance in class. Failing to post, reply, or both each week results in loss of points and would be the same as if you did not attend class that week. An academic paragraph needs at least five sentences in it.

Late Work: All papers and assignments must be turned in the day they are due. ***No exceptions.** If you have an emergency, please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered ***10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are

worth a considerable number of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly

Graduate Internship I: Students must register for a 3-credit hour graduate internship I. **Placements must begin and end in one academic semester (Fall, Spring, Summer) for the duration of at least 10 weeks for summer, and 16 weeks for fall and spring.** Graduate Internship I is the second experience during which students apply their counseling theory and demonstrate their counseling skills in a professional supervised setting. A minimum of 300 hours is required for graduate internship I. **In order to meet the 300 hours of field experience requirement, for summer students must gain a minimum of four (12) direct hours a week, and six (18) indirect hours a week on site for a 10-week semester. For fall/spring semesters, students must gain at a minimum of eight (8) direct hours per week, and twelve (12) indirect hours per week for a 16-week semester. Students must get all placements approved by their professor of record.** Additionally, private practice, and home or field settings are only approved for P/I by the instructor of record.

Internship Rollover Policy:

Students are permitted to roll-over a maximum of 50 hours. Hours can be transferred between COUN 6043 Graduate Internship I and COUN 6053 Graduate Internship II. These hours can include direct hours, indirect hours, or a combination of both. However, students are not allowed to accumulate hours between semesters, nor can any hours from the practicum be rolled over into internship semesters. Roll-over hours are strictly limited to COUN 6043 and COUN 6053. Failure to acquire 240 direct hours and 360 indirect hours over the course of COUN 6043 and COUN 6053 will result in the student having to retake COUN 6053.

- Students taking internship I during spring may choose to gain 170 direct hours and 180 indirect hours, and then would need to gain 70 direct hours and 180 indirect hours for their summer internship II.
- Students taking internship I during summer may choose to gain 70 direct hours and 180 indirect hours, and then would need to gain 170 direct hours and 180 indirect hours for their fall internship II.

The students' Graduate Internship I includes the following:

1. A **minimum** of 300 hours is required for practicum. Of the minimum 300 hours, at least 120 hours must be direct hours and 180 hours must be indirect hours.
2. A minimum of **one hour per week** of on-site supervision from the site supervisor on record each week that the students are present at the site.
3. An average of **one and one-half hours per week of group supervision** with other students in internship with university supervisor. Students must attend ***EVERY** group supervision meeting as they are mandatory. **These meetings will take place every week.** This is an interactive, "hands on" class that will require your energy, focus, and respectful participation. It is imperative that students receive supervision throughout the semester, and

it is a CACREP requirement. Students will present on cases weekly. Please consider that it is a learning experience for all class members to learn from one another, therefore students are required to give feedback to others. Students are expected to act in the role of a professional consultant at this stage of development in the program. Students will bring a case or even two to each class meeting and be prepared to discuss this case, maintaining client confidentiality. Students will be prepared participate in group sessions during class meetings. These sessions will be of a personal growth nature. Participation in the group process will be noted on the final grade.

4. Formal evaluations of students' performance will be submitted at mid-term and at the end of the semester by all supervisors (Site, University).
5. Students will conduct one ***minimum** of 45-minute counseling session with a client for each semester of Practicum and Internship. The instructor will provide feedback to the student using the MSU Skills Rating form rubric see Appendix. Any skills strengths and deficits will be addressed in the post-observation session following the observed session, in addition to the rating form. Students will receive a copy of the rating form. A video of a counseling session is required. For students who are unable to video tape at their site, the university supervisor (teaching profession) may video into the session to observe.
6. ***Please note that meeting the minimal requirements does not guarantee that you will move on to internship II. Professionalism, dedication, crisis management, ethical behavior, receiving feedback appropriately, and adequate growth as a counselor is extremely important in this class. If you are not ready to move on to internship II based on skills, site dissatisfaction, or lack of professionalism and interpersonal characteristics, a PICS will be completed. If the skills are addressed by the end of the semester, then the student may move on to Internship II. If the student does not pass the class due to the aforementioned reasons, the student will repeat the course to address deficiencies in performance or interpersonal characteristics.**

VI. EVALUATION AND ASSIGNMENTS

*** ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

Discussion Board, and University Supervision: (30 pts.) Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person’s thread. ***The assignments and weekly comments are due by Sunday at 11:59 pm on Sunday, aside from the last week of the semester.** Follow directions to get full points each week. Late work will not be accepted. Zoom Class Supervision Meetings are non-negotiable as they are a CACREP requirement for practicum

and internship courses. These video group meetings will be 90 minutes in length. ***If you miss a meeting with your university group supervision or your site supervisor, you cannot count the hours for that week.** (See Appendix A for Rubric).

Group Counseling Exercise: (20 pts.) Students will facilitate a 20-minute group during their group university supervision times during the week. **Students will turn in an outline of their group counseling exercise to D2L.** Students will get to choose a topic to cover. Topics could range from psychoeducational, interpersonal process, skill development, cognitive-behavioral, problem solving, or support groups. These groups will not feature fictional personas, and it will be an authentic group with your internship cohort and your group university supervisor. **The group university supervisor will be placing special attention on group ethics so be sure to address it within your group (See Appendix B for Rubric) 3.F.2., 3.F.4., and 3.F.9.**

Multicultural Counseling and Role of Counselor: (20 pts.) **In a 10–15-minute presentation, students will choose a diverse population to explore, and to create a multicultural counseling power point presentation.** Students will address multicultural counseling theories, counseling competencies, and crisis services. Students will educate their cohort during group university supervision. Students will create a power point that the student will share their screen and will talk through their multicultural counseling theories and role of the counselor during the presentation. **Students will address what crisis services might look like for their population of choice.** Students must address the multiple professional roles and functions of counselors across specialty areas, and their relationships with human service, and integrated behavioral health care systems, including interagency and interorganizational collaboration and consultation. Students will address the different professional counseling credentials available including certification, licensure, and accreditation practices, and standards. Students will highlight how technology has impacts counseling and could assist their diverse population of choice. **Students will turn in their PowerPoint to D2L. (See Appendix C for Rubric and Examples) 3.A.2., 3.A.3., 3.A.7., 3.B.1., 3.B.10., 3.C.11., 3.E.1., 3.E.5., and 5.C.8.**

Recorded Counseling Session: (80 pts.) **Students will turn in their packet with their portion filled out and with signatures to D2L and Tk20.** Students will conduct one 45-minute minimum counseling session with a client for each semester of Practicum and Internship. ***Students should aim for 50 minutes to ensure that they turn in a video that is at least 45 minutes.** Students must fill out and sign the clinical video or observation consent form for themselves and their client. This form must be turned in to D2L. Students must fill out the skills evaluation form on themselves. This is a packet and needs to be turned in as a packet. Please fill out digitally aside from the signature. The instructor will provide feedback to the student using the Session Video and Skills Evaluation Form and the grading rubric. Students must schedule a pre-observation and post-observation meeting with their teaching professor before and after their recorded/observed counseling session. Any skills strengths and deficits will be addressed in individual supervision following the observed session, in addition to the rating form. If local, students can opt to have their teaching professor come in person to observe, however this must align with teaching professor's schedule. A recorded of video the counseling session is another option, as well as a live telehealth observation. If a video is recorded, it can be emailed to the teaching professor via google drive. Once you have utilized the video to complete your part of the paperwork, please delete the counseling video. Once the teaching professor is done with, we

ask to see a variety of skills during clinical semesters, for example, if students were observed or recorded doing a group in one semester, the teaching professor may ask to see an individual session instead of another group. **This assignment will be uploaded to Tk20 and D2L (See Appendix D for Rubric).** 3.C.12., 3.D.1., 3.E.1., 3.E.6., 3.E.7., 3.E.8., 3.E.9., 3.E.10., 3.E.12., 3.E.15., 3.E.21., 3.G.7., 3.G.11., 5.C.1., 5.C.2., 5.C.4., and 5.C.5.

Ethical Dilemma Case Study: (20 pts.) Students will choose an ethical dilemma in regard to counseling to resolve; one that is relevant to your unique area of concentration/field of study. **Students will turn in their PowerPoint to D2L.** Students must address pros and cons of utilizing technology within counseling within their presentation, see grading rubric. Students will be expected to acknowledge ethical and culturally relevant strategies when resolving their ethical dilemma and maintaining counseling relationships. Students will address the impact that the ethical dilemma may have on the counseling process. Students will link to community resources that could assist. Students will utilize the American Counseling Association's (2014) *Code of Ethics*, as well as your state specific LPC code of ethics. Students will discuss their ethical dilemma case study during group university supervision. **Students will create a power point that the student will screen share and will talk through their ethical dilemma (See Appendix E for Rubric and Examples)** 3.A.10., 3.A.11., 3.E.5., and 3.E.6.

Completion of 300 Hours and Satisfactory Site Supervisor Evaluations: (20 pts.) Students are required to complete 300 hours of internship. 120 hours must be direct service hours, and 180 hours must be indirect. Satisfactory performance at the site is required for the entirety of the semester. Failure to perform satisfactorily throughout the semester, as reflected in the Midterm Evaluation, and Site Supervisor Evaluation, will result in a PICS, and a possible failure of the class. Client welfare is extremely important, so any interpersonal, professional, or skill related issues will be addressed. If they cannot be remediated, the student will be asked to retake the class, or may be remediated in an alternative format. Use the logs and cover sheets provided in the practicum manual. Students will receive weekly supervision on-site, and an average of 1.5 hours of group supervision in class. Logs will be turned in at the end of each semester. Please note that students cannot graduate until all hours have been earned, documented, and approved. Failure to complete the required hours will result in having to retake the course. Mid Term and Final evaluations are also required. These evaluations will be completed by your site supervisor at midterm and the end of the semester. Students are responsible for making sure evaluations are turned in on time. The instructor will consult with the site supervisor(s) on a consistent basis, to include the counseling student in the consultation whenever possible. Also taken into consideration is the student's conduct at his/her site(s) (i.e., absences, tardiness, professional demeanor and dress, ability and willingness to receive criticism and feedback). **Make sure your tk20 logs are all approved by both supervisors (site and university), make sure logs are correct. Confirm that your site supervisor has completed their midterm and final evaluations on you. Make sure that you fill out evaluations on your site and university supervisor on tk20. Make sure that you turn in your hours document to D2L. Keep that document for your records with signatures.** (See Appendix F). 3.A.12., 3.E.4., 3.E.17., 3.E.20., 5.C.6., 5.C.7., and 5.C.9.

Reflection Paper and Evaluation: (40 pts.) ***Students will turn in their reflection paper and self-evaluation to D2L and Tk20.** Students will use the template within D2L to reflect on their semester. Students will introduce the assignment, discuss the counseling relationship, explore

personal reactions, discuss rational, highlight ethics, legality, and crisis issues, reflect on their counseling session, explore multicultural and diversity issues, reflect on counseling skills, develop a professional development plan, and provide a summary of their semester. **This assignment will be uploaded to Tk20 and D2L (See Appendix G). 3.A.11.**

VIII. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on review and retention refer to the handbook.

Classroom Behaviors: Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.

IX. STUDENT ETHICS AND OTHER POLICY INFORMATION

Ethics: For further information about Midwestern State University’s policies regarding student ethics and conduct, please contact 940-397-4135 (Student Support Services).

Special Notice: Students whose names do not appear on the class list will not be permitted to participate (take exams or receive credit) without first showing proof of registration (Schedule of Classes and Statement of Account).

Campus Carry: Senate Bill 11 passed by the 84th Texas Legislature allows licensed handgun holders to carry concealed handguns on campus, effective August 1, 2016. Areas excluded from concealed carry are appropriately marked, in accordance with state law. For more information regarding campus carry, please refer to the University’s webpage at: [Campus Carry](#). As this is an online class, this policy should not apply, but please familiarize yourself with this and other campus policies. ***Please note, open carry of handguns, whether licensed or not, and the carrying of all other firearms, whether open or concealed, are prohibited on campus.**

Limited Right to Intellectual Property: By enrolling in this course, the student expressly grants MSU a “limited right” in all intellectual property created by the student for the purpose of this course. The “limited right” shall include but shall not be limited to the right to reproduce the student’s work product in order to verify originality and authenticity, and for educational purposes.

Midwestern State University Mission Statement: MSU is a leading public liberal arts university committed to providing students with rigorous undergraduate and graduate education in the liberal arts and the professions. Through an emphasis upon teaching, augmented by the opportunity for students to engage in research and creative activities alongside faculty and to participate in co-curricular and service programs, Midwestern State prepares its graduates to embark upon their careers or pursue advanced study. The university’s undergraduate education is based upon a comprehensive arts and sciences core curriculum. The understanding that students gain of themselves, others, and the social and natural world prepares them to contribute constructively to society through their work and through their private lives.

Midwestern State University Values:

- People-Centered – Engage others with respect, empathy, and joy.
- Community – Cultivate a welcoming and belonging campus environment.

- Integrity – Always do the right thing.
- Visionary – Adopt innovative ideas to pioneer new paths.
- Connections – Value relationships with broader communities.

Midwestern State University Counseling Program Objectives:

- Reflect current knowledge and projected needs concerning counseling practice in a multicultural and pluralistic society
- Reflect input from all persons involved in the conduct of the program, including counselor education program faculty, current and former students, and personnel in cooperating agencies
- Address student learning
- Written so they can be evaluated

***Please refer to your Clinical Mental Health student handbook, and or your practicum and internship manual located within the D2L shell for review.**

Desire-to-Learn (D2L): Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Important Dates:

Last day for term schedule check date on [Academic Calendar](#).

Deadline to file for graduation check date on [Academic Calendar](#).

Last Day to drop with a grade of “W” check date on [Academic Calendar](#). Refer to: [Drops, Withdrawals & Void](#)

Online Computer Requirements: Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. ***Assignments and tests are due by the due date, and personal computer technical difficulties will not be considered reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.** Computers are available on campus in various areas of the buildings as well as the Academic Success Center. ***Your computer being down is not an excuse for missing a deadline.** There are many places to access your class! Our online classes can be accessed from any computer in the world that is connected to the internet. Contact your instructor immediately upon having computer trouble. If you have technical difficulties in the course, there is also a student helpdesk available to you. The college cannot work directly on student computers due to both liability and resource limitations however they are able to help you get connected to our online services. For help, log into [D2L](#).

Change of Schedule: A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer

semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the [Schedule of Classes](#) each semester.

Refund and Repayment Policy: A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. However, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Smoking/Tobacco Policy: College policy strictly prohibits the use of tobacco products in any building on campus. Adult students may smoke only in the outside designated-smoking areas at each location.

Alcohol and Drug Policy: To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on university property or at university-sponsored activities.

Grade Appeal Process: Update as needed. Students who wish to appeal a grade should consult the Midwestern State University [MSU Catalog](#)

Notice: Changes in the course syllabus, procedure, assignments, and schedule may be made at the discretion of the instructor.
