Hospice of Wichita Falls

August 2010 to January 2014

Inpatient Center Coordinator – Maintained responsibility for the day-to-day operational oversight and management of the Inpatient Center. Participated in administrative call rotation for the organization. Ensured compliance with state and federal regulations. Oversaw the implementation and ongoing assessment of the hospice plan of care. Monitored patient and family satisfaction. Participated in data collection and assessment as well as production of reports and quality improvement initiatives. Worked with facility pharmacist to ensure the safe accountability and administration of medications. Monitored unit budgetary constraints. Represented the Inpatient Center at organizational administrative meetings.

United Regional Health Care System

Staff Nurse, PCU

2010

Provided direct patient care to acutely ill patients requiring constant observation and monitoring.

Staff Nurse, Palliative Care

2007 to 2010

Team member on a new inpatient program to provide care to terminally ill patients. Worked with interdisciplinary team members to coordinate care, manage pain and other symptoms to improve quality of life for patients with serious illness.

Manager, Labor & Delivery

2005 to 2007

Responsible for the 24/7 daily management of unit activities including staff supervision and development, planning, budget, quality and facility operations and coordinating patient services to ensure high quality patient care and optimal outcomes. Participated in administrative call rotation for the L&D, Nursery, Post-Partum & Pediatric units. Ensured compliance with state and federal regulations. Represented the L&D unit at organizational administrative meetings.

Prenatal Nurse Educator

1995-2014

Taught a four-week prenatal education class to expectant parents which provided a comprehensive overview of the labor and birth experience and what to expect from the time of arrival at the hospital through the delivery and recovery.

Staff Nurse, Labor & Delivery

1994 to 2005

Provided direct patient care during the antepartum, intrapartum and post-partum periods. Participated in the care and monitoring of patients receiving epidural and spinal anesthesia. Maintained competencies in both circulating and scrub nurse roles for Caesarean deliveries. Maintained proficiencies to float to the Newborn Nursing and Post-Partum units. Acted as a unit preceptor to new employees and student nurses.
