Chief Executive Officer, ZefCom, LLC. dba Telispire, 4245 Kemp Boulevard, Suite 120, Wichita Falls, Texas 76308

November 2000 – Present

Founder and CEO of a Mobile Virtual Network Operator and Aggregator employing over 60 people and supporting over 100 unique brands in the United States. Responsible for strategic development and full P&L success. Telispire has become the industry leader enabling the growth and development of multiple organizations and industries. As the founder and CEO, I have lead all acquisitions and IT development to create an organization that leverages industry capabilities to provide a full turn-key solution for our clients which include rural telephone companies, rural electric companies, broadband service providers and competitive service providers in unique service niches.
