Last Day to drop with a grade of “W:” June 16th

Refer to: [Drops, Withdrawals & Void](#)

Desire-to-Learn (D2L)

Extensive use of the MSU D2L program is a part of this course. Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

Students should participate in all classes. Logging into D2L at least twice a week and working diligently on assignments will be considered as your attendance for the week. In case of an emergency in which you will not be able to log onto D2L, please let me know as early as possible. Excessive absences might also result in instructor-drop, if required. ***Late work, unless arrangements are made by the student and approved in advance by the instructor, will not be accepted for full credit.***

Important Course Information

Taking an online class requires you to have access to a computer (with Internet access) to complete and upload your assignments. It is your responsibility to have (or have access to) a working computer in this class. Assignments are due by the due date, and personal computer technical difficulties will not be considered a reason for the instructor to allow students extra time to submit assignments, tests, or discussion postings.

Cheating, collusion, and plagiarism (the act of using source material of other persons, either published or unpublished, without following the accepted techniques of crediting, or the submission for credit of work, not the individuals to whom credit is given) will not be considered. I use Turnitin for the assignments as needed and D2L directly syncs with it (you do not have to do anything). You will be able to see the plagiarism percentage and are welcome to make changes and resubmit **BEFORE** the due date. Any plagiarism of 30% and above is too much and the assignment will not be graded, given a zero, and makeup work will not be considered.

I will use D2L for posting the syllabus, course communication, course schedule, attendance, and gradebook. There will be flexibility for meetings – either virtually or in person. I will support you to be successful and guide you throughout the course, however that requires you to read feedback, answer emails timely, show growth, and professionalism as needed. The feedback will help you improve your understanding of the topics. I am happy to meet individually via phone, virtually, or in person to discuss feedback. I will also be posting regular updates on the ***D2L news section***, so you should check D2L regularly.

Expectations for written work: Correct grammar, punctuation, and spelling are expected on all written assignments (although web discussions are not held to the high standard of a research project or other written assignment).

- Written assignments should be completed using Microsoft Word and turned in as an attachment in dropbox on D2L.
- Discussion posts should be completed within the D2L discussion space and NOT uploaded as an attachment.
- Due dates should be honored in order to receive the highest grade.
- When referring to the ideas of others, works should be cited using the APA format.

As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).
