Discussion Board Participation

As indicated in the course schedule, the instructor will post a question(s) on D2L for the class. Unless specified otherwise, everyone should post an initial response to the question(s) and should also respond to at least two peers' posts. The discussion board is a mandatory component. Students are expected to read all discussion board instructions and rubrics and to participate actively throughout the semester. Students are expected to write formally (no shorthand or text messaging abbreviations) and use APA format and referencing where appropriate. There will be general questions relating to the chapter(s), case vignettes, current events, and/or watching a video and posting your response. Thoughtful responses, constructive critique of fellow students, and meaningful participation are expected. Please keep in mind the discussion board is a formal assignment and part of your grade.

Discussion Thread Participation

As stated earlier, the discussion board is a mandatory component. Discussion questions will be posted on the discussion board. Typically, your initial post to the discussion assignment and your response to at least two peers' post is due by **11:59pm on Fridays**. You may respond to as many peers' posts as you want but the minimum is two. If anyone fails to do the initial posts and fails to respond to peers' posts for any three discussion threads he or she may be dropped from the course. I will review your posts and responses and give individual feedback when grading posts. I may respond in the discussion thread to a select few posts and/or responses or respond collectively to the class. This does not mean only the posts and/or responses of those to whom I respond are good and other posts and/or responses are not good.

Quizzes

Students will complete weekly quizzes by **11:59 pm on Fridays** based on the required book chapters and unit notes as indicated in the class schedule. The

quizzes are open book and notes, but there will be only 30 minutes to complete them. **Quizzes cannot be made up if missed, and a grade of zero (0) will be recorded.**

Drug Research Paper

Due Nov. 15th: Students will complete a research paper on a drug, particularly one that is discussed in the text or is problematic in this area. The paper must be double-spaced, written in the format of the American Psychological Association (APA), and be no more than 3 pages in length (excluding title and reference pages).

The paper should address, at a minimum, the following:

- What is the history of the drug?
- Why is the drug a problem to society?
- What are the problems or issues that surround the drug?
- How does the drug work? What are the adverse health effects of taking the drug?
- What are the psychological and physiological effects of the drug?
- What is being done to combat the adverse health effects associated with the drug?
- Are there any current treatments for addiction to the drug? How effective are they?

Papers must reference at least one other reference other than the textbook. Grading will be based on the quality of the writing, the quality of the information presented, and adherence to APA formatting. Papers will be posted for your classmates to view. This paper will be 20% of the final course grade.

Final Exam

Due Dec. 5th: The cumulative final exam will be posted in D2L. The final will be 20% of the final course grade.

Late Work

Students who fail to post required assignments on time will receive a lower grade, and the ones who do not complete the assignments will receive a grade of zero (0). Please review the time submission criteria on the rubrics for each assignment. If anyone fails to post an original post or replies to 3 or more assignments, they will be dropped from the course or will be given a failing grade. There are no exceptions to this rule.

Makeup Work/Tests

Missed assignments & exams cannot be made up if missed. A grade of zero (0) will be recorded.

Instructor Class Policies

All students registered for courses in the Social Work Department are expected to adhere to the responsibilities and behavior as articulated in both the [Student Handbook](#) and the NASW (National Association of Social Workers) [Code of Ethics](#). An essential feature of these codes is a commitment to maintaining intellectual integrity and academic honesty. I have a **zero-tolerance policy for cheating or plagiarism**, and violations will result in substantial penalties including a failing grade on the assignment with no make-up opportunity and/or a referral to the Dean of Students.

Repeated accidental or willful cheating or use of someone else's words, ideas, or evidence without attribution will be met with a failing grade in the course and a referral to the Dean of Students, regardless of whether the first occurrence was in this course. If you have any doubts or questions about what constitutes academic misconduct, please do not hesitate to contact me.

Students are expected to display professional decorum at all times. This includes but is not limited to, respecting classmates and the instructor.

Course Schedule

Online delivery with asynchronous interactions between students and students and teachers, interactive discussions, and assignments.

D2L will be used throughout the semester. The course materials (syllabus, discussion board, and other course items) will be posted onto D2L. Power points will consist of materials from the textbook and other sources.
