

**ECED 4123 - Language and Literacy
Midwestern State University
Gordon T. & Ellen West College of Education
Fall 2022 EC-3 Competency-Based Education**

Professor Information

Kelly Medellin, PhD

Office is located in BH 216

Office Hours Monday and Tuesday 10 am to 12 pm, Wednesday 10am-12pm

Office Telephone: 397- 6265 E-mail: kelly.medellin@msutexas.edu

Cell Number 940-867-2594

Office Hours: Tuesdays 10 a.m. - 12 p.m.

Wednesday 10 a.m. - 11 a.m. Thursday 12:00 p.m. - 2p.m.

**** Please feel free to contact me via cell phone BUT you need to leave a voice or text message so that I can get back to you.**

Instructor Response Policy

Please feel free to contact me via cell phone BUT you need to leave a voice or text message so that I can get back to you. I will respond within 24 hours M-F

Required Reading

Course/Catalog Description

ECED 4123 Language and Literacy: Emphasis on how young children's language and literacy develop and the application of developmentally appropriate practice in planning for instruction.

WCoE Conceptual Framework

The outcomes for graduates of professional programs are based upon knowledge, skills, and dispositions in the following elements:

- Learner Development - understand how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and design and implements developmentally appropriate and challenging learning experiences.
- Learning Differences - understand individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- Learning Environment - work with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self motivation.
- Content Knowledge - understand the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and creates learning experiences that make the discipline accessible and meaningful for learners to assure mastery of the content.
- Application of Content - understand how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.
- Assessment - understand and use multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learner's decision making.
- Planning for Instruction - plan instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
- Instructional Strategies - understand and use a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
- Professional Learning and Ethical Practice - engage in ongoing professional learning and use evidence to continually evaluate his or her practice, particularly the effects of his or her choices and actions on others (learners, families, other professionals, and the community), and adapts practice to meet the needs of each learner.

- Leadership and Collaboration - seek appropriate leadership roles and opportunities to take responsibility for student learning, to collaborate with learners, families, colleagues, other school professionals, and community members to ensure learner growth, and to advance the profession.

Objectives

1. Students will understand the components of literacy, including reading, writing, speaking, listening, and viewing, and how they are related. EC3 Domain V; STR 1,3-6, 8-10
2. Students will understand children's language and literacy development and how to identify and accommodate for factors that impact student language and literacy learning. EC3 Domain V; STR 1,3-6, 8-10; K-2 TEKS; CES 3, PK Guidelines
3. Students will understand aural/oral/visual literacy processes and skills (i.e. types of and purposes of listening, speaking, and viewing; phonological awareness processes and concepts of print awareness; types of and purposes for oral expression activities.) EC3 Domain V; STR 1,3,5
4. Students will know the developmental reading processes from birth to age eight and how to best foster literacy at each stage of development. EC3 Domain V; STR 1,3-6, 8-10
5. Students will know and understand the writing process, as well as developmental early writing and the stages of writing development. EC3 Domain V;
6. Students will know about and use children's literature to foster reading, language, and vocabulary development for each stage of reading from birth to age eight. EC3 Domain V; STR 1
7. Students will know how to encourage parents to use and apply family literacy skills. STR 1
8. Students will understand how to assess student strengths and needs in order to document student progress in language and literacy development. ELAR, 10

Assessment

All course assessments/activities must be passed with an 80% or above in order to complete each competency module. Candidates will have a maximum of three (3) attempts to pass each assessment/activity. Final grades in all CBE courses will be based on the following scale:

Grade	Points
A	90-100
B	80-89
F	79 or below

Participation and Module Completion (CBE):

The format for ECED 4123 is competency-based, which allows you to work through the modules and complete readings, assignments, and assessments at your own pace during the 8 week semester. Keep in mind all course modules must be completed before the end of the term, so there are time frames that must be met in order to finish the course by the end of the term. Although Competency-Based Education (CBE) Programs offer a great deal of flexibility to you as a learner, there is a need to stay on track, build the necessary competencies, and complete course assignments so that you make satisfactory academic progress toward your degree. Below is a helpful pacing guide. If you follow this guide and plan accordingly, you will keep on track and not fall behind. **Course assignments and readings (modules 1-4) must be completed by the end of week 5, course assignments and readings (modules 5-6) must be completed by the end of week 7, and the final exam must be completed by the beginning of week 8 to allow for timely feedback, revisions, and grading.**

Assignments

Module	Assignment
1 Foundations of the Science of Teaching Reading	The Simple View of Reading Paper Module 1 Activity
2 Phonological and Phonemic Awareness	Phonological and Phonemic Awareness Case Study Review Module 2 Activity
3 Print Awareness and Alphabet Knowledge	Alphabet Book Project Module 3 Activity

Module	Assignment
4 Language and Vocabulary Development	Dramatic Play Bitmoji Classroom Module 4 Activity
5 Fluency and Comprehension	Literacy Stations Module 5 Activity
6 Writing and Spelling	<i>Thank you Mr. Falker</i> , Reading Response Module 6 Activity
Exams	Pre and Post Test

Attendance Policy

You are expected to complete all coursework and fully participate in the online course.

Other Class Policies

- Study Time Requirements - For each class hour, at least three hours outside of class are expected. This course will meet 8 hours a week. Therefore it is expected that you spend 24 outside-of-class hours each week to read, study, and complete your assignments. It is expected that if you enrolled in this course, you can meet the time requirements.
- Disability Support - As the faculty of the West College of Education, we are dedicated to helping meet the needs of our students with disabilities and are eager to provide the accommodations to which such students are entitled. If you have a documented disability but are not registered with the Office of Disability, please contact that office immediately to register.
- Academic Honesty Policy - Honesty is a fundamental assumption in all academic activities. Students who belong to a university community have the obligation to observe the highest standards of honesty and to expect the same standards of others. —Academic honesty involves the submission of work that is wholly the student's own work, except in the case of assigned group work. Additionally, academic honesty involves the proper citation of other authors' works.
- Professionalism Policy - Conduct as a professional educator is expected at all times. —Attendance, punctuality the quality of your interactions with colleagues and supervisors, and the quality and timeliness regarding

completing assignments all determine your professionalism, which in turn, signals your readiness to advance in the teacher education program.

- Late Assignment Policy - Assignments need to be turned in on the due date and time. If for some reason you are unable to bring in an assignment, you must e-mail it, or send it in with a friend when it is due. Points will be deducted each day it is late. Extenuating circumstances must be discussed with the instructor at least 2 days.
- Americans with Disabilities Act-The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Students with a disability must be registered with Disability Support Services before classroom accommodations can be provided. If you have a documented disability that will impact your work in this class, please contact me to discuss your needs.
- Plagiarism Statement-"By enrolling in this course, the student expressly grants MSU a 'limited right' in all intellectual property created by the student for the purpose of this course. The 'limited right' shall include but shall not be limited to the right to reproduce the student's work product in order to verify originality, authenticity, and educational purposes." from Student Handbook
- Campus Carry-Effective August 1, 2016, the Campus Carry law (Senate Bill 11) allows those licensed individuals to carry a concealed handgun in buildings on public university campuses, except in locations the University establishes has prohibited. The new Constitutional Carry law does not change this process. Concealed carry still requires a License to Carry permit, and openly carrying handguns is not allowed on college campuses. For more information, visit [Campus Carry](#).
- Active Shooter- The safety and security of our campus is the responsibility of everyone in our community. Each of us has an obligation to be prepared to appropriately respond to threats to our campus, such as an active aggressor. Please review the information provided by MSU Police Department regarding the options and strategies we can all use to stay safe during difficult situations. For more information, visit [Safety / Emergency Procedures](#). Students are encouraged to watch the video entitled "Run. Hide. Fight." which may be electronically accessed via the University police department's webpage: ["Run. Hide. Fight."](#)
- Smoking/Tobacco Policy

- College policy strictly prohibits the use of tobacco products in any building owned or operated by MSU TEXAS. Adult students may smoke only in the outside designated-smoking areas at each location.
- Alcohol and Drug Policy- To comply with the Drug Free Schools and Communities Act of 1989 and subsequent amendments, students and employees of Midwestern State are informed that strictly enforced policies are in place which prohibits the unlawful possession, use or distribution of any illicit drugs, including alcohol, on university property or as part of any university-sponsored activity. Students and employees are also subject to all applicable legal sanctions under local, state and federal law for any offenses involving illicit drugs on University property or at University-sponsored activities.
- Change of Schedule-A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the Schedule of Classes each semester.
- Refund and Repayment Policy-A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).
- Services for Students with Disabilities- In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through

Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed. For more details, please go to Disability Support Services.

Please note: By enrolling in this course, the student expressly grants MSU a "limited right" in all intellectual property created by the student for the purpose of this course.

The "limited right" shall include but shall not be limited to the right to reproduce the student's work product in order to verify originality and authenticity, and for educational purposes.

Please note: By enrolling in this course, the student expressly grants MSU a "limited right" in all intellectual property created by the student for the purpose of this course.

The "limited right" shall include but shall not be limited to the right to reproduce the student's work product in order to verify originality and authenticity, and for educational purposes.

In accordance with the law, MSU provides students with documented disabilities academic accommodations. If you are a student with a disability, please contact your instructor as well as Disability Support Services, Clark Student Center, Room 168, Phone: 397-4140.

Appendix B: Texas Standards for Educator Prep Programs and Course Alignment EC-3 Teacher Standards

(c) English Language Arts and Reading. The Early Childhood: Prekindergarten-Grade 3 classroom teachers demonstrate understanding of Kindergarten-Grade 5 English

Language Arts and Reading Texas Essential Knowledge and Skills (TEKS), with an emphasis on Kindergarten-Grade 3, and Emergent Early Literacy Texas Prekindergarten Guidelines and apply knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote students' development of grade-level skills.

TExES EC-3 Core Subjects ELAR Competencies

Domain V—Learning Across the Curriculum

Competency 010 (English Language Arts and Social Studies): Understand the foundational principles, concepts, and methods in English language arts and social studies to provide developmentally appropriate instruction for students in prekindergarten to grade 3.

For example:

- A. Demonstrate knowledge of the Emergent Literacy - Writing domains of the Texas Prekindergarten Guidelines and of the Texas Essential Knowledge and Skills (TEKS) for English Language Arts and Reading (ELAR) (Kindergarten through Grade 5), including the development of the writing process (i.e., §110.2:10 and §110.3-7:11), as well as ways to scaffold and sequence skills and concepts to teach writing to young children.
- B. Apply knowledge of developmentally appropriate strategies for fostering students' ability to listen and speak for various purposes (e.g., expressing needs, interacting with others, responding to experiences, developing concepts).
- C. Demonstrate knowledge of strategies and technology for developing and reinforcing young children's language acquisition (e.g., oral language, listening comprehension, expressive and receptive vocabulary, pragmatic language skills).
- D. Apply knowledge of strategies and activities for infusing opportunities for purposeful, child-oriented, meaningful language and communication into all areas of the curriculum (e.g., purposeful conversations, dramatic play, word games, storytelling, songs, poetry, questioning).
- E. Demonstrate knowledge of the developmental stages in children's acquisition of writing skills (e.g., scribbling, mock letters, letter

formation, invented spelling) and of different ways that individual students may vary in their rates of acquiring these stages.

- F. Apply knowledge of effective instructional strategies, materials, and activities for supporting explicit spelling instruction at various stages of a student's development and within the context of meaningful written expression.
- G. Apply knowledge of instructional strategies, materials, and developmentally appropriate activities for teaching students English writing conventions (e.g., grammar, capitalization, punctuation). H. Apply knowledge of how to teach and develop students' writing through planning, drafting, revision, editing, rewriting, and publishing.

Science of Teaching Reading Standards

(b) Knowledge of Reading Development Components. Classroom teachers identified in subsection

(a) of this section demonstrate understanding of Kindergarten-Grade 6 Texas Essential Knowledge and Skills and the Texas Prekindergarten Guidelines pertaining to reading and apply knowledge of developmentally appropriate, research- and evidence-based assessment, and instructional practices to promote students' development of grade level skills within the following components of reading:

- (1) oral language development;
- (2) print awareness and alphabet knowledge;
- (3) phonological and phonemic awareness;
- (4) phonics (decoding and encoding);
- (5) reading fluency;
- (6) vocabulary development;
- (7) syllabication and morphemic analysis;
- (8) comprehension of literary text;
- (9) comprehension of informational text; and
- (10) beginning strategies and reading comprehension skills

Science of Teaching Reading Examination Framework

Domain I—Reading Pedagogy

Competency 001—(Foundations of the Science of Teaching Reading): Understand foundational concepts, principles, and best practices related to the science of teaching reading.

For example:

- A. Demonstrate knowledge of scientifically based reading research (e.g., key findings of the National Reading Panel, the National Early Literacy Panel, the

National Literacy Panel for Language Minority Children and Youth), including the key research-based components of reading instruction (i.e., phonemic awareness, phonics, fluency, vocabulary, and text comprehension) and the essential roles that oral language, writing, and motivation play in promoting reading development for students in prekindergarten through grade 3.

- B. Demonstrate knowledge of the *Texas Prekindergarten Guidelines* related to reading and the Texas Essential Knowledge and Skills (TEKS) for English Language Arts and Reading (ELAR) (Kindergarten through Grade 6).
- C. Apply knowledge of the interconnected nature of listening, speaking, reading, writing, and thinking by planning reading instruction that reflects an integrated and recursive model of literacy.
- D. Demonstrate knowledge of the characteristics of students at various stages of reading development from learning to read, including emergent (i.e., pre-reading stage or pre-alphabetic stage), beginning (i.e., initial reading and decoding stage or partial- to full-alphabetic stage), and transitional (i.e., confirmation and fluency stage or consolidated-alphabetic stage), to reading to learn, including intermediate (i.e., reading-to-learn-the-new stage) and advanced (i.e., multiple viewpoints stage and construction and reconstruction stage), in order to help inform instructional planning and management of reading instruction.
- E. Recognize that decoding and encoding skills are reciprocal and develop synchronously during the early stages of literacy development, and demonstrate knowledge of the characteristics of students at various stages of spelling development (e.g., pre-communicative or pre-phonetic, semi-phonetic, phonetic, transitional, conventional).
- F. Demonstrate knowledge of the interrelationships between the various components of reading and the importance of promoting students' development of both foundational reading skills and various dimensions of reading comprehension (e.g., listening comprehension, vocabulary development, literary analysis, analysis of informational text, responses to text) at all stages of reading development.
- G. Recognize the importance of planning and managing reading instruction in ways that not only promote students' learning and skill development in reading but also nurture their development as lifelong readers and their self-concept as readers by creating strong associations between reading and feelings of enjoyment, engagement, and self-efficacy and by promoting increased awareness of their own thoughts, feelings, likes, and dislikes with regard to texts.

- H. Demonstrate knowledge of key principles of research-based and evidence-based reading instruction, including basing instruction on the standards outlined in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6); making instructional decisions based on ongoing assessment results; designing and implementing developmentally appropriate, standards-driven instruction that reflects evidence-based best practices; and ensuring that reading instruction is systematic, sequential, explicit, and strategic and promotes the prevention of reading difficulties.
- I. Demonstrate knowledge of factors that can affect students' reading development, including the amount of time they spend daily engaged in reading, the amount of screen time they engage in daily, a reading curriculum that emphasizes the development of productive reading and vocabulary skills (e.g., phonics, structural analysis) rather than overreliance on memorization and context clues and that emphasizes the reading of whole texts rather than worksheets, and the use of culturally responsive instructional practices (e.g., call-and-response strategies).
- J. Demonstrate knowledge of the importance of using an assets-based approach when acquiring, analyzing, and using background information about students (e.g., familial, cultural, educational, socioeconomic, linguistic, and developmental characteristics) to inform instructional planning and engage all students in reading.
- K. Demonstrate understanding of the importance of differentiating classroom instruction to address the assessed needs of all students (e.g., students with limited prior experiences with literacy, students with exceptional needs, English learners, students who are experiencing difficulty, students who are performing above grade level, students who are gifted and talented), including understanding the importance of being proactive in remediating students' identified reading needs and/or gaps in students' prior learning.
- L. Demonstrate knowledge of key factors to consider in planning and delivering differentiated instruction and flexible grouping, including students' assessed strengths and needs in the area(s) of reading to be addressed in a lesson, the prerequisite knowledge and skills required for students to be able to benefit from instruction, the pacing of instruction, the complexity of the content or skills to be taught, and the scaffolds needed to support all students' learning.
- M. Demonstrate knowledge of tiered instructional models used in Texas classrooms (e.g., Multi-Tiered Systems of Support [MTSS], including Response to Intervention [RtI]) and basic components of these models (e.g.,

universal screening, evidence-based practices, research-based core curriculum and interventions, progress monitoring, data-based decision making, fidelity of implementation).

- N. Recognize that individual variations in literacy development occur and may require additional support and monitoring in the early childhood education classroom and warrant in-depth evaluation and/or collaboration with other professionals, if growth is not achieved through classroom interventions.
- O. Recognize that decoding-related difficulties and disabilities represent the most common source of reading difficulty; demonstrate knowledge of distinguishing characteristics of dyslexia and dysgraphia, including early indicators of dyslexia and dysgraphia; and demonstrate familiarity with evidence-based instructional strategies and best practices that general education teachers in prekindergarten through grade-3 classrooms can use to help support the literacy development of students with identified delays in decoding and spelling.
- P. Demonstrate knowledge of the critical role that families play in students' reading development, strategies for promoting collaboration with families to support all students' development in reading, and ways to empower families to engage in at-home reading with their child and to facilitate their child's reading development in various areas (e.g., using new vocabulary, practicing decoding skills and oral reading fluency).
- Q. Demonstrate knowledge of basic linguistic terminology and concepts used in reading instruction (e.g., phoneme, morpheme, inflectional suffix, derivational affix, prosody), including identifying the role of various language systems (e.g., phonology, morphology, syntax, semantics, discourse, pragmatics) involved in oral language and literacy development.
- R. Demonstrate knowledge of various instructional technologies (e.g., hardware, software, applications) that may be used to support students' reading development, reading engagement, and motivation to read.
- S. Demonstrate knowledge of criteria for evaluating and selecting curricular resources (e.g., evidence of effectiveness, appropriateness for students' age and developmental levels) and research-based strategies and best practices for teaching students how to select, view, and share books and other reading materials for independent reading.

Domain II—Reading Development: Foundational Skills

Competency 003 (Oral Language Foundations of Reading Development): Understand foundational concepts, principles, and best practices related to the development of oral language, including secondlanguage acquisition, and demonstrate knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote all students' development of gradelevel oral language skills.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing various aspects of students' oral language development, including their academic language development (e.g., knowledge and usage of sentences and grammatical structures of increasing complexity).
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in oral language development, including sentence and grammatical complexity, and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of the continuum of oral language development as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6), including basic stages of oral language development; characteristic features of children's oral language at different stages of development; and the importance of providing students with frequent, repeated, incremental exposures to and opportunities to use new academic language structures in meaningful contexts, including providing opportunities for low-risk oral language rehearsal.
- D. Recognize that individual variations in oral language development occur and that speech or language delays require additional support and monitoring in the early childhood education classroom and may warrant in-depth evaluation and/or collaboration with other professionals, if improvement is not achieved through classroom interventions.
- E. Demonstrate knowledge of research-based strategies and best practices for promoting students' understanding and use of sentences and grammatical structures of increasing complexity (e.g., compound sentences, complex sentences, relative clauses).
- F. Demonstrate knowledge of research-based strategies and best practices for promoting students' understanding and use of grade-level instructional language, including terminology and sentence structures used to label and describe people, things, places, and locations and to name, describe, and

explain actions, directions, positions, sequences, locations, and categories (e.g., colors, shapes, textures).

- G. Demonstrate knowledge of the interrelationships between oral language and literacy development and various ways in which oral language provides a critical foundation for reading skills and comprehension development, particularly for young children at the emergent and beginning stages of reading development, including factors that affect oral language development (e.g., familial, cultural, educational, socioeconomic, linguistic, and developmental characteristics).
- H. Demonstrate knowledge of the importance of English learners' home language as an asset that provides an essential foundation for their oral language and literacy development in English, and apply knowledge of research-based strategies and best practices for facilitating language transfer by helping English learners make cross-language connections (e.g., explicitly pointing out words that are cognates in English and the home language, using objects or pictures from students' home cultures to connect new English words with familiar meanings).
- I. Demonstrate knowledge of basic concepts related to second-language acquisition as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6) (e.g., recognizing that general education teachers have a shared responsibility in promoting English learners' English language development, that an English learner's English language proficiency level does not relate to the student's grade level, that beginning-level English learners may experience a "silent period" during which they are listening actively without producing oral language, that English learners acquire a new language best when they are provided with multiple, incremental opportunities to expand and extend their English language skills as they build on their strengths in the home language).
- J. Demonstrate knowledge of the characteristic features of the four English language proficiency levels as described in the Texas English Language Proficiency Standards (ELPS) (i.e., beginning, intermediate, advanced, and high advanced) in order to plan appropriate language and literacy instruction for English learners.
- K. Demonstrate knowledge of culturally responsive instruction, including research-based strategies and best practices for supporting English learners' oral language, literacy, and concept development across academic disciplines as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6) (e.g., identifying and aligning

relevant language objectives with content-area lessons; using appropriate scaffolds, particularly visual cues, to support understanding).

- L. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in oral language development, including in sentence and grammatical structures, in order to address the assessed needs of all students.

Competency 004 (Phonological and Phonemic Awareness): Understand concepts, principles, and best practices related to the development of phonological and phonemic awareness, and demonstrate knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote all students' development of grade-level phonological and phonemic awareness skills.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing students' development of phonological and phonemic awareness skills.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in phonological and phonemic awareness and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of the role of phonological and phonemic awareness in the development of literacy in an alphabetic language.
- D. Demonstrate understanding of the distinctions between phonological awareness and phonemic awareness and the distinctions between phonemic awareness and the alphabetic principle.
- E. Demonstrate knowledge of key concepts related to the development of phonological and phonemic awareness (e.g., recognizing that young children naturally attend to the meaning of language rather than its sounds and that larger units of sound are easier to detect and manipulate than smaller units of sound).
- F. Demonstrate knowledge of the phonological awareness continuum as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 2) and apply knowledge of the phonological awareness continuum in order to plan and deliver instruction that is systematic and sequential.
- G. Demonstrate knowledge of research-based strategies and best practices for promoting young children's development of phonological awareness skills.

- H. Demonstrate knowledge of research-based strategies and best practices for promoting development of phonemic awareness skills, including strategies that help make the concept of phonemes more concrete for young children (e.g., using manipulatives).
- I. Recognize that a student's home language or language variety may not include all the sounds used in standard English and that English learners and speakers of various dialects or regional styles of English may require explicit, linguistically appropriate support in order to perceive and manipulate some of the phonemes of standard English.
- J. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in phonological and phonemic awareness skills in order to address the assessed needs of all students.

Competency 005 (Print Concepts and Alphabet Knowledge): Understand concepts, principles, and best practices related to the development of print concepts and alphabet knowledge, including understanding of the alphabetic principle, and demonstrate knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote all students' development of grade-level print concepts and alphabet knowledge and their understanding of the alphabetic principle

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing various aspects of students' development in print concepts and alphabet knowledge, including their understanding of the alphabetic principle.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in print concepts, alphabet knowledge, and the alphabetic principle, and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of the continuum of development of knowledge and skills related to print concepts, alphabet knowledge, and the alphabetic principle as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 3).
- D. Demonstrate knowledge of research-based strategies and best practices for promoting young children's development of print concepts (e.g., understanding that illustrations and print carry meaning; distinguishing between illustrations and print and between a letter and a word; identifying key conventions of print that contribute to meaning) and print and digital

book-handling skills (e.g., identifying a book's front cover, back cover, and title page; turning pages correctly).

- E. Demonstrate understanding of the role of alphabet knowledge in reading development (e.g., recognizing that phonemic awareness and alphabet knowledge are key predictors of early reading success because phonemic awareness skills, letter recognition, and letter-sound correspondence provide the foundation for decoding and spelling development).
- F. Demonstrate knowledge of research-based strategies and best practices for promoting young children's development of alphabet knowledge, including strategies for reinforcing alphabet knowledge (e.g., using multimodal techniques).
- G. Demonstrate knowledge of the alphabetic principle (i.e., the understanding that letters and combinations of letters represent the sounds of spoken language and that phonemes have a predictable, systematic relationship to those letters and letter combinations) and the role of the alphabetic principle in reading development (e.g., interrelationships between letter-sound correspondence, phonemic awareness, and beginning decoding).
- H. Demonstrate knowledge of research-based strategies and best practices for promoting young children's development of the alphabetic principle (e.g., identifying the most common sound or sounds associated with each letter of the alphabet), including strategies for reinforcing the alphabetic principle (e.g., using articulatory feedback when teaching letter-sound relationships, encouraging engagement in meaningful writing using phonetic spelling).
- I. Demonstrate understanding of the role of predictable texts in promoting young children's development of print concepts and alphabet knowledge.
- J. Demonstrate understanding that not all written languages are alphabetic, that many alphabetic languages are more phonetically regular than English, and that English learners' literacy development in English is affected by these factors.
- K. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in print concepts, alphabet knowledge, and the alphabetic principle in order to address the assessed needs of all students.

Competency 006 (Phonics and Other Word Identification Skills): Understand concepts, principles, and best practices related to the development of phonics and other word identification skills, including related spelling skills, and demonstrate knowledge of developmentally appropriate, research- and evidence-based

assessment and instructional practices to promote all students' development of gradelevel phonics and other word identification skills and related spelling skills.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing various aspects of students' development in phonics and other word identification skills, including related spelling skills.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in phonics and other word identification skills, including related spelling skills, and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of key concepts related to beginning reading, including the role of phonics and other word identification skills in students' development of accurate, automatic decoding; the role of accurate, automatic decoding in reading fluency and comprehension; the reciprocity between decoding and encoding; the importance of sequencing instruction in phonics according to the increasing complexity and relative utility of linguistic units; and the importance of providing students with explicit, systematic instruction in phonics and frequent practice applying new decoding skills in connected text.
- D. Demonstrate knowledge of the continuum of phonics skills as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 5), from sounding out and blending each letter in decodable words, to recognizing VC and CVC words as units, to decoding more advanced words that contain increasingly complex letter combinations and/or less common phonics elements.
- E. Demonstrate knowledge of research-based strategies and best practices for delivering explicit, systematic phonics instruction (e.g., short vowels in VC and CVC words; short vowels in CVCC and CCVC words, first with consonant digraphs, then with consonant blends; long-vowel words spelled with silent e [VCe and CVCe]; long-vowel words spelled with vowel teams [CVVC]; words with an r-controlled vowel [CVrC]; words with vowel teams that are diphthongs; words with consonant trigraphs or complex consonant clusters [CCCVC, CVCCC]).
- F. Demonstrate knowledge of research-based strategies and best practices for teaching common word patterns (e.g., word families), including explicitly teaching related spelling skills and patterns once students have developed basic phonics skills and orthographic knowledge.

- G. Demonstrate knowledge of the role of high-frequency words in accurate, automatic decoding of grade-level text and knowledge of research-based strategies and best practices for promoting students' accurate, automatic decoding and spelling of grade-level high-frequency words, including high-frequency words that are not phonetically regular.
- H. Demonstrate knowledge of research-based strategies and best practices for promoting students' accurate, automatic decoding and spelling of words that contain common inflectional endings (e.g., *-s*, *-ed*, *-ing*, *-er*, *-est*), including teaching common orthographic guidelines related to inflections and connecting an inflectional ending to its grammatical meaning.
- I. Demonstrate knowledge of research-based strategies and best practices for promoting students' accurate, automatic decoding and spelling of common homophones, homographs, and contractions.
- J. Demonstrate knowledge of research-based strategies and best practices for teaching students how to self-monitor when reading connected text in order to confirm accurate decoding and comprehension, including how to use semantic and syntactic clues to verify the meaning and pronunciation of homographs.
- K. Demonstrate knowledge of research-based strategies and best practices for reinforcing students' development of beginning reading skills (e.g., reading and rereading decodable texts that feature elements already taught, practicing applying newly taught elements in their writing).
- L. Recognize that a student's home language or language variety may not include all the sounds or sound sequences used in standard English and that English learners and speakers of various dialects or regional styles of English may require additional support in order to perceive, produce, read, or spell certain phonics elements (e.g., consonant clusters) or inflectional endings.
- M. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in phonics and other word identification skills in order to address the assessed needs of all students.

Competency 008 (Reading Fluency): Understand concepts, principles, and best practices related to the development of reading fluency, and demonstrate knowledge of developmentally appropriate, research and evidence-based assessment and instructional practices to promote all students' development of grade-level reading fluency.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing various aspects of students' development of reading fluency.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in reading fluency and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of the continuum of fluency development as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6), from accurate, automatic letter naming, to word reading, to reading connected text, to reading increasingly complex connected text.
- D. Demonstrate knowledge of key concepts related to reading fluency, including the key indicators of fluency (i.e., accuracy, rate, and prosody); the role of automaticity in reading fluency; interrelationships between accuracy, rate, and automaticity; the role of fluency in reading comprehension; interrelationships between prosody and comprehension; the importance of providing explicit and frequent instruction in fluency to students at all stages of reading development; and the importance of varying fluency instruction for students at different stages of development in decoding.
- E. Demonstrate knowledge of common factors that disrupt reading fluency (e.g., limited phonics knowledge; lack of automaticity in key decoding skills; limited recognition of grade-level, high-frequency words; unfamiliarity with a text's content, vocabulary, and/or grammatical structures), and apply knowledge of strategies for addressing these factors.
- F. Demonstrate knowledge of research-based strategies and best practices for promoting students' accuracy in order to enhance reading fluency and comprehension (e.g., reteaching grade-level decoding skills or high-frequency words not yet mastered).
- G. Demonstrate knowledge of research-based strategies and best practices for promoting students' reading rate and automaticity in order to enhance reading fluency and comprehension (e.g., engaging students whose decoding skills are not yet automatic in oral reading or whisper reading with teacher monitoring for accuracy and feedback; engaging students whose decoding skills are accurate and automatic in silent reading with accountability for comprehension).
- H. Demonstrate knowledge of research-based strategies and best practices for promoting students' prosody (i.e., reading with appropriate phrasing, expression, and intonation) in order to enhance reading fluency and

comprehension (e.g., providing explicit teacher modeling of prosody, engaging students in echo reading and phrase-cued reading, preteaching unfamiliar vocabulary and grammatical structures prior to assigning a text, engaging in readers' theatre).

- I. Demonstrate knowledge of research-based strategies and best practices for selecting texts for fluency practice (e.g., using decodable texts with students who are acquiring basic phonics skills, transitioning students to a broader range of appropriate texts as they progress in their decoding skills, using both literary and informational texts for fluency practice).
- J. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in reading fluency in order to address the assessed needs of all students.

Domain III—Reading Development: Comprehension

Competency 009 (Vocabulary Development): Understand concepts, principles, and best practices related to vocabulary development, and demonstrate knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote all students' development of grade-level vocabulary knowledge and skills.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing students' development of vocabulary knowledge and skills in the context of authentic and meaningful reading.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in vocabulary development and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of the essential role of vocabulary in supporting students' oral language development, reading comprehension, and ability to engage in self-sustained reading, including the interrelationships between vocabulary knowledge, reading achievement, and overall academic achievement.
- D. Demonstrate knowledge of the continuum of vocabulary development as described in the *Texas Prekindergarten Guidelines* and the TEKS for ELAR (Kindergarten through Grade 6), including the importance of providing students with frequent, repeated, incremental exposures to and opportunities to use new vocabulary in meaningful contexts.

- E. Demonstrate knowledge of factors that affect vocabulary development (e.g., familial, cultural, educational, socioeconomic, linguistic, and developmental characteristics), including the role of frequent and wide reading in vocabulary development.
- F. Demonstrate knowledge of the distinctions between various tiers of vocabulary (Tier One—everyday, Tier Two—general academic, and Tier Three—discipline-specific) and the importance of explicitly teaching all students new Tier Two and Tier Three words that are key to understanding a new concept or comprehending a new text, while also identifying any relevant Tier One words with which students may be unfamiliar and explicitly teaching these words.
- G. Demonstrate knowledge of criteria for selecting words for explicit word study (e.g., a word's utility and frequency within a discipline or across disciplines) and apply knowledge of strategies for providing students with multiple opportunities to use new Tier Two and Tier Three words in a variety of settings.
- H. Demonstrate knowledge of research-based strategies and best practices for promoting students' ability to identify, use, and explain the meaning of grade-level antonyms, synonyms, idioms, adages, and puns.
- I. Demonstrate understanding of the importance of teaching students independent word-learning strategies, including structural/morphemic analysis, contextual analysis, and use of print and digital resources, in order to promote their ability to engage in self-sustained reading of assigned or self-selected grade-level texts in multiple genres.
- J. Demonstrate knowledge of research-based strategies and best practices for promoting students' ability to use structural/morphemic analysis skills, including etymology, to help them determine the meaning of unfamiliar words.
- K. Demonstrate knowledge of research-based strategies and best practices for promoting students' ability to use context within and beyond a sentence to help infer the meaning of an unfamiliar word or to determine the meaning of a multiple-meaning word, including using different types of context clues (e.g., syntax, punctuation, embedded definition/explanation, apposition, restatement/synonym, contrast/antonym).
- L. Demonstrate knowledge of research-based strategies and best practices for promoting students' word consciousness and motivation to learn new words and for supporting their retention of new words (e.g., providing student-friendly definitions and meaningful, contextualized examples; grouping words

based on conceptual categories and associative meanings; developing semantic maps).

- M. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in vocabulary development in order to address the assessed needs of all students.

Competency 010 (Comprehension Development): Understand concepts, principles, and best practices related to the development of reading comprehension, and demonstrate knowledge of developmentally appropriate, research- and evidence-based assessment and instructional practices to promote all students' development of reading comprehension strategies in order to gain, clarify, and deepen understanding of appropriately complex texts.

For example:

- A. Demonstrate knowledge of explicit, research-based strategies, tools, and techniques for assessing students' ability to gain and enhance their understanding of appropriately complex texts.
- B. Demonstrate ability to accurately interpret the results of ongoing assessments in reading comprehension, including reading comprehension strategies and trends in student work that provide insights into possible misconceptions, and to use the results to inform instructional planning and delivery, including differentiation strategies and interventions.
- C. Demonstrate knowledge of factors affecting reading comprehension (e.g., oral language development, including listening comprehension skills; academic language development, including vocabulary and grammatical knowledge and skills; decoding skills; reading fluency; ability to monitor for understanding; background knowledge relevant to a text's topic or setting; level of English language proficiency; prior literacy experiences with other texts of the same genre or text type; specific text characteristics).
- D. Demonstrate knowledge of the importance of and strategies for providing students with multiple opportunities to listen to, independently read, and respond to a wide range of appropriately complex literary and informational texts and to interact with others about texts in order to support and enhance their comprehension development and to gain, clarify, and deepen their understanding of a given text, including providing young children with frequent opportunities to repeat key parts of predictable or patterned texts during read-alouds and to reenact

- stories using a variety of strategies (e.g., using puppets and character voices, using student illustrations, using digital applications).
- E. Demonstrate knowledge of the challenges and supports in a text (e.g., pictures, predictability, decodability, text structure) and strategies for evaluating and sequencing texts for reading instruction according to text complexity (e.g., quantitative dimensions, qualitative dimensions, reader and task variables), including strategies that promote students' self-sustained reading of increasingly complex texts and their ability to self-select appropriately complex texts for independent reading, inquiry, and research.
 - F. Demonstrate knowledge of different levels of comprehension, including literal comprehension skills, inferential comprehension skills, and evaluative comprehension skills.
 - G. Recognize the essential role background knowledge (including vocabulary knowledge) plays in a reader's ability to make inferences from text, to make connections within and across texts, and to learn through reading; and apply knowledge of strategies for systematically supporting students in accumulating background knowledge through the reading of informational texts (e.g., reading aloud and discussing a wide range of informational texts with students, having students read and discuss multiple informational texts related to a given topic, helping English learners connect background knowledge from their home language and experiences to reading contexts in English, providing explicit explanations of content and Tier Three vocabulary relevant to a text, engaging students in hands-on learning and academic discussions related to a text's topic, encouraging and supporting students' independent reading of informational texts) to promote students' reading comprehension and deepen their understanding of appropriately complex texts.
 - H. Demonstrate knowledge of research-based strategies and best practices for promoting students' ability to apply metacognitive reading comprehension strategies to literary and informational texts in order to gain, clarify, and deepen their understanding of appropriately complex texts (e.g., establishing a purpose for reading assigned and self-selected texts; generating questions about a text before, during, and after reading; making predictions about a text and then confirming or correcting the predictions; creating mental images; making connections to personal experiences, ideas in other texts, and society; monitoring comprehension and making adjustments such as rereading, using

- background knowledge, asking questions, and annotating when understanding breaks down).
- I. Demonstrate knowledge of the importance of developing students' ability to comprehend increasingly complex literary and informational texts by engaging students in focused rereadings of complex grade-level texts and applying research-based best practices to support their understanding of the texts (e.g., using text-dependent questions; demonstrating how to use annotation to help construct meaning from and clarify ideas about a text; supporting students in deconstructing grammatically complex sentences; rereading the text with students for different levels of meaning; engaging students in collaborative conversations about and written responses to the text).
 - J. Demonstrate knowledge of research-based strategies and best practices for promoting students' ability to engage in independent self-sustained reading with comprehension for increasing periods of time (e.g., by explicitly teaching students self-monitoring skills, comprehension repair strategies, and strategies for self-selecting appropriate texts).
 - K. Demonstrate knowledge of research-based strategies and best practices for teaching students how to vary approaches to reading a text according to the purpose for reading (e.g., skimming for gist, scanning for specific information, focused reading and rereading for deep understanding).
 - L. Demonstrate knowledge of the importance of structuring students' exposure to and reading of multiple genres of literary and informational texts and strategies for selecting and using multiple texts for reading instruction that reflect a diversity of genres, cultures, perspectives, and time periods, including the diversity of the classroom, school community, and society.
 - M. Demonstrate knowledge of research-based strategies and best practices for differentiating instruction in text comprehension in order to address the assessed needs of all students.

Commissioner Educator Standards (CES)

(3) Standard 3--Content Knowledge and Expertise. Teachers exhibit a comprehensive understanding of their content, discipline, and related pedagogy as demonstrated through the quality of the design and execution of lessons and their ability to match objectives and activities to relevant state standards.

(A) Teachers understand the major concepts, key themes, multiple perspectives, assumptions, processes of inquiry, structure, and real-world applications of their grade-level and subject-area content.

(iii) Teachers keep current with developments, new content, new approaches, and changing methods of instructional delivery within their discipline.

(B) Teachers design and execute quality lessons that are consistent with the concepts of their specific discipline, are aligned to state standards, and demonstrate their content expertise.

(iii) Teachers promote literacy and the academic language within the discipline and make discipline-specific language accessible to all learners.

(C) Teachers demonstrate content-specific pedagogy that meets the needs of diverse learners, utilizing engaging instructional materials to connect prior content knowledge to new learning.

Kindergarten ELAR TEKS

(1) Developing and sustaining foundational language skills: listening, speaking, discussion, and thinking--oral language. The student develops oral language through listening, speaking, and discussion. The student is expected to:

(A) listen actively and ask questions to understand information and answer questions using multi-word responses;

(B) restate and follow oral directions that involve a short, related sequence of actions;

(C) share information and ideas by speaking audibly and clearly using the conventions of language;

(D) work collaboratively with others by following agreed-upon rules for discussion, including taking turns; and

(E) develop social communication such as introducing himself/herself, using common greetings, and expressing needs and wants.

(2) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--beginning reading and writing. The student develops word structure knowledge through phonological awareness, print concepts, phonics, and morphology to communicate, decode, and spell. The student is expected to:

(A) demonstrate phonological awareness by:

(i) identifying and producing rhyming words;

(ii) recognizing spoken alliteration or groups of words that begin with the same spoken onset or initial sound;

(iii) identifying the individual words in a spoken sentence;

(iv) identifying syllables in spoken words;

- (v) blending syllables to form multisyllabic words;
- (vi) segmenting multisyllabic words into syllables;
- (vii) blending spoken onsets and rimes to form simple words;
- (viii) blending spoken phonemes to form one-syllable words;
- (ix) manipulating syllables within a multisyllabic word; and
- (x) segmenting spoken one-syllable words into individual phonemes;

(B) demonstrate and apply phonetic knowledge by:

- (i) identifying and matching the common sounds that letters represent;
- (ii) using letter-sound relationships to decode, including VC, CVC, CCVC, and

CVCC words;

(iii) recognizing that new words are created when letters are changed, added, or deleted such as it - pit - tip - tap; and

(iv) identifying and reading at least 25 high-frequency words from a research-based list;

(C) demonstrate and apply spelling knowledge by:

- (i) spelling words with VC, CVC, and CCVC;
- (ii) spelling words using sound-spelling patterns; and
- (iii) spelling high-frequency words from a research-based list;

(D) demonstrate print awareness by:

(i) identifying the front cover, back cover, and title page of a book;

(ii) holding a book right side up, turning pages correctly, and knowing that reading moves from top to bottom and left to right with return sweep;

(iii) recognizing that sentences are comprised of words separated by spaces and recognizing word boundaries;

(iv) recognizing the difference between a letter and a printed word; and

(v) identifying all uppercase and lowercase letters; and

(E) develop handwriting by accurately forming all uppercase and lowercase letters using appropriate directionality.

(3) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--vocabulary. The student uses newly acquired vocabulary expressively. The student is expected to:

(A) use a resource such as a picture dictionary or digital resource to find words;

(B) use illustrations and texts the student is able to read or hear to learn or clarify word meanings; and

(C) identify and use words that name actions; directions; positions; sequences; categories such as colors, shapes, and textures; and locations.

(4) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--self-sustained reading. The student reads grade-

appropriate texts independently. The student is expected to self-select text and interact independently with text for increasing periods of time.

(5) Comprehension skills: listening, speaking, reading, writing, and thinking using multiple texts. The student uses metacognitive skills to both develop and deepen comprehension of increasingly complex texts. The student is expected to:

(A) establish purpose for reading assigned and self-selected texts with adult assistance;

(B) generate questions about text before, during, and after reading to deepen understanding and gain information with adult assistance;

(C) make and confirm predictions using text features and structures with adult assistance;

(D) create mental images to deepen understanding with adult assistance;

(E) make connections to personal experiences, ideas in other texts, and society with adult assistance;

(F) make inferences and use evidence to support understanding with adult assistance;

(G) evaluate details to determine what is most important with adult assistance;

(H) synthesize information to create new understanding with adult assistance;
and

(I) monitor comprehension and make adjustments such as re-reading, using background knowledge, checking for visual cues, and asking questions when understanding breaks down with adult assistance.

(10) Composition: listening, speaking, reading, writing, and thinking using multiple texts--writing process. The student uses the writing process recursively to compose multiple texts that are legible and uses appropriate conventions. The student is expected to:

(A) plan by generating ideas for writing through class discussions and drawings;

(B) develop drafts in oral, pictorial, or written form by organizing ideas;

(C) revise drafts by adding details in pictures or words;

(D) edit drafts with adult assistance using standard English conventions,
including:

(i) complete sentences;

(ii) verbs;

(iii) singular and plural nouns;

(iv) adjectives, including articles;

(v) prepositions;

(vi) pronouns, including subjective, objective, and possessive cases;

(vii) capitalization of the first letter in a sentence and name;

- (viii) punctuation marks at the end of declarative sentences; and
- (ix) correct spelling of words with grade-appropriate orthographic patterns and rules and high-frequency words; and
- (E) share writing.

1st Grade ELAR TEKS

(1) Developing and sustaining foundational language skills: listening, speaking, discussion, and thinking--oral language. The student develops oral language through listening, speaking, and discussion. The student is expected to:

(A) listen actively, ask relevant questions to clarify information, and answer questions using multi-word responses;

(B) follow, restate, and give oral instructions that involve a short, related sequence of actions;

(C) share information and ideas about the topic under discussion, speaking clearly at an appropriate pace and using the conventions of language;

(D) work collaboratively with others by following agreed-upon rules for discussion, including listening to others, speaking when recognized, and making appropriate contributions; and

(E) develop social communication such as introducing himself/herself and others, relating experiences to a classmate, and expressing needs and feelings.

(2) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--beginning reading and writing. The student develops word structure knowledge through phonological awareness, print concepts, phonics, and morphology to communicate, decode, and spell. The student is expected to:

(A) demonstrate phonological awareness by:

(i) producing a series of rhyming words;

(ii) recognizing spoken alliteration or groups of words that begin with the same spoken onset or initial sound;

(iii) distinguishing between long and short vowel sounds in one-syllable words;

(iv) recognizing the change in spoken word when a specified phoneme is added, changed, or removed;

(v) blending spoken phonemes to form one-syllable words, including initial and/or final consonant blends;

(vi) manipulating phonemes within base words; and

(vii) segmenting spoken one-syllable words of three to five phonemes into individual phonemes, including words with initial and/or final consonant blends;

(B) demonstrate and apply phonetic knowledge by:

(i) decoding words in isolation and in context by applying common letter sound correspondences;

(ii) decoding words with initial and final consonant blends, digraphs, and trigraphs;

(iii) decoding words with closed syllables; open syllables; VCe syllables; vowel teams, including vowel digraphs and diphthongs; and r-controlled syllables;

(iv) using knowledge of base words to decode common compound words and contractions;

(v) decoding words with inflectional endings, including -ed, -s, and -es; and

(vi) identifying and reading at least 100 high-frequency words from a research-based list;

(C) demonstrate and apply spelling knowledge by:

(i) spelling words with closed syllables, open syllables, VCe syllables, vowel teams, and r-controlled syllables;

(ii) spelling words with initial and final consonant blends, digraphs, and trigraphs;

(iii) spelling words using sound-spelling patterns; and

(iv) spelling high-frequency words from a research-based list;

(D) demonstrate print awareness by identifying the information that different parts of a book provide;

(E) alphabetize a series of words to the first or second letter and use a dictionary to find words; and

(F) develop handwriting by printing words, sentences, and answers legibly leaving appropriate spaces between words.

(3) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--vocabulary. The student uses newly acquired vocabulary expressively. The student is expected to:

(A) use a resource such as a picture dictionary or digital resource to find words;

(B) use illustrations and texts the student is able to read or hear to learn or clarify word meanings;

(C) identify the meaning of words with the affixes -s, -ed, and -ing; and

(D) identify and use words that name actions, directions, positions, sequences, categories, and locations.

(4) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--fluency. The student reads grade-level text with

fluency and comprehension. The student is expected to use appropriate fluency (rate, accuracy, and prosody) when reading grade-level text.

(5) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--self-sustained reading. The student reads grade-appropriate texts independently. The student is expected to self-select text and interact independently with text for increasing periods of time.

(6) Comprehension skills: listening, speaking, reading, writing, and thinking using multiple texts. The student uses metacognitive skills to both develop and deepen comprehension of increasingly complex texts. The student is expected to:

(A) establish purpose for reading assigned and self-selected texts with adult assistance;

(B) generate questions about text before, during, and after reading to deepen understanding and gain information with adult assistance;

(C) make and correct or confirm predictions using text features, characteristics of genre, and structures with adult assistance;

(D) create mental images to deepen understanding with adult assistance;

(E) make connections to personal experiences, ideas in other texts, and society with adult assistance;

(F) make inferences and use evidence to support understanding with adult assistance;

(G) evaluate details to determine what is most important with adult assistance;

(H) synthesize information to create new understanding with adult assistance;
and

(I) monitor comprehension and make adjustments such as re-reading, using background knowledge, checking for visual cues, and asking questions when understanding breaks down.

(7) Response skills: listening, speaking, reading, writing, and thinking using multiple texts. The student responds to an increasingly challenging variety of sources that are read, heard, or viewed. The student is expected to:

(A) describe personal connections to a variety of sources;

(B) write brief comments on literary or informational texts;

(C) use text evidence to support an appropriate response;

(D) retell texts in ways that maintain meaning;

(E) interact with sources in meaningful ways such as illustrating or writing; and

(F) respond using newly acquired vocabulary as appropriate.

(11) Composition: listening, speaking, reading, writing, and thinking using multiple texts--writing process. The student uses the writing process recursively to compose multiple texts that are legible and uses appropriate conventions. The student is expected to:

(A) plan a first draft by generating ideas for writing such as by drawing and brainstorming;

(B) develop drafts in oral, pictorial, or written form by:

(i) organizing with structure; and

(ii) developing an idea with specific and relevant details;

(C) revise drafts by adding details in pictures or words;

(D) edit drafts using standard English conventions, including:

(i) complete sentences with subject-verb agreement;

(ii) past and present verb tense;

(iii) singular, plural, common, and proper nouns;

(iv) adjectives, including articles;

(v) adverbs that convey time;

(vi) prepositions;

(vii) pronouns, including subjective, objective, and possessive cases;

(viii) capitalization for the beginning of sentences and the pronoun "I";

(ix) punctuation marks at the end of declarative, exclamatory, and

interrogative sentences; and

(x) correct spelling of words with grade-appropriate orthographic patterns and rules and high-frequency words with adult assistance; and

(E) publish and share writing.

2nd Grade ELAR TEKS

(1) Developing and sustaining foundational language skills: listening, speaking, discussion, and thinking--oral language. The student develops oral language through listening, speaking, and discussion. The student is expected to:

(A) listen actively, ask relevant questions to clarify information, and answer questions using multi-word responses;

(B) follow, restate, and give oral instructions that involve a short, related sequence of actions;

(C) share information and ideas that focus on the topic under discussion, speaking clearly at an appropriate pace and using the conventions of language;

(D) work collaboratively with others by following agreed-upon rules for discussion, including listening to others, speaking when recognized, making appropriate contributions, and building on the ideas of others; and

(E) develop social communication such as distinguishing between asking and telling.

(2) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--beginning reading and writing. The student develops word structure knowledge through phonological awareness, print concepts, phonics, and morphology to communicate, decode, and spell. The student is expected to:

(A) demonstrate phonological awareness by:

(i) producing a series of rhyming words;

(ii) distinguishing between long and short vowel sounds in one-syllable and multi-syllable words;

(iii) recognizing the change in spoken word when a specified phoneme is added, changed, or removed; and

(iv) manipulating phonemes within base words;

(B) demonstrate and apply phonetic knowledge by:

(i) decoding words with short, long, or variant vowels, trigraphs, and blends;

(ii) decoding words with silent letters such as knife and gnat;

(iii) decoding multisyllabic words with closed syllables; open syllables; VCe syllables; vowel teams, including digraphs and diphthongs; r-controlled syllables; and final stable syllables;

(iv) decoding compound words, contractions, and common abbreviations;

(v) decoding words using knowledge of syllable division patterns such as VCCV, VCV, and VCCCV;

(vi) decoding words with prefixes, including un-, re-, and dis-, and inflectional endings, including -s, -es, -ed, -ing, -er, and -est; and

(vii) identifying and reading high-frequency words from a research-based list;

(C) demonstrate and apply spelling knowledge by:

(i) spelling one-syllable and multisyllabic words with closed syllables; open syllables; VCe syllables; vowel teams, including digraphs and diphthongs; r-controlled syllables; and final stable syllables;

(ii) spelling words with silent letters such as knife and gnat;

(iii) spelling compound words, contractions, and common abbreviations;

(iv) spelling multisyllabic words with multiple sound-spelling patterns;

(v) spelling words using knowledge of syllable division patterns, including words with double consonants in the middle of the word; and

(vi) spelling words with prefixes, including un-, re-, and dis-, and inflectional endings, including -s, -es, -ed, -ing, -er, and -est;

(D) alphabetize a series of words and use a dictionary or glossary to find words; and

(E) develop handwriting by accurately forming all cursive letters using appropriate strokes when connecting letters.

(3) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--vocabulary. The student uses newly acquired vocabulary expressively. The student is expected to:

(A) use print or digital resources to determine meaning and pronunciation of unknown words;

(B) use context within and beyond a sentence to determine the meaning of unfamiliar words;

(C) identify the meaning of and use words with affixes un-, re-, -ly, -er, and -est (comparative and superlative), and -ion/tion/sion; and

(D) identify, use, and explain the meaning of antonyms, synonyms, idioms, and homographs in context.

(4) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--fluency. The student reads grade-level text with fluency and comprehension. The student is expected to use appropriate fluency (rate, accuracy, and prosody) when reading grade-level text.

(5) Developing and sustaining foundational language skills: listening, speaking, reading, writing, and thinking--self-sustained reading. The student reads grade-appropriate texts independently. The student is expected to self-select text and read independently for a sustained period of time.

(6) Comprehension skills: listening, speaking, reading, writing, and thinking using multiple texts. The student uses metacognitive skills to both develop and deepen comprehension of increasingly complex texts. The student is expected to:

(A) establish purpose for reading assigned and self-selected texts;

(B) generate questions about text before, during, and after reading to deepen understanding and gain information;

(C) make and correct or confirm predictions using text features, characteristics of genre, and structures;

(D) create mental images to deepen understanding;
(E) make connections to personal experiences, ideas in other texts, and society;
(F) make inferences and use evidence to support understanding;
(G) evaluate details read to determine key ideas;
(H) synthesize information to create new understanding; and
(I) monitor comprehension and make adjustments such as re-reading, using background knowledge, checking for visual cues, and asking questions when understanding breaks down.

(7) Response skills: listening, speaking, reading, writing, and thinking using multiple texts. The student responds to an increasingly challenging variety of sources that are read, heard, or viewed. The student is expected to:

(A) describe personal connections to a variety of sources;
(B) write brief comments on literary or informational texts that demonstrate an understanding of the text;

(C) use text evidence to support an appropriate response;
(D) retell and paraphrase texts in ways that maintain meaning and logical order;
(E) interact with sources in meaningful ways such as illustrating or writing; and
(F) respond using newly acquired vocabulary as appropriate.

(11) Composition: listening, speaking, reading, writing, and thinking using multiple texts--writing process. The student uses the writing process recursively to compose multiple texts that are legible and uses appropriate conventions. The student is expected to:

(A) plan a first draft by generating ideas for writing such as drawing and brainstorming;

(B) develop drafts into a focused piece of writing by:

(i) organizing with structure; and
(ii) developing an idea with specific and relevant details;

(C) revise drafts by adding, deleting, or rearranging words, phrases, or sentences;

(D) edit drafts using standard English conventions, including:

(i) complete sentences with subject-verb agreement;
(ii) past, present, and future verb tense;
(iii) singular, plural, common, and proper nouns;
(iv) adjectives, including articles;
(v) adverbs that convey time and adverbs that convey place;

- (vi) prepositions and prepositional phrases;
 - (vii) pronouns, including subjective, objective, and possessive cases;
 - (viii) coordinating conjunctions to form compound subjects and predicates;
 - (ix) capitalization of months, days of the week, and the salutation and conclusion of a letter;
 - (x) end punctuation, apostrophes in contractions, and commas with items in a series and in dates;and
 - (xi) correct spelling of words with grade-appropriate orthographic patterns and rules and high-frequency words; and
- (E) publish and share writing.

Prekindergarten Guidelines

Language and Communication

Listening Comprehension Skills

II.A.1.

Child shows understanding by responding appropriately.

II.A.2.

Child shows understanding by following two-step oral directions and usually follows three-step directions.

Child shows understanding by following one to two-step oral directions in English.

II.A.3.

Child shows understanding of the language being spoken by teachers and peers.

Child shows understanding of the new language being spoken by English-speaking teachers and peers.

Speaking (Conversation Skills)

II.B.1.

Child is able to use language for different purposes.

II.B.2.

Child engages in conversations in appropriate ways.

II.B.3.

Child provides appropriate information for various situations.

II.B.4.

Child demonstrates knowledge of verbal conversational rules.

II.B.5.

Child demonstrates knowledge of nonverbal conversational rules.

II.B.6.

Child matches language to social contexts.

Speech Production Skills

II.C.1.

Child's speech is understood by both the teacher and other adults in the school.

II.C.2.

Child perceives differences between similar sounding words.

II.C.3.

Child investigates and demonstrates growing understanding of the sounds and intonation of language.

Child investigates and demonstrates growing understanding of the sounds and intonation of the English language.

Vocabulary Skills

II.D.1.

Child uses a wide variety of words to label and describe people, places, things, and actions.

II.D.2.

Child demonstrates understanding of terms used in the instructional language of the classroom.

II.D.3.

Child demonstrates understanding in a variety of ways or knowing the meaning of 3,000 to 4,000 words*, many more than he or she uses.

Child learning English as a second language comprehends up to 1,000 words (ELL child will comprehend many more words than he or she uses.).

II.D.4.

Child uses a large speaking vocabulary, adding several new words daily.

II.D.5.

Child increases listening vocabulary and begins to develop vocabulary of object names and common phrases.

II.D.6.

Child increases listening vocabulary and begins to develop vocabulary of object names and common phrases in English. (ELL)

Sentences and Structure Skills

II.E.1.

Child typically uses complete sentences of four or more words and grammatical complexity usually with subject, verb, and object order.

II.E.2.

Child uses regular and irregular plurals, regular past tense, personal and possessive pronouns, and subject-verb agreement.

II.E.3.

Child uses sentences with more than one phrase.

II.E.4.

Child combines more than one idea using complex sentences.

II.E.5.

Child combines sentences that give lots of detail, sticks to the topic, and clearly communicates intended meaning.

II.E.6.

Child engages in various forms of nonverbal communication with those

who do not speak her native language.

II.E.7.

Child uses single words and simple phrases to communicate meaning in social situations.

II.E.8.

Child attempts to use new vocabulary and grammar in speech.

Emergent Literacy- Reading Domain

Motivation to Read Skills

III.A.1.

Child engages in pre-reading and reading-related activities.

III.A.2.

Child self-selects books and other written materials to engage in pre-reading behaviors.

III.A.3.

Child recognizes that text has meaning.

Phonological Awareness Skills

III.B.1.

Child separates a normally spoken four-word sentence into individual words.

III.B.2.

Child combines words to make a compound word.

III. B.3.

Child deletes a word from a compound word.

III.B.4.

Child blends syllables into words.

III.B.5.

Child can segment a syllable from a word.

III.B.6.

Child can recognize rhyming words.

III.B.7.

Child can produce a word that begins with the same sound as a given pair of words.

III.B.8.

Child blends onset (initial consonant or consonants) and rime (vowel to end) to form a familiar one-syllable word with and without pictorial support.

III.B.9.

Child recognizes and blends spoken phonemes into one syllable words with pictorial support.

Alphabet Knowledge Skills

III.C.1.

Child names at least 20 upper and at least 20 lower case letters in the language of instruction.

III.C.2.

Child recognizes at least 20 distinct letter sounds in the language of instruction.

III.C.3.

Child produces at least 20 distinct letter sound correspondences in the language of instruction.

Comprehension of Text Read Aloud Skills

III.D.1.

Child retells or re-enacts a story after it is read aloud.

III.D.2.

Child uses information learned from books by describing, relating, categorizing, or comparing and contrasting.

III.D.3.

Child asks and responds to questions relevant to the text read aloud.

III.D.4.

Child will make inferences and predictions about text.

Print Concepts

III.E.1

Child can distinguish between elements of print including letters, words, and pictures.

III.E.2

Child demonstrates understanding of print directionality including left to right and top to bottom.

III.E.3

Child can identify some conventional features of print that communicate meaning including end punctuation and case.

Emergent Literacy- Writing Domain

Motivation to Write Skills

IV.A.1.

Child intentionally uses marks, letters, or symbols to record language and verbally shares meaning.

IV.A.2

Child independently writes to communicate his/her ideas for a variety of purposes.

Writing as a Process

IV.B.1.

Child discusses and contributes ideas for drafts composed in whole/small group writing activities.

IV.B. 2.

Child interacts and provides suggestions to revise (add, take out, change order) and edit (conventions) class-made drafts.

IV. B.3

Child shares and celebrates class-made and individual written products

Conventions in Writing

IV.C.1.

Child writes own name (first name or frequent nickname) using legible letters in proper sequence.

IV. C. 2

Child moves from scribbles to some letter-sound correspondence using beginning and ending sounds when writing.

IV.C.3

Child independently uses letters to make words or parts of words.

IV. C 4.

Child uses appropriate directionality when writing (top to bottom, left to right).

IV.C.5.

Child begins to experiment with punctuation when writing.
