**The MSU Clinical Mental Health and School Counseling programs require at least a B average. Cs are unacceptable, and more than 2 C's will put you in danger of being removed from the program. Please consult the Student Handbook for more information.**

**COVID-19:** Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial

coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

## V. COURSE EXPECTATIONS

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's Code of Ethics (2014). The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

**Online Etiquette:** It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

**Diversity:** It is my intent to present material and activities that are respectful of diversity. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of diversity in this course are encouraged and appreciated.

**Confidentiality:** Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

**Academic Dishonesty:** Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.

**Statement of Disability:** Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes.

If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

**Attendance:** Class attendance is crucial to successful completion of this course since much of the training cannot be learned in textbooks. Therefore, GRADUATE STUDENTS are expected to be on time and to attend every session online and all required face to face classes. Tardiness, leaving early, and absences are considered evidence of lack of dependability, and are taken seriously.

**Late Work:** All papers and assignments must be turned in the day they are due. **No exceptions.** If you have an emergency, please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered **2 points each day.** Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth a considerable number of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly.

Discussions are not accepted after they have closed.

**V. EVALUATION AND ASSIGNMENTS**

**\*\* ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE.**

**Discussion posts: (20 pts.)** Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other peer’s thread. **Discussion boards close on Sundays for this course.** Please mind the due dates, there is NO late work for discussion board posts. Follow directions to get full points each week. **(See Appendix A) KPI 3.A.1., 3.A.4., 3.A.5., 3.A.6., 3.A.8., 3.A.11, 3.B.6., 3.B.8., 5.C.3. 5.C.8., 5.C.9.**

**Advocacy and Ethics Letter: (20 pts.) Please turn into D2L.** Students must email or mail their letters; student must provide verification that they mailed or emailed in their letters. As counselors and agents of social change, we impact the community and the profession in a variety of ways. Our voices and knowledge create change for our profession and for our clients. Two avenues to effect such change include contacting legislative bodies that create laws that affect our profession and clients and/or researching human services for our clients and ourselves. Both opportunities involve education and advocacy. Students write a letter or email related to legislative action. You will need to explore the American Counseling Association (ACA) and/or your state counseling association websites to become aware of the need for various legislative actions. Examples include legislative actions that provide reimbursement for counselors’ services, creating a national counseling compact, Medicare to allow Licensed Professional Counselors (LPCs) to bill, Medicaid to allow Licensed Professional Counselor Associates to bill, private insurance companies to pay Licensed Professional Counselor Associates to get paid for their billed services, and legislature that addresses the massive gap of rural mental health services nationwide. **Students must use resources to back up their choice of legislative actions to use for their letter.** To create a thoughtful and well-informed letter/email, you will need to engage in your own research on the subject and include that information in your letter/email with correct referencing of resources. **Students must cite at least two professional peer-reviewed references of research in the body of your letter, the ACA Ethical Standards, and include a reference page.** You may not use a standard letter that an organization has prepared. This letter/email must be in your own words. In your letter be sure to address the importance of advocacy on the graduate student level, how you plan to be an advocate during your time as a student, and your role as an advocate once you graduate.

Papers should focus on the history, purpose or mission statement, benefits, eligibility requirements, costs, applications, activities, links, uniqueness, and how that organization advocates for individuals struggling with mental health issues. Please include references in your paper. (See Appendix C) **KPI 3.A.4. 3.A.5. 3.A.6.**

**Professional Development Paper: (12 pts.) Please turn into D2L and the TK20 link.** Students will write a professional development paper. This paper should include information on the history of counseling and how the profession came into existence. The paper should also include a reflection on and integration of what you have learned about yourself as a person, student, and future counselor, about the clinical mental health field in general, the role of advocacy in the counseling profession, and about your future plans i.e., what you plan on doing with your degree after graduation. This professional development paper should also include what you think the “best” and “worst” parts of being a counselor will be. Papers must be written in APA 7 formatting. **Papers must be at least 5-6 pages in length not counting your reference page. Students must use at least three references, your textbook counts as one source.** All other sources should be academic articles and textbooks, not websites. (See Appendix D) **KPI 3.A.1.; 3.A.4.; 3.A.5. ; 3.A.11; 3.B.6.; 3.B.8.; 5.C.9.**

**Final Exam (20 pts.):** There will be a final exam testing over the topics covered within chapters one through 10. Students will be able to take the exam twice, with the highest grade being kept. ## VIII. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on student review and retention please refer to the handbook.

**Classroom Behaviors:** Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.
