Course Description

Continuation of SPAN 1134. The language teaching community agrees that learning language and culture are inextricably connected. Thus, this course focuses on developing students' Spanish- language proficiency through modes of communication that reflect real life communication in the varied cultures of the Spanish-speaking world. By employing interpersonal, interpretive and presentational communicative modes in Spanish, students will explore the ideas, values, beliefs and other cultural aspects of Spanish-speaking peoples across the world and how these aspects work together to affect human experience.

Course Objectives/Learning Outcomes/Course Competencies

By the end of the course, students will have developed solid competencies in each of the five goal areas (the five C's): Communication, Cultures, Connections, Comparisons, and Communities. Main objectives include:

1. Ability to comprehend and respond to basic conversational patterns
2. Proficiency and knowledge of basic grammatical structures and terminologies

3. Basic proficiency in reading and writing the language
4. Knowledge of significant cultural practices and historical events from the Spanish-speaking world
5. Ability to use technology for e-mail and research of selected topics in Spanish
6. Ability to use the [VHL Central Supersite](#) for oral and written practice of Spanish

Specific outcomes of the course are the following:

- Talk about daily routines and personal hygiene, reassure someone, tell where you went
- Talk about food, order at a restaurant, discuss familiar people and places
- Talk about celebrations and personal relationships, express congratulations, ask for the bill in a restaurant, express gratitude
- Discuss medical conditions, talk about parts of the body, talk about health and medical visits.
- Talk about using technology and electronics, talk about car trouble, use common expressions on the telephone, say how far away things are
- Welcome people, show people around the house, give instructions
- Describe and illustrate aspects of the cultures of Spanish-speaking countries and make comparisons between these cultures and their own culture(s) using basic linguistic structures and vocabulary in the target language.
- Evaluate their own values, behaviors and worldviews on the socio-cultural topics presented and compare these to those of Spanish-speakers.

Homework

You will have almost daily homework assignments on the [VHL Central Supersite](#). Some of the assignments are for the presentation of vocabulary and/or tutorials for grammar topics. These assignments include written, audio and video activities. The purpose of these assignments is to help you learn the material, so you should use all the VHL resources (vText, vocabulary cards, etc.) to complete these “homework” type activities.

Each assignment is to be completed by **the start of class time on the due date** (see calendar/dashboard in [VHL Central Supersite](#)). Homework completed after the due date will be accepted but with a 5% penalty assessed for each day past the original due date for that assignment. For each lesson in the [VHL Central Supersite](#), an average of all the homework assignments for that lesson will be recorded in the D2L course gradebook. Once the lesson grade has been recorded in the D2L gradebook, no late work will be accepted. These lesson grades contribute 7.5 % to your course grade. You are welcome to work ahead in the online program. Your lowest grade in this category will be dropped at the end of the semester.

Quizzes

Four quizzes based on homework and class work will be given in class. These quizzes will contribute 10% to your course grade. No late work is accepted, and no make/up quizzes are given.

Core Curriculum Assessment

One of the Quizzes will also serve as an assessment of the student’s performance of the core curriculum objectives in the specific context of this course.

The short answer quiz will be based upon a film, article(s) or specific topics that I will assign around the middle of the semester. The film, article(s) or topics will present students with an ethical dilemma or issue for resolution. In their responses, students should demonstrate that they have adequately researched and considered the topic in the framework of the core curriculum objectives.

The core objectives for the Language, Philosophy and Culture Foundational Component Area are addressed in this course according to the following descriptions:

- **Critical Thinking Skills:** Students will demonstrate creative thinking, innovation, inquiry and analysis, evaluation, and synthesis of information.
- **Communication Skills:** Students will demonstrate effective development, interpretation, and expression of ideas through written, oral, and visual communication.
- **Personal Responsibility:** Students will demonstrate the ability to connect choices, actions, and consequences to ethical decision making.
- **Social Responsibility:** Students will demonstrate intercultural competence, knowledge of civic responsibility and the ability to engage effectively in regional, national, and global communities.

In responding to the topic, students must identify their core beliefs and the origins of those core beliefs, recognize the ethical issue(s) presented and the relationships between issues, state a position on the issue(s) and connect their position to implied actions and consequences¹.

Language Lab Quizzes

You will take six listening comprehension quizzes in the World Languages Laboratory in Bea Wood 127/128. The quizzes are based on videos related to the vocabulary, grammar and cultural concepts presented in each lesson. You may preview these videos at the [VHL Central Supersite](#) and you will need to access the site in the Language Laboratory to complete your quizzes.

Please show your MSU Student ID to the lab attendant to receive your quiz. You will receive a quiz and a Scantron. Please do not write on the quiz. After you complete the quiz, please sign out at the lab attendant's desk. Make-up and/or late quizzes are not permitted. Your lowest lab grade will be dropped at the end of the semester. Please note the due dates below. Schedule of Language Lab Hours for fall 2022 will be posted on D2L and in the classroom by the beginning of the second week of classes.

Exams

There are three major exams, one every two lessons. Each exam consists of a multiple choice, matching, and/or true false portion and a written/short answer portion. Each portion is worth approximately 50% of the exam grade. Each major exam contributes 15% to the final course grade. You will be allowed one class period (50 minutes) for each major exam.

Final Exam

The comprehensive final exam covers all materials studied during the course. The exam consists of a multiple choice, matching, and/or true false portion and a written/short answer portion. Each portion is worth approximately 50% of the exam grade. The Final Exam contributes 20% to the final course grade. The Final Exam for this course is scheduled for **Tuesday, May 9, 2023, 10:30 am – 12:30 pm**. The location for the exam will be announced during the last week of classes.

Desire-to-Learn (D2L)

Each student is expected to be familiar with this program as it provides a primary source of communication regarding assignments, examination materials, and general course information. You can log into [D2L](#) through the MSU Homepage. If you experience difficulties, please contact the technicians listed for the program or contact your instructor.

Attendance

You are required to be in class for the entire 50-minute period. Arrive on time. You may be counted absent if you are more than 10 minutes late for class or if you leave class early.

Absences due to official university functions or illness will be dealt with on an individual basis and should be discussed with the instructor outside of class time. There are no "excused" absences from regular class periods and the instructor will take attendance every day. Each absence lowers your attendance grade. The attendance grade is calculated by dividing the number of days that you are in class by the number of days that the course meets. (Example

for 2 absences out of a total of 57 class days: $55/57 = .9649... = 96.49\%$). The attendance grade contributes 5% to the final course grade.

This syllabus serves as notice that you will be dropped from the class without further notification **if you are absent more than six times**. In other words, you will fail the course. If you decide to drop the course, you must follow the university procedure for dropping a course to receive a W. If the instructor drops you, you will receive a WF or F.

Participation

The participation grade contributes 10% to your course grade and is based upon your use of Spanish in the classroom. Don't worry about speaking perfect Spanish. Accuracy will come with practice and repetition.

Instructor Class Policies

Please be polite to your instructor and fellow students. Pay attention to the instructor and to your fellow students when they are speaking. Do not engage your classmates in conversation in English during class.

Please silence your devices during class. Text messaging or the use of non-authorized electronic devices is prohibited. Please speak with your instructor if you have questions.

No food or drinks, except for water, are allowed in our classrooms.

Change of Schedule

A student dropping a course (but not withdrawing from the University) within the first 12 class days of a regular semester or the first four class days of a summer semester is eligible for a 100% refund of applicable tuition and fees. Dates are published in the [Schedule of Classes](#) each semester.

Refund and Repayment Policy

A student who withdraws or is administratively withdrawn from Midwestern State University (MSU) may be eligible to receive a refund for all or a portion of the tuition, fees and room/board charges that were paid to MSU for the semester. HOWEVER, if the student received financial aid (federal/state/institutional grants, loans and/or scholarships), all or a portion of the refund may be returned to the financial aid programs. As described below, two formulas (federal and state) exist in determining the amount of the refund. (Examples of each refund calculation will be made available upon request).

Services for Students with Disabilities

In accordance with Section 504 of the Federal Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, Midwestern State University endeavors to make reasonable accommodations to ensure equal opportunity for qualified persons with disabilities to participate in all educational, social, and recreational programs and activities. After notification of acceptance, students requiring accommodations should make application for such assistance through Disability Support Services, located in the Clark Student Center, Room 168, (940) 397-4140. Current documentation of a disability will be required in order to provide appropriate services, and each request will be individually reviewed.
