**COVID-19:** Scientific data shows that being fully vaccinated is the most effective way to prevent and slow the spread of COVID-19 and has the greatest probability of avoiding serious illness if infected in all age groups. Although MSU Texas is not mandating vaccinations in compliance with Governor Abbott's executive orders, we highly encourage eligible members of our community to get a vaccination. If you have questions or concerns about the vaccine, please contact your primary care physician or health care

professional. Given the recent rise in cases, individuals are also strongly encouraged to wear facial coverings when indoors among groups of people, regardless of vaccination status. Although MSU Texas is not currently requiring facial coverings, they have been an effective strategy in slowing the spread.

## **V. COURSE EXPECTATIONS**

The Clinical Mental Health Counseling Program, its faculty, and its students adhere to the University Code of Conduct, State of Texas licensure laws and regulations, and the American Counseling Association's Code of Ethics (2014). The program has a professional responsibility to ensure that all students display ethical, professional, and personal behaviors that comply with these guidelines. Students are strongly encouraged to review, understand, and consult the [American Counseling Association website](#) for details related to these guidelines.

Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings.

**Online Etiquette:** It is expected that students use formal, professional language when corresponding online. It is expected that you use complete sentences, address one another with respect, follow the American Counseling Association Code of Ethics (2014), and treat all members of the class with respect.

**Diversity:** It is my intent to present material and activities that are respectful of diversity. It is also my intent that students from all perspectives and diverse backgrounds be well-served by this course, that students' learning needs be addressed both in and out of class, and that the diversity that students bring to this class be viewed as a resource, strength, and benefit. Your suggestions about how to improve the value of diversity in this course are encouraged and appreciated.

**Confidentiality:** Upholding confidentiality is a major responsibility of the student. Anything discussed during supervision, online in this class, or shared by individual students about themselves is considered confidential. Please do not share any information shared to you by other students.

**Academic Dishonesty:** Students at Midwestern State University are an essential part of the academic community and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary.

Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Observing or assisting another student's work.
- Multiple Submission - Submitting a substantial portion or the entire same work (including oral presentations) for credit in different classes without permission or knowledge of the instructor.

**Statement of Disability:** Disability Support Services (DSS) provides services to students with disabilities to insure accessibility to university programs. DSS offers information about accommodations and disability, evaluation referral, adaptive technology training and equipment, and interpreter services for academically related purposes.

If you suspect you have a disability that is impacting your academic performance or have been previously documented as a person with a disability, you will need to apply and provide documentation of that disability to the Disability Support Services. This documentation must be supplied by a qualified professional who is licensed or certified to diagnose the disability in question.

The Disability Support Services office is located in Room 168 of the Clark Student Center. If you need assistance, you can also contact them at (940) 397-4140.

**Attendance:** Class attendance is crucial to successful completion of this course since much of the training cannot be learned in textbooks. Therefore, GRADUATE STUDENTS are expected to be on time and to attend every session online and all required face to face classes. Tardiness, leaving early, and absences are considered evidence of lack of dependability, and are taken seriously.

**Late Work:** All papers and assignments must be turned in the day they are due. **No exceptions.** If you have an emergency please let me know in advance, and/or email me your assignment the same day it is due. Any late papers will be lowered **10%**. Late papers can only be turned in before the deadline for the following assignments. Please observe that your assignments are worth a considerable amount of points and skipping even one assignment will most likely significantly lower your grade. Please begin planning your semester schedule accordingly.

## V. EVALUATION AND ASSIGNMENTS

**\*\* ALL WRITTEN ASSIGNMENTS MUST BE SUBMITTED VIA D2L (and some to TK 20) AND ALL WORK MUST BE COMPLETED USING THE LATEST APA EDITION STYLE (7).**

**Online Assignments and Comments: (16 pts.)** Students are required to answer questions or complete assignments regularly related to the weekly reading. Almost every week students will be required to answer questions about the reading or be asked to reflect on a particular topic for that week. Students may also be required to engage in short creative projects instead of questions about the readings. If there is a discussion, students are required to participate and comment on at least one other person’s thread. The assignments and weekly comments are due by Sunday at 11:59 pm at the end of the week, **aside from the final week. Follow** directions to get full points each week. Late work will not be accepted (**See Appendix A**). **1d, 2a, 2d, 3d, 3e, 5h, 5i, 5j, 5k, 6f, and 7e**

**Substance Abuse Counseling Paper: (20 pts.)** Students will write an academic paper on substance abuse counseling. Students must use academic resources including their textbook as well as other academic journal articles. Students must use appropriate in-text citations, and list every source used on their reference page. Students will address the history of substance abuse, theories of substance abuse, models of addiction within substance abuse, counselor role within substance abuse, diversity, attitudes, and assessments, and a personal reflection. Please use the outline located within Appendix B and the template located with D2L for your reflection paper. Remember, all papers need to be written in APA 7 formatting, using appropriate undergraduate level grammar, and academic writing. If you struggle with writing, please use spell check within Microsoft word, and the Grammarly app (**See Appendix B**). **1d, 2a, 2d, 3d, 3e, 5h, and 7e**

**Addiction Group Attendance and Reflection Paper: (20 pts.)** Students will attend an open addiction group. These groups may include Al-Anon, Alcoholics Anonymous (AA), Celebrate Recovery, Narcotics Anonymous (NA), etc. Students will then write a reflection paper on their experience attending the addiction group. Students will introduce the assignment, identify the group observed, give initial thoughts before attending the group, identify the group skills and techniques, community-based resources, and a reflection. Please use the outline located within Appendix C and the template located with D2L for your reflection paper. Remember, all papers need to be written in APA 7 formatting, using appropriate undergraduate level grammar, and academic writing. If you struggle with writing, please use spell check within Microsoft word, and the Grammarly app (See Appendix C). **5k and 6f**

**Abstinence Project Paper: (20 pts.)** This project is designed to help students experience some of the feelings/thoughts that addicted individuals experience when they quit their drug or behavior of choice. This project requires that you give up a substance (e.g., nicotine, caffeine, or alcohol) or a behavior (e.g., Internet use, eating sweets, playing video/computer games, watching television, cell-phone usage) for a period of 4-weeks. For students who have difficulty identifying a substance or behavior, please contact the teaching professor so you can discuss what might be a challenge to give up for this time period. The purpose of this project is to increase empathy for those who are asked to abstain from something desirable. The project does not serve to emulate recovery, but rather to increase empathy and foster insight into the psychological aspects of abstinence. Students should brainstorm positive substitutes for the activity/item/behavior from which they are abstaining. At the end of the 4-weeks, students will turn in a paper that discusses an introduction to the assignment, history of treatment of alcohol and other drugs, the substance or behavior given up, relapse prevention and recovery strategies, a personal reflection of the assignment, and a summary. Please see outline within Appendix D and utilize the template located within D2L. Remember, all papers need to be written in APA 7 formatting, using appropriate undergraduate level grammar, and academic writing. If you struggle with writing, please use spell check within Microsoft word, and the Grammarly app (See Appendix D). **3d, 5h, 5i, 5j, and 5k**

**Final Exam (24 pts.):** Students will complete their final exam on D2L Brightspace. Students may attempt the exam twice with their highest grade being kept. Students will have 120 minutes to take the exam. Students will only be able to access the exam while it is open, there is NO late work for final exams (See Appendix E). **1d, 2a, 2d, 3d, 3e, 5h, 5i, 5j, 5k, 6f, and 7e**

## VIII. DEPARTMENT OF COUNSELING STATEMENT OF EXPECTATIONS

The counselor education program is charged with the dual task of nurturing the development of counselors-in-training and ensuring quality client care. In order to fulfill these dual responsibilities, faculty must evaluate students based on their academic, professional, and personal qualities. A student's progress in the program may be interrupted for failure to comply with academic standards or if a student's interpersonal or emotional status interferes with training-related requirements. For example, in order to ensure proper training and client care, a counselor-in-training must abide by relevant ethical codes and demonstrate professional knowledge, technical and interpersonal skills, professional attitudes, and professional character. These factors are evaluated based on one's academic performance and one's ability to convey warmth, genuineness, respect, and empathy in interactions with clients, classmates, staff, and faculty. Students should demonstrate the ability to accept and integrate feedback, be aware of their impact on others, accept personal responsibility, and be able to express feelings effectively and appropriately. For further clarification on student review and retention please refer to the handbook.

**Classroom Behaviors:** Department of Counseling students are expected to demonstrate appropriate classroom behavior, consistent with their counselor-in-training roles. Counselors-in-training are expected to convey attentiveness and respect in all professional and classroom settings. Specifically, these include:

- Avoiding tardiness and late arrival to class.
- Being attentive and participative in class and online.
- Not using cell phones and text messaging during class.
- Not surfing the web, emailing, tweeting, or using instant messaging (IM) during class.
- Minimizing eating and disruptive snacking during class.
- Avoiding personal conversations with students during class, which are disruptive to fellow students and the learning environment.
